ESG Policy

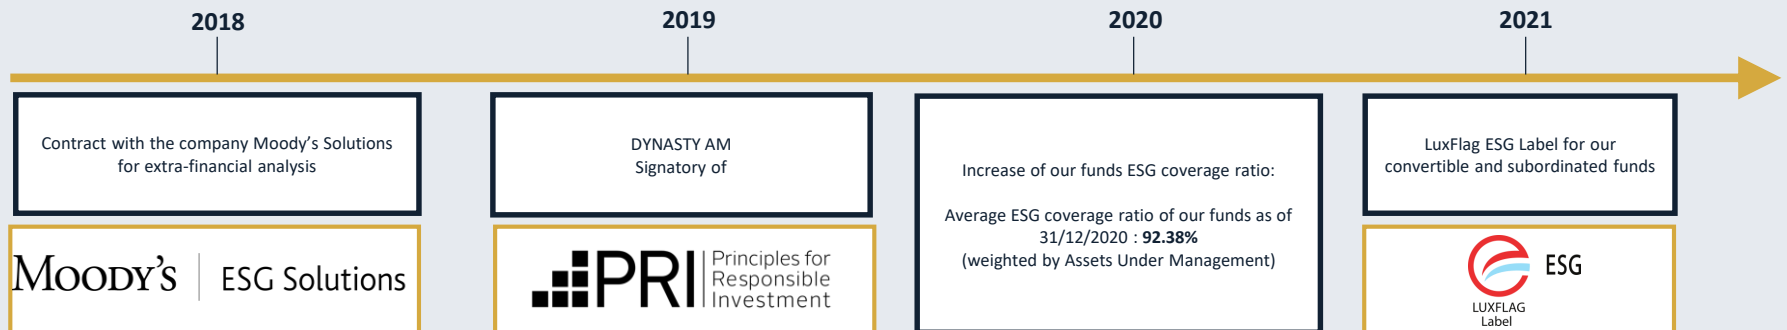

Dynasty AM S.A.'s **ESG (Environment, Social and Governance)** philosophy is based on the principle that there is a positive correlation between taking into account extra-financial criteria and generation of added value. Objectives established by the working group were determined using the PRI Principles:

Dynasty AM Goals

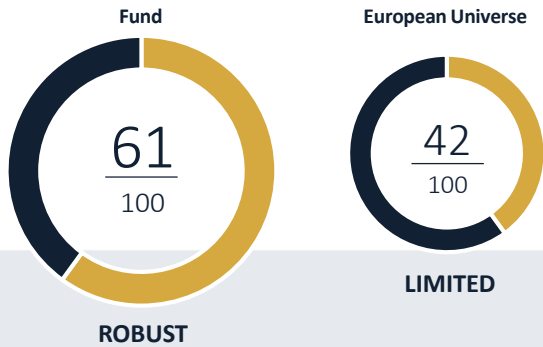

- ➔ **Integrate** ESG criteria into our investment process
- ➔ **Awareness and Training** of our internal teams
- ➔ **Transparency and Reporting** of ESG criteria integration
- ➔ **Promote** ESG criteria through our sales force

Controversies are analyzed along three axes

- (1) The **severity** of the controversy : having an accidental minor oil spill is a controversial event, but we think it is less impacting than being directly involved in the employment of children or the production of cluster munition. There are 4 categories of severity of controversies: minor, significant, high, critical
- (2) The **frequency** of the controversy is the event isolated, occasional, frequent or persistent. Is it thus a one-off event or can it be considered business behavior of the company
- (3) The **responsiveness** of the company to the controversy in question. Has the company been proactive in its communication, or do they prefer the silent approach. There are 4 categories of responsiveness: proactive, remediative, reactive or non communicative

We associated each **principle** to a specific **analysis' criteria**:

- Principle 1 and 2: Human Rights → Fundamental Human Rights
- Principle 3: Human Resources → Social Dialogue
- Principle 4 and 5: Human Rights → Child and Forced Labour
- Principle 6: Human Rights → Non-Discrimination
- Principle 7 and 8: Environment → Environmental Strategy
- Principle 9: Environment → Use and Disposal of Products
- Principle 10: Business Behavior → Corruption

If a company has a **controversy** linked to one of these criteria and the status of the controversy in question is considered “**Critical**”, an **engagement process** shall be undertaken with companies.

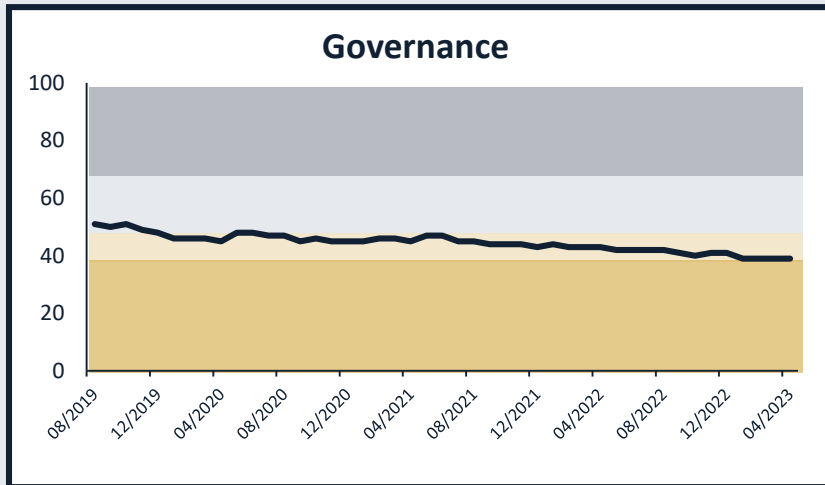

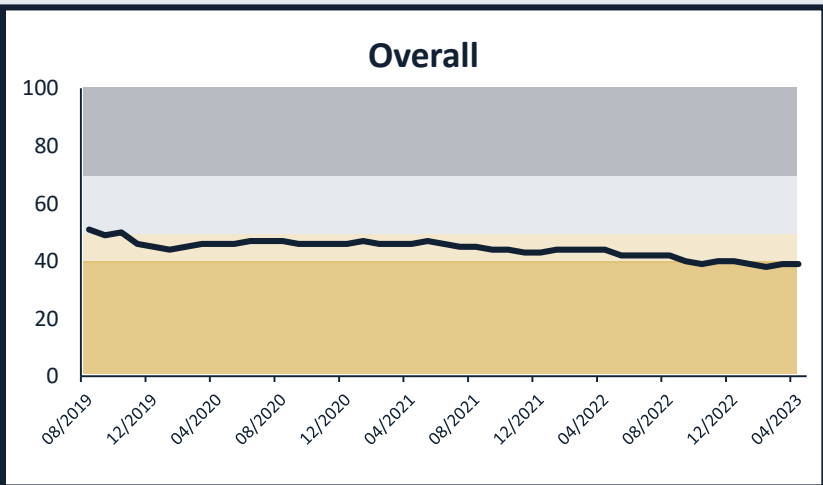

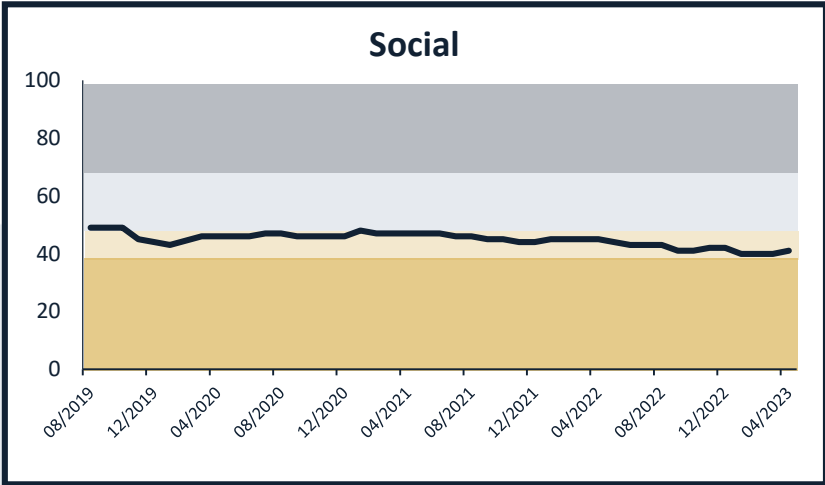

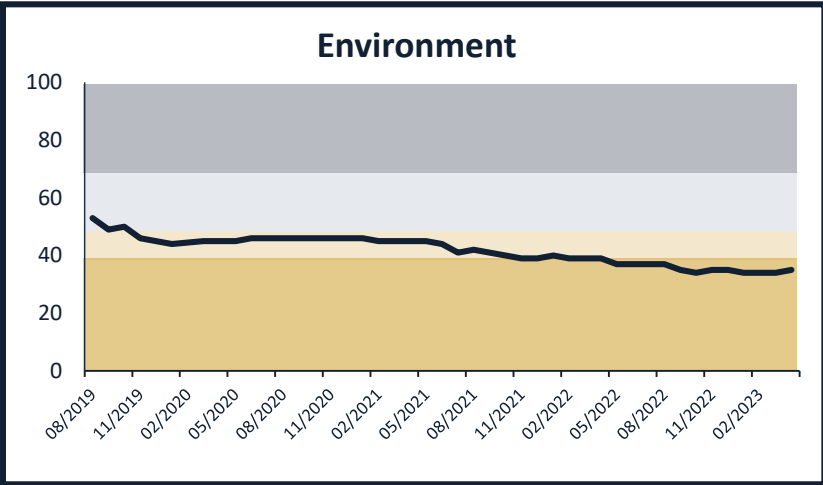

If this engagement does not lead to the desired change in a period of **2 years** from the **start** of this engagement, the company will join our **Global Compact Exclusion List**.
