Prospectus

July 2025

DYNASTY SICAV IS AN UMBRELLA FUND COMPOSED OF SUB-FUNDS. SUBSCRIPTION TO THE COMPANY'S SHARES CAN ONLY BE VALIDLY MADE ON THE BASIS OF THE INFORMATION CONTAINED IN THE CURRENT PROSPECTUS ACCOMPANIED BY A COPY OF THE LATEST ANNUAL REPORT AS WELL AS THE LATEST SEMI-ANNUAL REPORT IF THIS IS PUBLISHED AFTER THE LAST ANNUAL REPORT. NO PERSON IS AUTHORISED TO GIVE TO THIRD PARTIES ANY INFORMATION OTHER THAN THAT CONTAINED IN THIS PROSPECTUS OR THE DOCUMENTS MENTIONED HEREIN.

DYNASTY SICAV
société d'investissement à capital variable

33A, Avenue J.F. Kennedy
L - 1855 Luxembourg
Grand Duchy of Luxembourg
Luxembourg R.C.S.: B 188656

IMPORTANT INFORMATION

If you are in any doubt about the contents of this prospectus (the "Prospectus"), you should consult your stockbroker, bank manager, lawyer, accountant or other financial advisor. No person is authorised to give any information other than that contained in this Prospectus, or any of the documents referred to herein that are available for public inspection at the registered office of DYNASTY SICAV.

- **DYNASTY SICAV** (the "**Company**") is an undertaking for collective investment in transferable securities (a "**UCITS**"), incorporated under the laws of the Grand Duchy of Luxembourg as an investment company with variable capital (*société d'investissement à capital variable*) for the purpose of the Directive 2009/65/EC. The Company is registered in the Grand Duchy of Luxembourg pursuant to Part I of the Luxembourg law of 17 December 2010 on collective investment undertakings, as amended (*loi relative aux organismes de placement collectif*) (the "**Law of 2010**"). However, such registration does not imply a positive assessment by the supervisory authority of the contents of this Prospectus or of the quality of the shares (the "**Shares**") offered for sale. Any representation to the contrary is unauthorised and unlawful.
- This Prospectus does not constitute an offer to anyone or solicitation by anyone in any jurisdiction in which such an offer or solicitation is unlawful or in which the person making such an offer or solicitation is not qualified to do so.
- Any information given by any person not mentioned in this Prospectus should be regarded as unauthorised. The information contained in this Prospectus is considered to be accurate at the date of its publication. To reflect material changes, this Prospectus may be updated from time to time and potential subscribers should enquire of the Company as to the issue of any later Prospectus.
- The distribution of this Prospectus and the offering of the Shares may be restricted in certain jurisdictions. It is the responsibility of any persons in possession of this Prospectus and any persons wishing to subscribe for Shares pursuant to this Prospectus to inform themselves of, and to observe, all applicable laws and regulations of any

relevant jurisdictions. Potential subscribers or purchasers of Shares should inform themselves as to the possible tax consequences, the legal requirements and any foreign exchange restrictions or exchange control requirements which they might encounter under the laws of the countries of their citizenship, residence or domicile and which might be relevant to the subscription, purchase, holding or sale of Shares.

- **The Company represents and warrants that its Shares will not be offered, sold or delivered to US investors. US investors for this purpose are defined as (i) citizens or residents of the United States, or other persons or entities whose income is subject to US federal income tax regardless of source or (ii) that are considered to be US persons pursuant to regulation S of the US Securities Act of 1933 and/or (iii) the US Commodity Exchange Act, as amended.**
- The term "US Person" is defined as any person who:
 - (i) is a United States person within the meaning of Section 7701(a)(30) of the US Internal Revenue Code of 1986, as amended, and the Treasury Regulations promulgated thereunder;
 - (ii) is a US person within the meaning of Regulation S under the US Securities Act of 1933 (17 CFR § 230.902(k));
 - (iii) is not a Non-United States person within the meaning of Rule 4.7 of the US Commodity Futures Trading Commission Regulations (17 CFR § 4.7(a)(1)(iv));
 - (iv) is in the United States within the meaning of Rule 202(a)(30)-1 under the US Investment Advisers Act of 1940, as amended; or
 - (v) any trust, entity or other structure formed for the purpose of allowing US Persons to invest in the Company.
- Subscriptions for Shares can be accepted only on the basis of the current Prospectus. The Company will produce an annual report (the "**Annual Report**") containing the audited accounts. In addition, unaudited semi-annual consolidated reports (a "**Semi-Annual Report(s)**") are also made available at such registered office within two (2) months after 30 June. The annual and semi-annual reports are also available on the Company's web site (<https://www.dynasty-am.lu>). These reports in their latest version will form an integral part of the Prospectus.
- The Company draws the investors' attention to the fact that any investor will only be able to fully exercise his investor rights directly against the Company, notably the right to participate in general Shareholders' meetings, if the investor is registered himself and in his own name in the Shareholders' register of the Company. In cases where an investor invests in the Company through an intermediary investing into the Company in his own name but on behalf of the investor, (i) it may not always be possible for the investor to exercise certain Shareholder rights directly against the Company and (ii) investors' rights to indemnification in the event of errors / non-compliance within the meaning of CSSF Circular 24/856 may be impacted. Investors are advised to take advice on their rights.

- **Information relating to Sub-Funds which promote environmental and/or social characteristics or which have a sustainable investment objectives is provided in Appendix E in accordance with Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector ("SFDR") and Commission Delegated Regulation (EU) 2022/1288.**

2. GLOSSARY OF TERMS

"Administrative Agent"	Northern Trust Global Services SE, having its registered office at 10, rue du Château d'Eau, L-3364 Leudelange, Grand Duchy of Luxembourg.
"Advisor"	any investment advisor appointed by the Management Company from time to time.
"Articles" or "Articles of Incorporation"	the articles of incorporation of the Company, as supplemented or amended from time to time.
"Auditor"	Ernst & Young S.A., having its registered office at 35E, Avenue J.F. Kennedy, L-1855 Luxembourg, Grand Duchy of Luxembourg.
"Benchmark Regulation"	Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds.
"Business Day"	any working day in Luxembourg when the banks are open for business.
"China H-Shares"	equity securities of Chinese companies listed and traded in Hong Kong Stock Exchange or other foreign exchanges.
"Circular 11/512"	CSSF Circular 11/512 as of 30 May 2011 that provides an overview of the main changes to the regulatory framework relating to UCITS risk management in light of CSSF Regulation 10-4 and the publication by ESMA of a number of documents on risk management.
"Circular 14/592"	CSSF Circular 14/592 as of 30 September 2014 regarding ESMA guidelines on ETFs and other UCITS issues.
"Circular 18/698"	CSSF Circular 18/698 as of 23 August 2018 that provides an overview of the authorisation and organisation of the investment fund managers incorporated under Luxembourg law.
"Class"	each class of shares within a Sub-Fund.
"Company"	DYNASTY SICAV, which term shall include any Sub-Fund from time to time thereof.
"Depositary Bank"	UBS Europe SE, Luxembourg Branch, having its registered office at 33A, avenue J.F. Kennedy, L-1855 Luxembourg, Grand Duchy of Luxembourg.

"Directive 2009/65/EC"	Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS), as amended.
"Directors" or "Board of Directors"	the board of directors of the Company.
"Distributor"	the Management Company or any distributor appointed by the Management Company from time to time.
"EU"	European Union.
"Euro", "€" or "EUR"	legal currency of the European Monetary Union.
"ESMA"	the European Securities and Markets Authority.
"FATF State"	such country (as shall be reviewed and) deemed from time to time by the FATF to comply with the FATF regulations and criteria necessary to become a member country of FATF and to have acceptable standards of anti-money laundering legislation.
"High Yield"	Securities rated below BBB- (by Standard & Poor's) and/or Baa (by Moody's) express gradually a higher risk and correspond to the class of risk "High Yield".
"Investment Manager"	any investment manager appointed by the Management Company from time to time.
"KID"	the key information document.
"Law of 2010"	the Luxembourg law of 17 December 2010 on undertakings for collective investment, as amended from time to time.
"Management Company"	Dynasty AM S.A.
"Member State"	a member state of the European Union.
"Mémorial"	the <i>Mémorial C, Recueil des Sociétés et Associations</i> .
"Money Market Instruments"	means instruments normally dealt in on the money market which are liquid and have a value which can be accurately determined at any time.
"Moody's"	a European credit rating agency registered in accordance with Regulation (EC) N° 1060/2009 of the European Parliament and of the Council of 16.09.2009 on credit rating agencies (the CRA Regulation).
"Net Asset Value" or "NAV"	has the meaning ascribed to that term in Appendix C.
"OECD"	Organisation for Economic Co-operation and Development.

"Other Regulated Market"	market which is regulated, operates regularly and is recognized and open to the public, namely a market: 1) that meets the following cumulative criteria: liquidity, multilateral order matching (general matching of bid and ask prices in order to establish a single price) and transparency (the circulation of complete information in order to give clients the possibility of tracking trades, thereby ensuring that their orders are executed on current conditions); 2) on which the securities are dealt in at a certain fixed frequency; a) which is recognized by a state or by a public authority which has been delegated by that state or by another entity which is recognized by that state or by that public authority such as a professional association; and b) on which the securities dealt are accessible to the public.
"Paying Agent"	UBS Europe SE, Luxembourg Branch, having its registered office at 33A, avenue J.F. Kennedy, L-1855 Luxembourg, Grand Duchy of Luxembourg.
"Prospectus"	the present Prospectus, as may be supplemented or amended from time to time.
"Redemption Price"	has the meaning ascribed to that term under section headed "Redemption of Shares".
"Reference Currency"	the currency of denomination of a Sub-Fund.
"Registrar and Transfer Agent"	Northern Trust Global Services SE, having its registered office at 10, rue du Château d'Eau, L-3364 Leudelange, Grand Duchy of Luxembourg.
"Regulated Market"	a regulated market within the meaning of Article 4 point 1. (21) of Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments, as amended, and any other market in any state which is regulated, operates regularly and is recognised and open to the public.
"Regulatory Authority" or "CSSF"	means the <i>Commission de Surveillance du Secteur Financier</i> (the Commission for the Supervision of the Financial Sector).
"RESA"	<i>Recueil électronique des sociétés et associations.</i>
"Shareholder"	a holder of Shares.
"SICAV"	a <i>société d'investissement à capital variable</i> .

"Standard & Poor's"	a European credit rating agency registered in accordance with Regulation (EC) N° 1060/2009 of the European Parliament and of the Council of 16.09.2009 on credit rating agencies (the CRA Regulation).
"Subscription Form"	means the subscription form indicating a subscriber's subscription for shares.
"Sub-Fund"	each sub-fund of the Company.
"Subscription Price"	has the meaning ascribed to that term under section "Subscription for Shares".
"Transferable Securities"	shall mean transferable securities within the meaning of the Directive 2009/65/EC including in particular: a) shares and other securities equivalent to shares, b) bonds and other forms of securitised debt, c) any other negotiable securities which carry the right to acquire any such transferable securities by subscription or exchange, excluding techniques and instruments relating to transferable securities and money market instruments.
"UCI(s)"	an Undertaking for Collective Investment which has as its sole object the collective investment in transferable securities and/or other liquid financial assets of capital raised from the public and which operates on the principle of risk spreading and the units/shares of which are at the request of holders repurchased or redeemed directly or indirectly out of those undertakings' assets provided that action taken to ensure that the stock exchange value of such units/shares does not significantly vary shall be regarded as equivalent to such repurchase or redemption.
"UCITS"	an Undertaking for Collective Investment in Transferable Securities within the meaning of the Directive 2009/65/EC.
"Valuation Day"	the Business Day on which the Net Asset Value of a Sub-Fund is calculated, as determined for each Sub-Fund in Appendix D.
"VaR"	statistical approach that enables accurate risk monitoring but under no circumstances guarantees a minimum performance.

3. INVESTMENT OBJECTIVE AND POLICIES

3.1 Investment objective

The main objective of the Company is to provide the investors with a choice of professionally managed Sub-Funds investing in a wide range of transferable securities, most of them being quoted on one or several official stock exchanges and/or other liquid financial assets permitted by law in order to achieve an optimum return from capital invested, while reducing investment risk through diversification.

3.2 Investment Policies

The investment objective and policy of the Sub-Fund(s) is described in Appendix D. The Sub-Funds are managed in accordance with the investment restrictions specified in Appendix A and the special investment and hedging techniques and instruments specified in Appendix B. In general, investments are made on markets operating regularly, recognised and open to the public. Use of derivatives may be made on an ancillary basis for hedging purposes and to reduce tracking error with benchmark.

The Directors may decide to create further Sub-Funds with different investment objectives, and in such cases, this Prospectus will be updated accordingly. The Directors shall maintain for each Sub-Fund a separate portfolio of assets.

4. RISK FACTORS

4.1 Non-exhaustive summary of the various types of investment risk that may be applicable to the Sub-Funds.

4.2 General Risk Factors

Shareholders should understand that all investments involve risk and there can be no guarantee against loss resulting from an investment in any Sub-Fund, nor can there be any assurance that the Sub-Funds' investment objective will be attained. The Management Company may not guarantee the performance or any future return of the Company or any of its Sub-Funds.

Past performance is not a guide to future returns. Charges also affect what Shareholders will get back and the amount returned may be less than the original investment.

The value of Shareholders' investment and any income received from it may go down as well as up.

Tax laws may change in future.

The charges on Sub-Funds may be increased in the future.

Sub-Funds that invest in a small number of stocks or in certain overseas markets may be subject to increased risk and volatility.

Inflation reduces the buying power of Shareholder's investment and income.

4.3 Exchange Rates

The Reference Currency of each Sub-Fund, i.e. the currency in which each Sub-Fund is denominated, as set out in Appendix D is not necessarily the investment currency of the Sub-Fund concerned. Investments are made in those currencies that are expected to best benefit the performance of the Sub-Funds in the view of the Management Company.

The reference currency of the Company is the Euro (EUR) and it may be hedged or not against the currencies of the investments.

Changes in foreign currency exchange rates will affect the value of Shares held in the Sub-Funds.

Shareholders investing in a Sub-Fund other than in its Reference Currency should be aware that exchange rate fluctuations could cause the value of their investment to diminish or increase.

There can be no assurance that the hedging employed will fully eliminate the exchange rate exposure to the Denomination Currency. Hedging of foreign exchange risk will depend on market circumstances and the assets under management of a given Sub-Fund.

4.4 Hedging of Classes of Shares

Given that there is no segregation of liabilities between Classes of Shares, there may be a remote risk that, under certain circumstances, currency hedging transactions in relation to one Class of Shares could result in liabilities which might affect the Net Asset Value of the other Classes of Shares of the same Sub-Fund.

4.5 Market and sector risk

While investments in sector-specific securities offer the potential for high returns, they also present corresponding risks. These risks include both general market risks and the specific risks of the relevant business sector. The respective markets may to some extent be subject to significant price fluctuations and reduced liquidity.

The price or market trend of financial products is primarily dependent on developments in the capital markets and the economic performance of issuers, which in turn are influenced by the general state of the global economy and by economic and political

conditions in the various countries. Particularly on a stock exchange, irrational factors such as sentiment, opinions and rumours can also have an impact on general price movements.

4.6 "High Yield" Debt Securities

Investments in "High Yield" debt securities involve special considerations and risks, including the risks associated with international investing generally, such as currency fluctuations, the risks of investing in countries with smaller capital markets, limited liquidity, price volatility and restrictions on foreign investment, and the risks associated with less developed economies, including high inflation and interest rates, large amounts of external debt and political and social uncertainties.

4.7 Country or transfer risk

Country risk occurs when a foreign borrower, despite its solvency, cannot fulfil its obligations or cannot do so within the required deadline due to an inability or unwillingness on the part of its country of domicile to transfer the funds.

In this case, payments to which the fund has a claim may not arrive or may be made in a currency which is no longer convertible due to foreign exchange restrictions.

Furthermore, investment of the Company's assets in securities of companies in developing countries is subject to additional risks due to government intervention and unpredictable political upheavals that may influence the free transfer of currencies. Limited access to information and less stringent public supervision and control of these securities markets create additional risks.

4.8 Default risk

The default of an issuer or counterparty can lead to losses for the Company. The issuer risk refers to the impact of the specific situation of the issuer concerned, which influences the price of a security alongside the general situation of the capital markets. Even the careful selection of securities can never eliminate the risk that losses can be incurred due to the bankruptcy of issuers.

The counterparty risk refers to the risk that one party to a contract will partially or completely default on the other party's claim. This applies to all contracts which are concluded on behalf of a Sub-Fund.

4.9 Concentration risk

Further risks may arise from a concentration of investments in particular assets or markets. In this case the relevant Sub-Fund is particularly heavily dependent on the performance of these assets or markets.

4.10 Increased volatility

Some Sub-Funds can experience increased volatility due to their permissible investment universe, their composition and the use of derivative instruments, i.e. the Net Asset Value can be subject to considerable fluctuations both upwards and downwards within short periods.

4.11 Swaps

In a standard swap transaction, two parties agree to exchange the returns (or differentials in rates of return) earned or realised on a particular pre-determined investments or instruments.

Swap contracts can be individually traded and structured to include exposure to different types of investment or market factors. Depending on their structure, these swap operations can increase or decrease the exposure of the Company to strategies, shares, short- or long-term interest rates, foreign currency values, borrowing rates or other factors. Swaps can be of different forms, and are known under different names; they can increase or decrease the overall volatility of the Company, depending on how they are used. The main factor that determines the performance of a swap contract is the movement in the price of the underlying investment, specific interest rates, currencies and other factors used to calculate the payment due by and to the counterparty. If a swap contract requires payment by the Company, the latter must at all times be able to honour said payment. Moreover, if the counterparty loses its creditworthiness, the value of the swap contract entered into with this counterparty can be expected to fall, entailing potential losses for the Company.

4.12 Legal and tax risk

The legal and tax treatment of investment funds may be subject to unexpected and unavoidable changes.

4.13 Change in investment policy

A change in the investment policy within the investment universe permitted for the Company may alter the risk level associated with the Company.

4.14 Amendment of contractual conditions

The Company reserves the right to amend contractual conditions applicable to it. Moreover, in accordance with the contractual conditions, the Company may dissolve individual Sub-Funds. Investors may therefore not be in a position to hold their investment for the initially planned period of time.

4.15 Risk of suspension of redemptions

In general investors can request the redemption of their shares on any day on which a valuation is carried out. However, in exceptional circumstances, the Company may suspend the redemption of shares temporarily and only redeem the shares at a later date at the price prevailing at that time. This price may be lower than that prevailing before the suspension of redemptions.

4.16 Emerging markets

Investments in emerging markets may be subject to greater risks than investments in well developed markets, as a result of a number of factors, including potentially significant legal and political risks. Such factors may include greater risk of market shutdown, substantial governmental involvement in the economy including in the private economic sector, less complete and reliable official data, lower level of regulations, enforcement of regulations, and monitoring of the financial sector (including trade settlement of assets registration) and, in some cases, greater volatility, greater liquidity risks, greater unpredictability and higher risk of civil or international conflict. Emerging markets may also be exposed to greater political and economic risks, such as the possibility of nationalisation, expropriation, political changes, social instability or other developments which could adversely affect the economies of such nations or the foreign exchange rates. Some emerging markets may also impose different capital gain taxes on foreign investors, in addition to withholding taxes on investment income.

4.17 Distressed Strategies

Some Sub-Funds can invest to some extent in securities of issuers in weak financial condition, experiencing poor operating results, having substantial financial needs or negative net worth, facing special competitive or product obsolescence problems, or issuers that are involved in bankruptcy or reorganisation proceedings. Investments of this type involve substantial financial business risks that can result in substantial or total losses although they also may offer the potential for correspondingly high returns. Among the problems involved in investments in troubled issuers is the fact that information as to the conditions of such issuers may be limited, thereby reducing the Management Company's ability to monitor the performance and to evaluate the advisability of continued investments in specific situations. The market prices of such securities are also subject to abrupt and erratic market movements and above-average price volatility, and the spread between the bid and ask prices of such securities may be greater than normally expected. It may take a number of years for the market price of such securities to reflect their intrinsic value.

4.18 Convertible securities

Convertible securities are bonds, debentures, notes, preferred stocks or other securities that may be converted into or exchanged for a specified amount of common stock of the same or different issuer within a particular period of time at a specified price or formula.

Convertible securities combine investment characteristics and risks of equities and bonds. Depending on the value of the underlying stock, the convertible security will behave more like a stock or like a bond.

When the price of the underlying stock exceeds the conversion price, the convertible security generally behaves more like a stock and will be more sensitive to changes in equity securities. When the price of the underlying stock is lower than the conversion price, the convertible security generally behaves more like a bond and will be more sensitive to changes in interest rates and in credit spreads.

Given the benefit provided by the potential conversion, convertible securities generally offer lower yields than non-convertible securities of similar quality.

They also can be of lower credit quality and tend to be less liquid than traditional non-convertible securities. Lower credit quality debt securities are generally subject to greater market, credit and default risk compared to more highly rated securities.

4.19 Hybrid securities

Hybrid securities are those that, like convertible securities described above, combine both debt and equity characteristics. Hybrids may be issued by corporate entities (referred to as corporate hybrids) or by financial institutions (commonly referred as contingent convertible bonds or "Cocos"). Hybrid securities are subordinated instruments that generally fall in the capital structure between equity and other subordinated debt, i.e. such securities will be the most junior securities above equity. Such securities will generally have a long maturity and may even be perpetual in nature. Coupon payments may be discretionary and as such may be cancelled by the issuer at any point, for any reason, and for any length of time. The cancellation of coupon payments may not amount to an event of default. Hybrid securities are callable at pre-determined levels. It cannot be assumed that hybrid securities, including perpetual securities, will be called on the call date. The investor may not receive return of principal on a given call date or on any date.

4.20 **Contingent convertible securities**

Contingent convertible debt securities are bonds issued by companies, which convert into shares in the company when certain capital conditions are met and are subject to the following risks.

Trigger levels and conversion risk

Contingent convertible debt securities are complex financial instruments in respect of which trigger levels and conversion risk, depending on the distance of the capital ratio to the trigger level, differ. It might be difficult for the Investment Manager to anticipate the triggering events that would require the debt to convert into equity and to assess how the securities will behave upon conversion. In case of conversion into equity, the Investment Manager might be forced to sell these new equity shares because the investment policy of the Sub-Fund does not allow equity in its portfolio. This forced sale may itself lead to liquidity issue for these shares.

Unknown and yield risk

The structure of the contingent convertible debt securities is innovative yet untested. Investors have been drawn to this instrument as a result of its often attractive yield which may be viewed as a complexity premium. Yield has been a primary reason this asset class has attracted strong demand, yet it remains unclear whether investors have fully considered the underlying risks. Relative to more highly rated debt issues of the same issuer or similarly rated debt issues of other issuers, contingent convertible debt securities tend to compare favourably from a yield standpoint. The concern is whether investors have fully considered the risk of conversion or, for AT1 contingent convertible debt securities, coupon cancellation.

Write-down, capital structure inversion and industry concentration risk

The investment in contingent convertible debt securities may also result in a material loss. In this event, should a contingent convertible debt security undergo a write-down, the contingent convertible debt securities' investors may lose some or all of its original investment. Contrary to classical capital hierarchy, contingent convertible debt securities' investors may suffer a loss of capital when equity holders do not.

To the extent that the investments are concentrated in a particular industry, the contingent convertible debt securities' investors will be susceptible to loss due to adverse occurrences affecting that industry.

Call extension risk

Contingent convertible debt securities are issued as perpetual instruments, callable at pre-determined levels only with the approval of the competent authority.

Coupon cancellation risk

For some Contingent Convertible Debt Securities, coupon payments are entirely discretionary and may be cancelled by the issuer at any point, for any reason and for any length of time.

Liquidity risk

In certain circumstances finding a ready buyer for contingent convertible debt securities may be difficult and the seller may have to accept a significant discount to the expected value of the bond in order to sell it.

4.21 Unrated bonds

Certain Sub-Funds may invest in debt securities which do not have a rating issued by an independent rating agency. In such instances, the credit worthiness of such securities will be determined by the Management Company as at the time of investment.

Investment in an unrated debt security will be subject to those risks of a rated debt security of comparable quality. For example, an unrated debt security of comparable quality to a debt security rated below investment grade will be subject to the same risks as a below investment grade rated security.

4.22 Warrants

When a Sub-Fund invests in warrants, the price, performance and liquidity of such warrants are typically linked to the underlying stock. However, the price, performance and liquidity of such warrants will generally fluctuate more than the underlying securities because of the greater volatility of the warrants market. In addition to the market risk related to the volatility of warrants, a Sub-Fund investing in synthetic warrants, where the issuer of the synthetic warrant is different to that of the underlying stock, is subject to the risk that the issuer of the synthetic warrant will not perform its obligations under the transactions which may result in the Sub-Fund, and ultimately its Shareholders, suffering a loss.

4.23 Equity

A Sub-Fund may invest directly or indirectly in equity securities. Investing in equity securities may offer a higher rate of return than those investing in short term and longer term debt securities. However, the risks associated with investments in equity securities may also be higher, because the investment performance of equity securities depends upon factors which are difficult to predict. As a result, the market value of the equity securities that it invests in may go down as well as up. Factors affecting the equity securities are numerous, including but not limited to changes in investment sentiment, political environment, economic environment, and the business and social conditions

in local and global marketplace. Securities exchanges typically have the right to suspend or limit trading in any security traded on the relevant exchange; a suspension will render it impossible to liquidate positions and can thereby expose the relevant Sub-Fund to losses.

4.24 Depositary receipts

Depositary receipts are instruments in the form of share certificates in a portfolio of shares held in the country of domicile of the issuer. The legal owner of shares underlying the depositary receipts is the custodian bank, who at the same time is the issuing agent of the depositary receipts. There is a risk that the jurisdiction of issuance of the depositary receipts or the jurisdiction to which the custodian agreement is subject does not recognise the purchaser of the depositary receipts as the actual beneficial owner of the underlying shares. Therefore, in the event that the custodian bank becomes insolvent or that enforcement measures are taken against such a custodian bank, it may not be possible to exempt the relevant shares from the assets of the custodian bank subject to the insolvency proceedings and the holders of the relevant depositary receipts may end up being treated as unsecured creditors of the custodian bank or their rights to the assets of the custodian bank may not be recognised at all, as part of such proceedings. In such circumstances, any amount realised by the holder of the relevant depositary receipts may be significantly below their original value.

4.25 Sustainability risks

Sustainability risks are defined as an environmental, social, or governance (ESG) event or condition that, if it occurs, could potentially or actually cause a material negative impact on the value of a Sub-Fund's investment. Sustainability risks can either represent a risk of their own or have an impact on other risks and may contribute significantly to risks, such as market risks, operational risks, liquidity risks or counterparty risks. Assessment of sustainability risks is complex and is based on environmental, social, or governance data which may be difficult to obtain and incomplete, estimated, out of date or otherwise materially inaccurate. Even when identified, there can be no guarantee that these data will be correctly assessed.

Sustainability risks are identified, managed and monitored in the Management Company's risk management procedure.

The Management Company integrates sustainability risks in its company-wide investment process and standard research framework and is a signatory of the United Nation's PRI.

The Management Company's integration of sustainability risks in the investment decision-making and portfolio construction process is reflected in its ESG policy and its investment processes.

The Management Company's standard financial analyses framework tries to take into account all information which might have a material impact on the Company's investments and is therefore divided into a classical financial analyses of the possible investment complemented with an analyses of extra financial criteria included but potentially not limited to Environmental, Social and Governance issues.

This complementary analyses may be based on the data, models and analyses provided by an external provider and may be complemented and/or adapted by our own views and analyses. On the basis of this financial and extra financial analyses the investment will be considered taking into account all risks and benefits for the portfolio in the achievement of its investment objective. No possible investment shall on the basis of this extra financial analyses be de facto excluded.

More information on the ESG policy may be obtained from www.dynasty-am.lu.

The Management Company considers that sustainability risks might have potentially limited negative impact on the value of the Company's investments in the medium to long term.

The Sub-Funds **Dynasty Euro Yield, Dynasty Bond Euro Short Term, Unique Liquid Alternatives Fund, Dynasty Chahine Capital High Yield 2028, Dynasty Global Income Opportunities, Createrra Multi Assets Index Fund and Createrra Progress World Equities** do not promote environmental or social characteristics, and do not have as objective sustainable investment (as provided by Articles 8 or 9 of SFDR). The investments underlying these Sub-Funds do not take into account the EU criteria for environmentally sustainable economic activities.

The Sub-Funds **Dynasty Convertibles Europe, Dynasty Global Convertibles and Dynasty Credit Sub** do promote environmental or social characteristics (as provided by Article 8 of SFDR) as set out in Appendix E.

For the Sub-Funds **Dynasty Convertibles Europe and Dynasty Global Convertibles**, no ESG benchmark is used for the purpose of attaining their environmental or social characteristics.

In line with their ESG criteria, the Sub-Funds **Dynasty Convertibles Europe, Dynasty Global Convertibles and Dynasty Credit Sub** promote environmental or social characteristics and disclose whether they consider principal adverse impacts on sustainability factors and how in their pre-contractual disclosures in Appendix E.

As at the date of this Prospectus, the Sub-Funds do not consider principal adverse impacts on sustainability factors within the investment processes applicable to these Sub-Funds as the Management Company does not consider that it will help to increase the performance of these Sub-Funds given their investment policies and/or as the investment policies of those Sub-Funds do not promote any environmental and/or social

characteristics. The situation will however be reviewed going forward.

4.26 Risks linked to investment in other UCITS/Other UCI

A Sub-Fund may invest in underlying funds which are not regulated by the CSSF. In addition to the expenses and charges charged by such Sub-Fund, investors should note that there are additional fees involved when investing into these underlying funds, including fees and expenses charged by investment manager of these underlying funds as well as fees payable by the relevant Sub-Fund during its subscription to or redemption from these underlying funds. Furthermore, there can be no assurance that 1) the liquidity of the underlying funds will always be sufficient to meet redemption request as and when made; and 2) investment objective and strategy will be successfully achieved despite the due diligence procedures undertaken by the investment manager and the selection and monitoring of the underlying funds. These factors may have adverse impact on the relevant Sub-Fund and its investors. If a Sub-Fund invests in an underlying fund managed by the investment manager or connected person of the investment manager, potential conflict of interest may arise.

4.27 Alternative funds risk

Certain sub-funds may invest in underlying funds, some of these underlying funds may pursue a more aggressive investment policy than traditional investment funds and will generally fall into the category known as "hedge funds" or "alternative funds". Such funds use specific investment and trading techniques such as investing in options and futures or effecting short sales of securities. Shareholders will bear the risks resulting from their exposure to alternative investments in a similar manner as if they had invested directly in these instruments. However, this risk is mitigated by the fact that the Shareholders have an exposure to a large number of investment vehicles, and therefore a diversified portfolio of investments, as more fully described in the Appendix D.

Alternative investment funds refer to the "hedge funds" strategies such as long/short, event driven, tactical trading and relative value strategies. The exposure to these alternative strategies will mainly be obtained indirectly through related (i) units of closed-ended investment funds, (ii) financial instruments linked or backed to the performance of these strategies, (iii) UCITS or other UCIs and (iv) financial indices compliant with article 9 of the Grand Ducal Regulation of 8 February 2008 and CSSF Circular 14/592.

4.28 Commodities risks

Investors should note that investments which grant an (indirect) exposure to commodities involve additional risks than those resulting from traditional investments. More specifically, political, military and natural events may influence the production

and trading of commodities and, as a consequence, influence financial instruments which grant exposure to commodities.

Terrorism and other criminal activities may have an influence on the availability of commodities and therefore also negatively impact financial instruments which grant exposure to commodities.

5. SHARES

5.1 Form of Shares

All Shares are issued in registered form. A contract note will be sent to investors within one Business Day of the relevant Valuation Day on which the subscription has been effected. The Company treats the registered owner of a Share as the absolute and ultimate beneficial owner thereof.

Currently, the Shares are not listed on any stock exchange.

The Shares of the Sub-Funds may be divided into various classes of Shares ("Class(es) of Shares"). For further information about the rights attached to the various Classes of Shares, please refer to the section "Sub-Funds and Classes of Shares".

Shares are freely transferable (with the exception that Shares may not be transferred to a Prohibited Person or a US Person, as defined in section 2) and may be converted at any time into Shares of another Sub-Fund. Upon issue, Shares are entitled to participate equally in the profits and dividends of the Sub-Fund, as well as in the liquidation proceeds of such Sub-Fund.

Shares do not carry any preferential or pre-emptive rights and each Share, irrespective of its Net Asset Value is entitled to one vote at all general meetings of Shareholders. Fractions of Shares are not entitled to a vote, but are entitled to participate in the liquidation proceeds. Shares are issued without par value and must be fully paid for on subscription.

Upon the death of a Shareholder, the Directors reserve the right to require the provision of appropriate legal documentation in order to verify the rights of all and any successors in title to Shares.

5.2 Issue of Shares

Shares will be issued at the Net Asset Value per Share. Fractions of Shares to three (3) decimal places will be issued, the Company being entitled to receive the adjustment.

IT SHOULD BE REMEMBERED THAT THE NET ASSET VALUE PER SHARE

CAN GO DOWN AS WELL AS UP. AN INVESTOR MAY NOT GET BACK THE ENTIRE AMOUNT HE HAS INVESTED, PARTICULARLY IF SHARES ARE REDEEMED SOON AFTER THEY ARE ISSUED AND THE SHARES HAVE BEEN SUBJECT TO CHARGES. CHANGES IN EXCHANGE RATES MAY ALSO CAUSE THE NET ASSET VALUE PER SHARE IN THE INVESTOR'S BASE CURRENCY TO GO UP OR DOWN. NO GUARANTEE AS TO FUTURE PERFORMANCE OF, OR FUTURE RETURN FROM, THE COMPANY CAN BE GIVEN BY THE COMPANY, ANY DIRECTOR, THE MANAGEMENT COMPANY OR ANY ADVISOR THERETO.

No Shares will be issued by the Company during any period in which the determination of the Net Asset Value of the Shares of that Sub-Fund is suspended by the Company, as noted under "Temporary Suspension of Determination of Net Asset Value" in Appendix C.

5.3 Sub-Funds and Classes of Shares

The Company offers investors an umbrella structure with a range of different Sub-Funds, which invest in accordance with their respective investment policy as described in Appendix D. The Company shall be considered as a single legal entity; however, the rights of investors and creditors regarding a Sub-Fund or raised by the constitution, operation or liquidation of a Sub-Fund are limited to the assets of this Sub-Fund. The assets of a Sub-Fund will be answerable exclusively for the rights of the investors relating to this Sub-Fund and for those of the creditors whose claim arose in relation to the constitution, operation or liquidation of this Sub-Fund. In their relations between the Shareholders themselves, each Sub-Fund shall be treated as a separate entity. In each Sub-Fund, different Classes of Shares may be issued.

The Directors may decide to create further Classes of Shares and/or Sub-Funds with different characteristics, and in such cases, this Prospectus will be updated accordingly.

The Reference Currency of each Sub-Fund, in which the Net Asset Value of a given Sub-Fund is calculated, and, as the case being, the denomination currency (the "**Denomination Currency**") of each Class of Shares, in which the Net Asset Value of a given Class of Shares of a given Sub-Fund may be expressed, are set out in Appendix D.

Classes of Shares denominated in a currency which is not the Reference Currency of the relevant Sub-Fund will only be currency hedged if this is specified in Appendix D. For Classes of Shares which are specified as being currency hedged and in order to protect Shareholders of Classes of Shares not denominated in the Reference Currency from the impact of currency movements, the relevant Denomination Currency may be fully or partly hedged back to the Reference Currency. The costs and effects of this hedging will be reflected in the Net Asset Value and in the performance of these Classes of Shares.

The currency hedging transactions will involve the use of financial derivative instruments, primarily being currency forward contracts, and will be periodically rebalanced to reflect the changing value of the assets attributable to the relevant Class of Shares, as well as subscriptions and redemptions. The profit or loss on these trades would be solely for the relevant Class of Shares and therefore performance of each Class of Shares will differ according to the net result of movements of the Reference Currency of the relevant Class of Shares and proceeds from the currency hedging transactions.

6. SUBSCRIPTION FOR SHARES

6.1 Initial subscription

The initial subscription day ("**Initial Subscription Day**") or the initial offering period ("**Initial Offering Period**") for each newly created or activated Sub-Fund and/or Class and the initial price (the "**Initial Price**") of Shares in such Sub-Fund and/or Class will be determined by the Board of Directors and disclosed in Appendix D or the KID(s) of such Sub-Fund and/or Class.

6.2 Subscription after the Initial Subscription Day or Initial Offering Period

After the Initial Subscription Day or after the Initial Offering Period for a Sub-Fund has closed, the subscription price (the "**Subscription Price**") of each Class of Shares of each Sub-Fund will be equal to the Net Asset Value per Share of the relevant Class (as described under section headed "*Subscription Procedure*"). See Appendix D as further described in Section 6.12.

Any taxes, commissions and other fees incurred in the respective countries in which Company shares are sold or offered to the public will also be charged.

6.3 Subscription Procedure

An investor's first subscription for Shares must be made in writing or by fax to the Administrative Agent in Luxembourg using a form acceptable to the Company (the "**Subscription Form**"). Subsequent subscriptions for Shares may be made in writing or by fax. The Company reserves the right to reject, in whole or in part, any subscription without giving any reason therefore.

Joint subscribers must both sign the Subscription Form unless a power of attorney is provided which is acceptable to the Company.

The minimum initial investment and the minimum subsequent holding for each Class of Shares of each Sub-Fund, if any, are as set out in Appendix D. The Board of Directors may, at its discretion, waive or modify such minimum limits.

Subscription for Shares in any Sub-Fund may be subject to a subscription fee, as set out in Appendix D.

Subscriptions for Shares in any Sub-Fund received by the Administrative Agent on any Valuation Day (as defined in Appendix C) before the relevant Sub-Fund's cut-off time, as defined in Appendix D (the "**Cut-Off Time**"), will be processed on that Valuation Day using the Net Asset Value per Share determined on such Valuation Day as described in Appendix C.

Unless a shorter subscription settlement deadline ("**Subscription Settlement Deadline**") is provided in Appendix D, payment for all subscriptions of Shares, must be received by the Administrative Agent in the Reference Currency of the relevant Sub-Fund (subject to the payment procedure as detailed under section headed "*Subscription for Shares*") no later than two (2) Business Days following the applicable Valuation Day.

Any subscriptions received by the Administrative Agent after the Sub-Fund Cut-Off Time on any Valuation Day, or on any day that is not a Valuation Day, will be processed on the next Valuation Day on the basis of the Net Asset Value per Share of the relevant Class determined on such Valuation Day.

The Company may restrict or prevent the ownership of Shares in the Company by any person, firm, partnership or corporate body, if in the sole opinion of the Company such holding may be detrimental to the interests of the existing Shareholders or of the Company, if it may result in a breach of any law or regulation, whether in Luxembourg or otherwise, or if as a result thereof the Company may become exposed to tax disadvantages, fines or penalties that it would not have otherwise incurred. Such persons, firms, partnerships or corporate bodies shall be determined by the Board of Directors ("**Prohibited Persons**").

As the Company is not registered under the United States Securities Act of 1933, as amended, nor has the Company been registered under the United States Investment Company Act of 1940, as amended, its Shares may not be offered or sold, directly or indirectly, in the United States of America or its territories or possessions or areas subject to its jurisdiction, or to US Persons. Accordingly, the Company may require any subscriber to provide it with any information that it may consider necessary for the purpose of deciding whether or not he is, or will be, a Prohibited Person, a US Person or an Institutional Investor.

The Management Company reserves the right in its absolute discretion to reject or scale down any application for Shares. Moreover, Shareholders are required to notify the Administrative Agent immediately in the event that they become US Persons whereupon they may at the Company's discretion be required, and the Company shall be entitled, to redeem their shares at the date and applicable NAV indicated in the notice then served to these Shareholders. The Management Company reserves the right to redeem, at the Shareholder's cost and subject to the requirements of the Articles, any shares which are or become owned, directly or indirectly, by or for the benefit of a US Person or if the holding of shares by any person is unlawful or is likely to result in any tax, fiscal, regulatory or pecuniary disadvantage to the Company or to any Shareholders in the Company.

The Company retains the right to offer only one Class of Shares for subscription in any particular jurisdiction in order to conform itself to local laws, customs, business practice or the Company's commercial objectives.

6.4 **Payment Procedure**

The normal currency of payment for Shares of each Class will be the Reference Currency of the relevant Sub-Fund. A subscriber may, however with the agreement of the Management Company and of the Administrative Agent, effect payment in any other freely convertible currency. Subscriptions are to be paid by electronic bank transfer to the relevant account details as described in the Subscription Form. The Administrative Agent will arrange for any necessary currency transaction to convert the subscription monies from the currency of subscription (the "**Subscription Currency**") into the Reference Currency of the relevant Sub-Fund. Any such currency transaction will be effected with the Depositary Bank at the subscriber's cost and risk. Currency exchange transactions may delay any issue of Shares since the Administrative Agent may choose at its option to delay executing any foreign exchange transaction until cleared funds have been received.

If timely payment for Shares (as detailed under section headed "Subscription Procedure") is not made (or a completed Subscription Form is not received for an initial subscription), the relevant issue of Shares may be cancelled, and a subscriber may be required to compensate the Company for any loss incurred in relation to such cancellation.

The Company may, at its complete discretion, decide to accept payment for Shares in whole or in part by an *in kind* subscription of suitable investments provided that these comply with the investment policy and restrictions of the relevant Sub-Fund. The investments forming the *in kind* subscription will be valued and a valuation report obtained from the Company's auditors. The value so determined, together with the Net Asset Value calculated for the Class of Shares concerned in the relevant Sub-Fund, will determine the number of Shares to be issued to the incoming Shareholder. The transaction costs incurred in connection with the acceptance by the Company of an *in*

kind subscription will be borne directly by the concerned incoming Shareholder. Any applicable charges or commissions will be deducted before investment commences.

6.5 Notification of Transaction

A confirmation statement will be sent to the subscriber (or his nominated agent if so requested by the subscriber) by ordinary post, fax or electronic means agreed as soon as reasonably practicable after the relevant Valuation Day, providing full details of the transaction. Subscribers should always check this statement to ensure that the transaction has been accurately recorded.

6.6 Rejection of Subscriptions

The Company may reject any subscription in whole or in part, and the Board of Directors may, at any time and from time to time and in its absolute discretion without liability and without notice, discontinue the issue and sale of Shares of any Class in any one or more Sub-Funds.

If any subscription is not accepted in whole or in part, the subscription monies or the balance outstanding will be returned without delay to the subscriber by post or bank transfer at the subscriber's risk without any interest.

6.7 Suspension of Net Asset Valuation

No Shares will be issued by the Company during any period in which the determination of the Net Asset Value of the relevant Sub-Fund is suspended by the Company pursuant to the powers contained in its Articles of Incorporation and as described under "Temporary Suspension of Determination of Net Asset Value" in Appendix C.

The issue of Shares shall be prohibited:

- (a) during the period in which the Company does not have a depositary;
- (b) where the Depositary Bank is put into liquidation or declared bankrupt or seeks an arrangement with creditors, a suspension of payment or a controlled management or is the subject of similar proceedings.

Notice of suspension will be given to subscribers, and subscriptions made or pending during a suspension period may be withdrawn by notice in writing received by the Company prior to the end of the suspension period. Subscriptions not withdrawn will be processed on the first Valuation Day following the end of the suspension period, on the basis of the Net Asset Value per Share determined on such Valuation Day.

6.8 Late Trading

"Late trading" is to be understood as the acceptance of a subscription, switch or redemption order after the cut-off time on the relevant Valuation Day and the execution

of such an order at a price based on the Net Asset Value (as described in Appendix C) applicable to orders received prior to the cut-off time.

The Company determines the price of its Shares on a forward basis. This means that it is not possible to know in advance the Net Asset Value per Share at which Shares will be bought or sold. Subscriptions, redemptions, and conversions are always made at an unknown Net Asset Value. Applications have to be received and will be accepted only in accordance with the provisions of the Prospectus.

6.9 **Market Timing**

"*Market Timing*" is to be understood as an arbitrage method through which an investor systematically subscribes and redeems or converts Shares within a short time period, by taking advantage of time differences and/or imperfections or deficiencies in the method of determination of the net asset values of the Sub-Funds.

The Sub-Funds are not designed for investors with very short-term investment horizons. Activities which may adversely affect the interests of the Company's Shareholders (for example which disrupt investment strategies or impact expenses) such as market timing or the use of the Company as an excessive or short term trading vehicle are not permitted.

Whilst recognising that Shareholders may have legitimate needs to adjust their investments from time to time, the Directors may, in accordance with, and subject to the equal treatment of the Shareholders of the relevant Sub-Fund, take appropriate action to deter such activities that could adversely affect the interests of the Company's Shareholders.

Accordingly if the Directors determines or suspects that a Shareholder has engaged in such activities, they may suspend, cancel, reject or otherwise deal with that Shareholder's subscription or conversion applications and take any action or measures as appropriate or necessary to protect the Company and its Shareholders.

6.10 **Money Laundering Prevention**

In accordance with international rules and Luxembourg laws and regulations (comprising but not limited to the amended Law of 12 November 2004 on the fight against money laundering and financing of terrorism), the Grand Ducal Regulation dated 1 February 2010, CSSF Regulation 12-02 of 14 December 2012, CSSF Circular and 15/609 concerning the fight against money laundering and terrorist financing, and any respective amendments or replacements, obligations have been imposed on all professionals of the financial sector to prevent the use of undertakings for collective investment for money laundering and financing of terrorism purposes. As a result of such provisions, the registrar and transfer agent of a Luxembourg undertaking for collective investment must ascertain the identity of the subscriber in accordance with

Luxembourg laws and regulations. The Administrative Agent may require applicants to provide any document it deems necessary to effect such identification. In addition, the Administrative Agent, as delegate of the Company, may require any other information enabling the Company to comply with its legal and regulatory obligations, including, but not limited to, the above mentioned laws and regulations, the CRS Law (as defined in section 9.3.2) and the FATCA Law (as defined in section 9.3.3).

Such information shall be collected for compliance reasons only and shall not be disclosed to unauthorised persons. Shareholders acknowledge that this information may be disclosed to Luxembourg public authorities in accordance with applicable laws and regulations.

In case of delay or failure by an applicant to provide the required documentation, the application for subscription may not be accepted and in case of redemption request, the payment of the redemption proceeds and/or dividends may not be processed. Neither the Company nor the Administrative Agent shall be held responsible for said delay or failure to process deals resulting from (i) the failure of the applicant to provide documentation or (ii) the provision of incomplete documentation by the applicant.

From time to time, Shareholders may be asked to supply additional or updated documents in accordance with ongoing due diligence obligations according to the relevant laws and regulations.

6.11 Luxembourg register of beneficial owners

The Luxembourg law of 13 January 2019 creating a register of beneficial owners (the "**RBO Law**") entered into force on 1 March 2019. According to the provisions of the RBO Law, each entity registered in Luxembourg with the Luxembourg companies register (*Registre de Commerce et des Sociétés*), including the Company, has to identify its beneficial owners ("**Beneficial Owners**"). The Company must register Beneficial Owner-related information with the Luxembourg register of beneficial owners, which is established under the authority of the Luxembourg Ministry of Justice.

The RBO Law broadly defines a Beneficial Owner as any natural person(s) who ultimately owns or controls the relevant entity through direct or indirect ownership of a sufficient percentage of the units (more than 25%) or voting rights or ownership interests in the entity (as applicable), or through control via other means, other than a company listed on a regulated market that is subject to disclosure requirements consistent with European Union law or subject to equivalent international standards which ensure adequate transparency of ownership information.

In case the Beneficial Owner criteria are fulfilled by an investor with regard to the Company, this investor and/or nominee is obliged by the RBO Law to provide the required supporting documentation and information necessary for the Company to fulfil its obligations under the RBO Law.

Failure by the Company and the relevant Beneficial Owners to comply with their respective obligations deriving from the RBO Law will be subject to criminal fines.

6.12 Data protection

6.12.1 In accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, as may be amended from time to time (the "**Data Protection Regulation**"), the Company, acting as data controller (the "**Controller**"), collects, stores and processes, by electronic or other means, the data supplied by the investors or other sources (including intermediaries as well as public sources) at the time of the subscription for the purpose of fulfilling the services required by the investor and for complying with applicable legal obligations. The data processed may include the name, contact details (including postal and/or e-mail address and/or telephone number), ID card number (and any photos that may be contained therein), tax identification numbers, banking details and invested amounts ("**Personal Data**") of the investor and other related natural persons (or, when the investor is a legal entity, of its contact person(s), other natural persons related to the investor and/or beneficial owner(s)) ("**Data Subjects**").

6.12.2 The Data Subjects may, at their discretion, refuse to communicate the Personal Data to the Company. However, in this event, the relevant investor's subscription in the Company may fail to be processed and, if such refusal is made once the investor has already become a Shareholder, may result in the blocking of his/her/its account and, if not remedied, may result in the compulsory redemption of his/her/its Shares.

6.12.3 Personal Data supplied by the Data Subjects is for the legitimate interests of the Company to carry out its functions and to comply with the legal obligations imposed on the Management Company and the Company, particularly by the Law of 2010, the applicable laws and regulations on the fight against money laundering and counter-terrorist financing and applicable FATCA (Foreign Account Tax Compliance Act) and CRS (common reporting standard) laws and regulations.

In particular, the Personal Data supplied by the Data Subjects is processed for the purposes of:

- (i) subscribing in the Company,
- (ii) maintaining the register of Shareholders;
- (iii) processing subscriptions, redemptions and conversions of Shares;
- (iv) account administration (including providing information to investors); and
- (v) allowing the Controllers and Processors (as defined below) to perform their services for the Company and enabling them to comply with applicable anti-money laundering and terrorism financing rules and other legal obligations,

such as applying due diligence measures and, if applicable, reporting in respect of CRS/FATCA obligations.

6.12.4 The Personal Data may also be processed by service providers acting on behalf of the Controller (the "Processors") which, in the context of the above mentioned purposes, refer to:

- (i) the Depositary Bank and Paying Agent;
- (ii) the Registrar and Transfer Agent;
- (iii) the Management Company;
- (iv) any Distributor(s);
- (v) the Auditor; and
- (vi) any legal, financial or tax advisor(s) of the Company.

6.12.5 In certain circumstances, the Processors may also process Personal Data of data Subjects as controllers, in particular for compliance with their legal obligations in accordance with laws and regulations applicable to them (such as anti-money laundering identification) and/or order of any competent jurisdiction, court, governmental, supervisory or regulatory bodies, including tax authorities.

6.12.6 The Personal Data may also be transferred to third-parties such as governmental or regulatory agencies, including tax authorities, in accordance with applicable laws and regulations. In particular, Personal Data may be disclosed to the Luxembourg tax authorities, which in turn may, acting as data controller, disclose the same to foreign tax authorities.

In the event that Personal Data is not provided by the Data Subjects themselves, the Shareholders represent that they have authority to provide such Personal Data of other Data Subjects. If the Shareholders are not natural persons, they undertake and warrant to (i) adequately inform any such other Data Subject about the processing of their Personal Data and their related rights as described above and in the subscription form and (ii) where necessary and appropriate, obtain in advance any consent that may be required for the processing of the Personal Data.

6.12.7 The Personal Data may be transferred outside of the European Economic Area, including to countries whose legislation does not ensure an adequate level of protection as regards the processing of Personal Data.

6.12.8 In accordance with the conditions set forth by the Data Protection Regulation, each Data Subject acknowledges his/her/its right to:

- access his/her/its Personal Data;
- correct his/her/its Personal Data where it is inaccurate or incomplete;
- object to or restrict the processing of his/her/its Personal Data;
- request for erasure of his/her/its Personal Data;

- request for Personal Data portability;
- withdraw any consent after it was given.

6.12.9 Each Data Subject also acknowledges the existence of his/her/its right to lodge a complaint with the Luxembourg National Commission for Data Protection ("**CNPD**").

6.12.10 The Data Subjects may exercise the above rights by writing to the Management Company at 13-15 route d'Esch, L-1470 Luxembourg, Grand Duchy of Luxembourg.

6.12.11 Detailed information regarding the processing of Personal Data is contained in the application form communicated to investors at the time of purchase of their Shares. This document can be accessed or obtained at contact@dynasty-am.lu. All investors acknowledge that they have obtained and/or have been provided access to this document.

6.12.12 Personal Data shall not be retained for longer than necessary, subject to the applicable legal minimum retention period. The processing will continue until the later of:

- the full redemption of the Shares by the Shareholder; and
- the end of the retention period of the Personal Data imposed by applicable legal or regulatory requirements.

6.13 **Recording of phone conversations**

Investors, including the Data Subjects related to him/her/it (who will be individually informed by the investors in turn) are also informed that for the purpose of serving as evidence of commercial transactions and/or any other commercial communications and then preventing or facilitating the settlement of any disputes or litigations, their phone conversations with and/or instructions given to the Company, the Management Company, the Depositary Bank, Paying Agent and Domiciliary Agent, the Registrar and Transfer Agent and Administrative Agent, the Auditor, and/or any other agent of the Company may be recorded in accordance with applicable laws and regulations. These recordings are kept as long as necessary for the purpose of its processing, subject to statutory periods of limitation. These recordings shall not be disclosed to any third parties, unless the Company, the Management Company, the Depositary Bank, Paying Agent and Domiciliary Agent, the Registrar and Transfer Agent and Administrative Agent, the Auditor, and/or any other agent of the Company is/are compelled or has/have the right to do so under applicable laws and/or regulations in order to achieve the purpose as described in this paragraph.

6.14 Distribution Charges

The Subscription Price of each Share of each Sub-Fund during the Initial Offering Period will be equal to the Initial Price (as set out in Appendix D or the KIDs) which may include a Distribution Charge in favour of any distributor depending on Class of Shares. The level of the applicable Distribution Charge (if any) is described for each Sub-Fund in Appendix D.

Thereafter, the Subscription Price of each Share of each Sub-Fund will be equal to the Net Asset Value per Share (as described in Appendix C), including a Distribution Charge (if any), as set out hereinafter, in favour of any distributor.

Any taxes, commissions and other fees incurred in the respective countries in which Shares are sold will also be charged.

7. REDEMPTION AND CONVERSION OF SHARES

7.1 Redemptions of Shares

Holdings of Shares may be redeemed in whole or in part on any Valuation Day at the redemption price (the "**Redemption Price**") on the basis of the Net Asset Value per Share determined on such Valuation Day.

Upon payment of the Redemption Price, the corresponding Shares will be cancelled immediately in the Company's Shareholders register. Any taxes, commissions and other fees incurred in the respective jurisdictions in which the Shares are sold will be charged. Each Sub-Fund shall at all times maintain sufficient liquidity to enable satisfaction of any requests for redemption of Shares.

7.1.1 Redemption Charges

- 7.1.1.1 The level of the applicable redemption charges (if any) with regards to requests for redemption of Shares is described for each Sub-Fund in Appendix D.

7.1.2 Procedure for Redemption

- 7.1.2.1 Shareholders wishing to have all or some of their Shares redeemed by the Company may apply to do so in writing or by fax to the Administrative Agent or to a distributor.
 - (a) The application for redemption of any Shares must include either (i) the monetary amount the Shareholder wishes to redeem; or (ii) the number of Shares the Shareholder wishes to redeem, and

(b) the Sub-Funds from which such Shares are to be redeemed.

- 7.1.2.2 In addition, the application for redemption must include the Shareholder's personal details together with his account number. Failure to provide any of the aforementioned information may result in delaying such application for redemption whilst verification is being sought from the Shareholder.
- 7.1.2.3 Subject to the provisions explained in section 7.1.4., applications for redemption will be considered as binding and irrevocable by the Company and must be duly signed by all registered Shareholders, save in the case of joint registered Shareholders where an acceptable power of attorney has been provided to the Company.
- 7.1.2.4 Applications for redemption from any Sub-Fund received by the Administrative Agent prior to the relevant Sub-Fund Cut-off Time, will be processed on that Valuation Day using the Net Asset Value per Share determined on such Valuation Day based on the latest available prices in Luxembourg (as described in Appendix C).
- 7.1.2.5 Shareholders should note that they might be unable to redeem Shares through a distributor on days on which such distributor is not open for business.
- 7.1.2.6 Any applications for redemption received by the Administrative Agent after the Cut-off Time, will be processed on the second following Valuation Day on the basis of the Net Asset Value per Share determined on such Valuation Day.
- 7.1.2.7 A confirmation statement will be sent by ordinary post, fax or electronic means agreed to the Shareholder detailing the redemption proceeds due as soon as reasonably practicable after determination of the Redemption Price of the Shares being redeemed. Shareholders should check this statement to ensure that the transaction has been accurately recorded. In calculating the redemption proceeds, the Company will round down to three (3) decimal places, the Company being entitled to receive the adjustment.
- 7.1.2.8 The Redemption Price of Shares in any Sub-Fund may be higher or lower than the Subscription Price paid by the Shareholder depending on the Net Asset Value per Share of the Sub-Fund at the time of redemption.

7.1.2.9 Payment for Shares redeemed will be effected no later than five (5) Business Days after the relevant Valuation Day for all Sub-Funds, unless legal constraints, such as foreign exchange controls or restrictions on capital movements, or other circumstances beyond the control of the Depositary Bank, make it impossible or impracticable to transfer the redemption amount to the country in which the application for redemption was submitted.

7.1.2.10 In the event of applications for redemption representing more than 10% of the net assets of the Sub-Fund, the Company may decide to delay execution of such applications until the corresponding assets of the Company have been sold without unnecessary delay.

7.1.3 Limits on Redemption

7.1.3.1 Applications for redemption on any one Valuation Day, which either singly or when aggregated with other such applications so received, represent more than ten percent (10%) of the net assets of any one Sub-Fund, may be subject to additional procedures set forth in section 7.3.

7.1.4 Temporary Suspension of Redemption

7.1.4.1 The right of any Shareholder to require the redemption of its Shares will be suspended during any period in which the determination of the Net Asset Value per Share is suspended by the Company pursuant to the powers described under "Temporary Suspension of Determination of Net Asset Value" in Appendix C.

7.1.4.2 The repurchase of Shares shall be prohibited:

- (a) during the period in which the Company does not have a depositary;
- (b) where the Depositary Bank is put into liquidation or declared bankrupt or seeks an arrangement with creditors, a suspension of payment or a controlled management or is the subject of similar proceedings.

7.1.4.3 Notice of the suspension period will be given to any Shareholder tendering Shares for redemption. Withdrawal of an application for redemption will only be effective if written notification is received by the Administrative Agent before termination of the period of suspension, failing which the Shares in question will be redeemed on the first Valuation Day following the end of the suspension period on the basis of the Net Asset Value per Share determined on such Valuation Day.

7.1.5 Compulsory Redemption

- 7.1.5.1 If the Company discovers at any time that Shares are owned by a Prohibited Person, either alone or in conjunction with any other person, whether directly or indirectly, the Directors may at their discretion and without liability, compulsorily redeem the Shares at the Redemption Price as described above. Upon redemption, the Prohibited Person will cease to be the owner of those Shares. The Company may require any Shareholder to provide it with any information that it may consider necessary for the purpose of determining whether or not such owner of Shares is or will be a Prohibited Person.

7.2 Conversion of Shares into Shares of a different Sub-Fund

Shareholders may convert all or part of their Shares of one Sub-Fund into Shares of one or more Sub-Funds without incurring any conversion charge (except as described below) by application in writing or by fax to the Administrative Agent or to a distributor, stating which Shares are to be converted into which Sub-Funds.

The application for conversion must include either the monetary amount the Shareholder wishes to convert or the number of Shares the Shareholder wishes to convert. In addition, the application for conversion must include the Shareholder's personal details together with his Account Number.

The application for conversion must be duly signed by the registered Shareholder save in the case of joint registered Shareholders where an acceptable power of attorney has been provided to the Company.

Failure to provide any of this information may result in delay of the application for conversion.

Conversion from a given Sub-Fund (the "**Original Sub-Fund**") to another Sub-Fund (the "**New Sub-Fund**") may attract a charge (the "**Conversion Charge**") as described in Appendix D. This Conversion Charge, if any, will be deducted from the amount to be invested in the New Sub-Fund in favour of any distributor.

Applications for conversion between any Sub-Funds received by the Administrative Agent on any Business Day preceding the Valuation Day before the relevant Sub-Fund Cut-off Time, will be processed on that Valuation Day using the Net Asset Value per Share determined on such Valuation Day based on the latest available prices in Luxembourg (as described in Appendix C).

Shareholders should note that they might be unable to convert Shares through a distributor on days that such distributor is not open for business.

Any applications for conversion received by the Administrative Agent after the Sub-Fund Cut-off Time will be processed on the second following Valuation Day on the basis of the Net Asset Value per Share determined on such Valuation Day.

Applications for conversion on any one Valuation Day, which either singly or when aggregated with other such applications so received, represent more than ten percent (10%) of the net assets of any one Sub-Fund, may be subject to additional procedures set forth in section 7.3.

The rate at which all or part of the Shares in an Original Sub-Fund are converted into Shares in a New Sub-Fund is determined in accordance with the following formula:

$$A = \frac{(B \times C \times D) \times (1 - E)}{F}$$

where:

- A is the number of Shares to be allocated in the New Sub-Fund;
- B is the number of Shares of the Original Sub-Fund to be converted;
- C is the Net Asset Value per Share of the Original Sub-Fund determined on the relevant Valuation Day;
- D is the actual rate of foreign exchange on the day concerned in respect of the Reference Currency of the Original Sub-Fund and the Reference Currency of the New Sub-Fund, and is equal to 1 in relation to conversions between Sub-Funds denominated in the same Reference Currency;
- E is the Conversion Charge percentage (if any) payable per Share; and
- F is the Net Asset Value per Share of the New Sub-Fund determined on the relevant Valuation Day, plus any taxes, commissions or other fees.

Following such conversion of Shares, the Company will inform the Shareholder in question of the number of Shares of the New Sub-Fund obtained by conversion and the price thereof. Fractions of Shares in the New Sub-Fund to three (3) decimal places will be issued, the Company being entitled to receive the adjustment.

7.3 Procedures for Redemptions and Conversions representing ten percent (10%) or more of any Sub-Fund

If any application for redemption or conversion is received in respect of any Valuation Day, which either singly or when aggregated with other such applications so received, represents more than ten percent (10%) of the net assets of any one Sub-Fund, the Company reserves the right, in its sole and absolute discretion and without liability (and in the reasonable opinion of the Directors that to do so is in the best interests of the remaining Shareholders), to scale down pro rata each application with respect to such Valuation Day so that not more than ten percent (10%) of the net assets of the relevant Sub-Fund be redeemed or converted on such Valuation Day.

To the extent that any application for redemption or conversion is not given full effect on such Valuation Day by virtue of the exercise by the Company of its power to pro-rate applications, such application shall be treated with respect to the unsatisfied balance thereof as if a further request had been made by the Shareholder in question in respect of the next Valuation Day and, if necessary, subsequent Valuation Days, until such application shall have been satisfied in full.

With respect to any application received in respect of such Valuation Day, to the extent that subsequent applications shall be received in respect of following Valuation Days, such later applications shall be postponed in priority to the satisfaction of applications relating to such first Valuation Day, but subject thereto shall be dealt with as set out above.

8. CHARGES AND EXPENSES

8.1 Domiciliation fee

As remuneration for its services of domiciliation, the Paying Agent acting in its capacity of domiciliary of the Company will receive from the Company an annual fee of five thousand Euros (EUR 5,000), excluding any applicable VAT.

8.2 Management Fee

The Management Company is entitled to receive a Management Fee of a maximum 2% p.a. of assets on the total net assets of the Company.

The Management Company may be entitled to receive a Performance Fee, out of the net assets of the Company, as further specified, if applicable, in the relevant Appendix D.

These fees will be charged to the Sub-Funds in proportion to their net assets.

The Management Company is also entitled to charge a transaction fee of up to 0.20% per transaction entered into in respect of any Sub-Fund and related to non-rated securities or High Yield, and as further specified, if applicable, in the relevant Appendix D for each Sub-Fund. This transaction fee covers the costs and specific work the Management Company has to undertake for the preliminary research, data collection and analysis required when investing in risky securities as well as for the verifications prior to trading.

For details of the management, service and custodian fees, please refer to Appendix D.

8.3 Company Charges

The Sub-Funds will bear all expenses incurred in the operation of the Company which include, without limitation, all expenses for service providers such as but not limited to the Depositary Bank (including domiciliary, corporate and paying agent functions), Administrative Agent and in its capacity as registrar and transfer agent of the Company, taxes, expenses for legal and auditing services, cost of any proposed listings, maintaining such listings, Shareholders' reports, Prospectus, KID(s), reasonable marketing and advertising expenses, costs of preparing, translating and printing in different languages, all reasonable out-of-pocket expenses of the Directors, registration fees and other expenses payable to supervisory authorities in any relevant jurisdictions, insurance costs, interest, brokerage costs and the costs of publication of the Net Asset Value per Share for each Sub-Fund, if applicable.

In payment for its services, the Depositary Bank will charge a fee for the deposit of assets and the safekeeping of securities calculated on the net assets per sub-fund on a staggered basis, i.e. first tranche charged at 1st tiered fee condition, then second tranche at 2nd tiered fee condition, etc.), as follows:

- 4 basis points per annum of the total net assets of each Sub-Fund if these total net assets amount to up to EUR 50,000,000.00;
- 3.5 basis points per annum of the total net assets of each Sub-Fund if these total net assets range between EUR 50,000,001.00 and EUR 100,000,000;
- 3 basis points per annum of the total net assets of each Sub-Fund if these total net assets range between EUR 100,000,001.00 and EUR 200,000,000.00;
- 2.5 basis points per annum of the total net assets of each Sub-Fund if these total net assets range between EUR 200,000,001.00 and EUR 500,000,000.00; and
- 2 basis points per annum of the total net assets of each Sub-Fund if these total net assets exceed EUR 500,000,001.00.

This fee is subject to a minimum annual fee of EUR 15,000.00 per Sub-Fund (waived the first year of the Sub-Fund provided that overall assets of Company in custody with the Depositary remain over EUR 300 million). This fee will be charged monthly based on the average net assets of the Company. In addition, the Depositary is entitled to be reimbursed by the Company for its reasonable out-of-pocket expenses and disbursements, including, but not limited to, taxes, duties, charges and broker fees, whether existing now or imposed in the future and which are paid by the Depositary or for which the Depositary may be held liable and for the charges of any correspondents, incurred in connection with the Company, and chargeable to the Company. Transaction fees will also be charged at rates fixed by common agreement.

The Administrative Agent fee will be calculated on the basis of the Net Asset Value during the month and will be paid in arrears to the Administrative Agent by the Company. This fee will be charged on a decreasing scale which will vary depending on the total Net Asset Value of each Sub-Fund as follows:

- 4.5 basis points per annum of the total net assets of each Sub-Fund if these total net assets amount to up to EUR 50,000,000.00;
- 3.5 basis points per annum of the total net assets of each Sub-Fund if these total net assets range between EUR 50,000,001.00 and EUR 100,000,000;
- 2.5 basis points per annum of the total net assets of each Sub-Fund if these total net assets range between EUR 100,000,001.00 and EUR 200,000,000.00; and
- 2. basis points per annum of the total net assets of each Sub-Fund if these total net assets exceed EUR 200,000,000.00.

This fee is subject to a minimum annual fee of EUR 60,000.00 at the level of the Company and payable by the Company.

The Administrative Agent and the Management Company are also entitled to receive reimbursement for any reasonable out-of-pocket expenses incurred in connection with the Company, and chargeable to the Company, as well as fees for other services as agreed from time to time.

The allocation of costs and expenses to be borne by the Company between the various Sub-Funds will be made in accordance with the Articles of Incorporation.

The initial formation expenses will be paid by the Company and will be amortised over a five-year period in equal instalments. The formation expenses incurred by the Company are estimated at a maximum of EUR 45,000.00.

8.4 Investment Management fee and Advisory fee

Unless otherwise provided in Appendix D, the Investment Managers (if any) and the Advisors (if any) will be paid directly by the Management Company, the "Investment Management fee" and "Advisory fee" respectively.

9. TAXATION

- 9.1 The following information is based on the laws, regulations, decisions and practice currently in force in Luxembourg and is subject to changes therein, possibly with retrospective effect. This summary does not purport to be a comprehensive description of all Luxembourg tax laws and Luxembourg tax considerations that may be relevant

to a decision to invest in, own, hold, or dispose of shares and is not intended as tax advice to any particular investor or potential investor. Prospective investors should consult their own professional advisers as to the implications of buying, holding or disposing of Shares and to the provisions of the laws of the jurisdiction in which they are subject to tax. This summary does not describe any tax consequences arising under the laws of any state, locality or other taxing jurisdiction other than Luxembourg.

9.2 PROSPECTIVE INVESTORS ARE ADVISED TO CONSULT THEIR OWN PROFESSIONAL TAX ADVISERS IN RESPECT OF THEIR INVESTMENT IN THE COMPANY.

9.3 *EU Tax Considerations for individuals resident in the EU or in certain third countries or dependent or associated territories.*

Automatic Exchange of Information

The OECD has developed CRS to achieve a comprehensive and multilateral automatic exchange of information (AEOI) on a global basis. On 9 December 2014, Council Directive 2014/107/EU amending Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation (the "**Euro-CRS Directive**") was adopted in order to implement the CRS among the Member States.

The Euro-CRS Directive was implemented into Luxembourg law by the law of 18 December 2015 on the automatic exchange of financial account information in the field of taxation ("**CRS Law**"). The CRS Law requires Luxembourg financial institutions to identify financial assets holders and establish if they are fiscally resident in countries with which Luxembourg has a tax information sharing agreement. Luxembourg financial institutions will then report financial account information of the asset holder to the Luxembourg tax authorities, which will thereafter automatically transfer this information to the competent foreign tax authorities on a yearly basis.

Accordingly, the Company may require its investors to provide information in relation to the identity and fiscal residence of financial account holders (including certain entities and their controlling persons) in order to ascertain their CRS status and report information regarding a Shareholder and his/her/its account to the Luxembourg tax authorities (*Administration des Contributions Directes*), if such account is deemed a CRS reportable account under the CRS Law. The Company shall communicate any information to the investor according to which (i) the Company is responsible for the treatment of the personal data provided for in the CRS Law; (ii) the personal data will only be used for the purposes of the CRS Law; (iii) the personal data may be communicated to the Luxembourg tax authorities (*Administration des Contributions Directes*); (iv) responding to CRS-related questions is mandatory

and accordingly the potential consequences in case of no response; and (v) the investor has a right of access to and rectification of the data communicated to the Luxembourg tax authorities (*Administration des Contributions Directes*).

In addition, Luxembourg signed the OECD's multilateral competent authority agreement ("**Multilateral Agreement**") to automatically exchange information under the CRS. The Multilateral Agreement aims to implement the CRS among non-Member States; it requires agreements on a country-by-country basis.

The Company reserves the right to refuse any application for Shares if the information provided or not provided does not satisfy the requirements under the CRS Law

Investors should consult their professional advisors on the possible tax and other consequences with respect to the implementation of the CRS.

The following is a short summary of certain important Luxembourg taxation principles that may be or become relevant with respect to the Company.

It does not purport to be a complete summary of tax law and practice currently applicable in Luxembourg and does not contain any statement with respect to the tax treatment of an investment in the Company, in any other jurisdiction.

The Company is not subject to taxation in Luxembourg on its income, profits or gains.

No stamp duty, capital duty or other tax will be payable in Luxembourg upon the issue of the shares of the Company.

The Company is however subject to a subscription tax (*taxe d'abonnement*) levied at the rate of 0.05% *per annum* based on its Net Asset Value at the end of the relevant quarter, calculated and paid quarterly.

A reduced subscription tax rate of 0.01% *per annum* is applicable to (i) any Sub-Fund authorised as money market funds in accordance with Regulation (EU) 2017/1131 of the European Parliament and of the Council of 14 June 2017 on money market funds, as amended and to (ii) any Sub-Fund or Class of Shares, provided that their shares are reserved to one or more institutional investors.

A subscription tax exemption applies to:

- The portion of any Sub-Fund's assets (prorata) invested in a Luxembourg investment fund or any of its sub-fund to the extent it is already subject to the subscription tax;

- Any Sub-Fund (i) whose securities are reserved for institutional investor(s), and (ii) that are authorised as short-term money market funds in accordance with Regulation (EU) 2017/1131, and (iii) that have obtained the highest possible rating from a recognised rating agency. If several Classes of Shares are in issue in the relevant Sub-Fund meeting (ii) to (iii) above, only those Classes of Shares meeting (i) above will benefit from this exemption;
- Any Sub-Fund, whose main objective is the investment in microfinance institutions;
- Any Sub-Fund reserved for (i) institutions for occupational retirement pension or similar investment vehicles, set up on one or more employers' initiative for the benefit of their employees and (ii) companies of one or more employers investing funds they hold, to provide retirement benefits to their employees and (iii) savers in the framework of a pan-European personal pension product governed by Regulation (EU) 2019/1238 of the European Parliament and of the Council of 20 June 2019 on a pan-European Personal Pension Product (PEPP). If several Classes of Shares are in issue in the relevant Sub-Fund, the exemption shall only apply to classes whose securities are reserved for the investors referred to in the first subparagraph, points (i), (ii) and (iii);
- Any Sub-Fund, (i) whose securities are listed or traded on a stock exchange or another regulated market operating regularly, recognised and open to the public and (ii) whose exclusive object is to replicate the performance of one or more indices. If several Classes of Shares are in issue in the relevant Sub-Fund meeting (ii) above, only those Classes of Shares meeting (i) above will benefit from this exemption; and
- Any Sub-Fund authorised as European long-term investment funds within the meaning of Regulation (EU) 2015/760 on European long-term investment funds, as amended.

Withholding tax

Interest and dividend income received by the Company may be subject to non-recoverable withholding tax in the source countries. The Company may further be subject to tax on the realised or unrealised capital appreciation of its assets in the countries of origin. The Company may benefit from double tax treaties entered into by Luxembourg, which may provide for exemption from withholding tax or reduction of withholding tax rate.

Distributions made by the Company as well as liquidation proceeds and capital gains derived therefrom are not subject to withholding tax in Luxembourg.

The Company is not subject to net wealth tax in Luxembourg.

FATCA

The Foreign Account Tax Compliance Act ("**FATCA**"), a portion of the 2010 Hiring Incentives to Restore Employment Act, became law in the United States in 2010. It requires financial institutions outside the US ("**foreign financial institutions**" or "**FFIs**") to pass information about "Financial Accounts" held by "Specified US Persons", directly or indirectly, to the US tax authorities, the Internal Revenue Service ("**IRS**") on an annual basis. A 30% withholding tax is imposed on certain US source income of any FFI that fails to comply with this requirement. On 28 March 2014, the Grand-Duchy of Luxembourg entered into a Model 1 Intergovernmental Agreement ("**IGA**") with the United States of America and a memorandum of understanding in respect thereof. The Company would hence have to comply with such Luxembourg IGA, as implemented into Luxembourg law by the Law of 24 July 2015 relating to FATCA (the "**FATCA Law**") in order to comply with the provisions of FATCA rather than directly complying with the US Treasury Regulations implementing FATCA. Under the FATCA Law and the Luxembourg IGA, the Company may be required to collect information aiming to identify its direct and indirect Shareholders that are Specified US Persons for FATCA purposes ("**FATCA reportable accounts**"). Any such information on FATCA reportable accounts provided to the Company will be shared with the Luxembourg tax authorities which will exchange that information on an automatic basis with the Government of the United States of America pursuant to Article 28 of the convention between the Government of the United States of America and the Government of the Grand-Duchy of Luxembourg for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes in Income and Capital, entered into in Luxembourg on 3 April 1996. The Company intends to comply with the provisions of the FATCA Law and the Luxembourg IGA to be deemed compliant with FATCA and will thus not be subject to the 30% withholding tax with respect to its share of any such payments attributable to actual and deemed US investments of the Company. The Company will continually assess the extent of the requirements that FATCA and notably the FATCA Law place upon it.

To ensure the Company's compliance with FATCA, the FATCA Law and the Luxembourg IGA in accordance with the foregoing, the Company/the Management Company, in its capacity as the Company's Management Company, may:

- a. request information or documentation, including W-8 tax forms, a Global Intermediary Identification Number, if applicable, or any other valid evidence of a Shareholder's FATCA registration with the IRS or a corresponding exemption, in order to ascertain such Shareholder's FATCA status;

- b. report information concerning a Shareholder and his account holding in the Company to the Luxembourg tax authorities if such account is deemed a FATCA reportable account under the FATCA Law and the Luxembourg IGA;
- c. report information to the Luxembourg tax authorities (*Administration des Contributions Directes*) concerning payments to Shareholders with FATCA status of a non-participating foreign financial institution;
- d. deduct applicable US withholding taxes from certain payments made to a Shareholder by or on behalf of the Company in accordance with FATCA, the FATCA Law and the Luxembourg IGA; and
- e. divulge any such personal information to any immediate payor of certain US source income as may be required for withholding and reporting to occur with respect to the payment of such income.

The Company reserves the right to refuse any application for shares if the information provided by a potential investor does not satisfy the requirements under FATCA, the FATCA Law and the Luxembourg IGA.

PARTIAL EXEMPTION UNDER THE GERMAN INVESTMENT TAX ACT OF 2018

In addition to the investment restrictions set out in a Sub-Fund's investment policy, the Management Company shall take into account the provisions on partial exemption pursuant to Section 20(1) and (2) of the German Investment Tax Act of 2018 ("**InvStG**") when managing the sub-funds.

In the case of investments in target investment funds, these target investment funds are taken into account by the Sub-Funds when calculating their equity participation rate. Insofar as such data is available, the equity participation ratios of the target funds, which are calculated and published at least weekly, are taken into account in this calculation in accordance with Section 2(6) or (7) of the German Investment Tax Act.

For this reason, no Sub-Funds will continuously invest at least 50% of their respective assets in equity investments (as defined in Section 2(8) of the German Investment Tax Act and related guidelines) in order to qualify as "**Equity funds**" within the meaning of Section 2(6) of the German Investment Tax Act for the partial exemption pursuant to Section 20(1) of the above Act.

No Sub-Funds will continuously invest at least 25% of their respective assets in equity investments (as defined in Section 2(8) of the German Investment Tax Act and related guidelines) in order to qualify as a “**mixed fund**” within the meaning of Section 2(7) of the German Investment Tax Act for the partial exemption pursuant to Section 20(2) of the German Investment Tax Act.

All Sub-Funds other than those specifically mentioned above are to be considered “**other funds**” within the meaning of the German Investment Tax Act.

German investors should consult their tax advisor regarding the tax consequences of an investment in an “equity fund”, a “mixed fund” or an “other fund” under the German Investment Tax Act.

INVESTORS SHOULD CONSULT THEIR PROFESSIONAL ADVISERS ON THE POSSIBLE TAX OR OTHER CONSEQUENCES OF BUYING, HOLDING, TRANSFERRING, SWITCHING OR SELLING ANY OF THE COMPANY'S SHARES UNDER THE LAWS OF THEIR COUNTRIES OF CITIZENSHIP, RESIDENCE AND DOMICILE.

10. GENERAL INFORMATION

10.1 Company

The Company has been incorporated under Luxembourg law as a *société d'investissement à capital variable* (SICAV). The capital of the Company at the time of incorporation was thirty-one thousand Euros (EUR 31,000.-) and has reached one million two hundred and fifty thousand Euros (EUR 1,250,000.-) within the first six (6) months following its authorisation.

The Articles of Incorporation have also been deposited with the Luxembourg commercial register and have been mentioned in the Mémorial. The Company has been registered with the Luxembourg commercial register.

The Articles of Incorporation were amended for the last time on 31 August 2015 and may be amended from time to time by a meeting of Shareholders, subject to the quorum and majority requirements provided for by Luxembourg law. Any amendment thereto shall be published in the RESA and, if necessary, in a Luxembourg daily newspaper and in the official publication media as specified for the respective countries in which the Shares of the Company are sold. Such amendments become legally binding on all Shareholders, following their approval by the general meeting of Shareholders.

The Company is a single legal entity. However, each Sub-Fund is regarded as being separate from the others and is liable for all of its own obligations, unless other terms have been specifically agreed with its creditors.

10.2 Management and Administration

10.2.1. Directors

10.2.1.1. The Directors, whose names appear under section 1.2, are responsible for the information contained in this Prospectus. They have taken all reasonable care to ensure that at the date of this Prospectus the information contained herein is accurate and complete in all material respects. The Directors accept responsibility accordingly.

10.2.1.2. The Directors are responsible for the Company's management, control, administration and the determination of its overall investment objectives and policies.

10.2.1.3. There are no existing or proposed service contracts between any of the Directors and the Company, although the Directors are entitled to receive remuneration in accordance with usual market practice.

10.3 The Management Company

Dynasty AM S.A., a public limited liability company ("*société anonyme*" or "**S.A.**"), incorporated on 23 January 2014, governed by the laws of Luxembourg, Grand Duchy of Luxembourg, in particular the Luxembourg Law of 10 August 1915 on commercial companies, as amended (the "**Law of 1915**"), chapter 15 of the Law of 2010 and chapter 2 of the Law of 12 July 2013 on alternative investment fund managers, as amended with registered office at 13-15 route d'Esch L-1470 Luxembourg, Grand Duchy of Luxembourg has been appointed as the Management Company of the Company in accordance with the provisions of the Law of 2010. The Management Company shall be responsible on a day-to-day basis, under supervision of the Directors, for providing investment management of the assets of the Company, administration of the Company and the implementation of the Company's distribution and marketing policy.

The Management Company may delegate all or part of its portfolio management duties in relation to the Sub-Funds to one or more investment managers (each an "Investment Manager") which remain at all times under its control and supervision.

This appointment is made according to the terms of the contracts concluded for an indefinite period that may be cancelled by either party at any time with three (3) months' notice.

The Management Company may also appoint one or more investment advisors (each an "Advisor") to advise it on the portfolio management of one or more Sub-Fund(s).

The duties of the Management Company shall cease, respectively, regarding the Company:

- (a) In the case of voluntary withdrawal of the Management Company or of its removal by the Company, provided that it is replaced by another management company authorised in accordance with Directive 2009/65/EC;
- (b) In the case of withdrawal of the Management Company by the Company, the Company having decided to adopt the status of a self-managed SICAV;
- (c) Where the Management Company has been declared bankrupt, has entered into an arrangement with creditors, has obtained a suspension of payment, has been put under court-controlled management or has been the subject of similar proceedings, or has been put into liquidation;
- (d) Where the approval of the Company or the designated management company has been withdrawn by the CSSF.

10.4 Depositary Bank and Paying Agent

The Company has appointed UBS Europe SE, Luxembourg Branch as its Depositary (the "**Depositary Bank**"). within the meaning of the Law of 2010 and the Commission Delegated Regulation (EU) 2016/438, as amended, supplementing Directive 2009/65/EC (UCITS Level II Regulation), pursuant to the Depositary and Paying Agent Agreement dated 18 July 2016 (the "**Depositary Bank Agreement**"), The Company has also appointed the Depositary as Paying Agent, Domiciliary Agent and Corporate Services Agent.

The Depositary Bank is a Luxembourg established branch of UBS Europe SE, a European Company (Societas Europaea), having its registered office in Frankfurt am Main, Germany, registered with the German Trade Register under number HRB 107046. UBS Europe SE, Luxembourg Branch has its registered office at 33A, avenue J. F. Kennedy, L-1855 Luxembourg, Grand Duchy of Luxembourg and is registered with the Luxembourg Trade and Companies Register under number B 209.123.

Depositary duties

The relationship between the Company, the Management Company and the Depositary Bank is subject to the terms of the Depositary Bank Agreement. Pursuant to the Depositary Bank Agreement, the Depositary Bank has been appointed for the safe-keeping of financial instruments that can be held in custody, for the record keeping and verification of ownership of other assets of the Company as well as to ensure for the effective and proper monitoring of the Company's cash flows in accordance with the provisions of the Law of 2010 and the Depositary Bank Agreement. Assets held in custody by the Depositary Bank shall not be reused by the Depositary Bank, or any third party to which the custody function has been delegated, for their own account, unless such reuse is expressly allowed by the Law of 2010.

In addition, the Depositary Bank shall also ensure that (i) the sale, issue, repurchase, redemption and cancellation of Shares are carried out in accordance with Luxembourg law, the Prospectus and the Articles of Incorporation, (ii) the value of the Shares is calculated in accordance with Luxembourg law, the Prospectus and the Articles of Incorporation, (iii) the instructions of the Management Company or the Company are carried out, unless they conflict with applicable Luxembourg law, the Prospectus and/or the Articles of Incorporation, (iv) in transactions involving the Company's assets any consideration is remitted to the Company within the usual time limits, and (v) the Company's incomes are applied in accordance with Luxembourg law, the Prospectus and the Articles of Incorporation.

The Depositary Bank shall assume its duties and responsibilities in accordance with the provisions of the Law of 2010. The Depositary Bank must act honestly, fairly, professionally, independently and solely in the interest of the Company and Shareholders.

Delegation and conflict of interests

In compliance with the provisions of the Depositary Bank Agreement and the Law of 2010, the Depositary Bank may, subject to certain conditions and in order to effectively conduct its duties, delegate part or all of its safe-keeping duties in relation to financial instruments that can be held in custody, duly entrusted to the Depositary Bank for custody purposes, and/or all or part of its duties regarding the record keeping and verification of ownership of other assets of the Company to one or more sub-custodian(s), as they are appointed by the Depositary Bank from time to time.

Prior to the appointment of any sub-custodian and sub-delegate and on an ongoing basis based on applicable laws and regulations as well as its conflict of interests policy the Depositary Bank shall assess potential conflicts of interests that may arise from the delegation of its safekeeping functions. The Depositary Bank is part of the UBS Group, a worldwide, full-service private banking, investment banking, asset management and financial services organization which is a major participant in the global financial markets. As such, potential conflicts of interest from the delegation of its safekeeping functions could arise as the Depositary Bank and its affiliates are active in various business activities and may have differing direct or indirect interests.

Irrespective of whether a given sub-custodian or sub-delegate is part of the UBS Group or not, the Depositary Bank will exercise the same level of due skill, care and diligence both in relation to the selection and appointment as well as in the ongoing monitoring of the relevant sub-custodian or sub-delegate. Furthermore, the conditions of any appointment of a sub-custodian or sub-delegate that is member of the UBS Group will be negotiated at arm's length in order to ensure the interests of the Company and its Shareholders. Should a conflict of interest occur and in case such conflict of interest

cannot be mitigated, such conflict of interest as well as the decisions taken will be disclosed to Shareholders. An up-to-date description of any safekeeping functions delegated by the Depositary Bank and an up-to-date list of these delegates and sub-delegate(s) can be found on the following webpage: <https://www.ubs.com/global/en/legalinfo2/luxembourg.html>.

Liability

The Depositary Bank is liable to the Company or Shareholders for the loss of a financial instrument held in custody within the meaning of Article 35 (1) of the Law of 2010 and Article 12 of the Commission Delegated Regulation (EU) 2016/438 of 17 December 2015 supplementing Directive 2009/65/EC with regard to obligations of depositaries (the "**Company Custodial Assets**") by the Depositary Bank and/or a sub-custodian (the "**Loss of a Company Custodial Asset**").

In case of Loss of a Company Custodial Asset, the Depositary Bank has to return a financial instrument of an identical type or the corresponding amount to the Company without undue delay. In accordance with the provisions of the Law of 2010, the Depositary Bank will not be liable for the Loss of a Company Custodial Asset, if such Loss of a Company Custodial Asset has arisen as a result of an external event beyond its reasonable control, the consequences of which would have been unavoidable despite all reasonable efforts to the contrary.

The Depositary Bank shall be liable to the Company and to the Shareholders for all other direct losses suffered by them as a result of the Depositary Bank's negligence or intentional failure to properly fulfil its duties in accordance with applicable law, in particular the Law of 2010 and the Depositary Bank Agreement.

Termination

The Company and the Depositary Bank may terminate the Depositary Bank Agreement at any time by giving three (3) months' notice by registered letter. The Depositary Bank Agreement may also be terminated on shorter notice in certain circumstances, for instance where one party commits a material breach of its obligations. In case no new depositary is appointed before the expiry of the notice period, the Depositary Bank shall take all necessary steps to ensure good preservation of the interests of the Shareholders, including the obligation to maintain or open all the accounts necessary for the safekeeping of the different assets of the Company until the closure of the liquidation of the Company.

Fees

The Depositary Bank is entitled to receive a remuneration for its services as agreed in the Depositary Bank Agreement and as detailed in section 8 of the Prospectus. In addition, the Depositary Bank is entitled to be reimbursed by the Company for its reasonable out-of-pocket expenses and disbursements, including, but not limited to, taxes, duties, charges and broker fees, whether existing now or imposed in the future and which are paid by the Depositary Bank or for which the Depositary Bank may be held liable and for the charges of any correspondents.

Depositary Bank's independence from the Fund

The Depositary Bank is not involved, directly or indirectly, with the business affairs, organization or management of the Company and is not responsible for the content of this document and thus accepts no responsibility for the accuracy of any information contained herein or the validity of the structure and investments of the Company. The Depositary Bank has no decision-making discretion nor any advice duty relating to the Company's investments and is prohibited from meddling in the management of the Company's investments. The Depositary Bank does not have any investment decision-making role in relation to the Company.

Outsourcing and data protection

Information about outsourcing and potential processing of investors' data by the Depositary may be found at <https://www.ubs.com/lu/en/wealth-management/about-us/europe-se.html> specifically in the General Terms and Conditions (GTCs) of the Depositary Bank (containing relevant outsourcing information) and the privacy notice (covering personal data processing pursuant to the applicable data protection laws).

Domiciliary and Corporate Services Agent

The Company has appointed UBS Europe SE, Luxembourg Branch as its Domiciliation Agent and Corporate Services Agent, pursuant to the Corporate Secretary and Domiciliation Agent Agreement effective 1 April 2021, as may be amended from time to time. In such capacity, UBS Europe SE, Luxembourg Branch is entrusted with the domiciliation of the Company and shall, in particular, allow the Company to establish its registered office at the place of business of UBS Europe SE, Luxembourg Branch and provide facilities in the course of the day-to-day administration of the Fund. The Domiciliation Agent and Corporate Services Agent is entitled to charge fees as further determined under section 8 of the Prospectus.

10.5 Administrative Agent

Northern Trust Global Services SE has been appointed as administrative agent, registrar and transfer agent of the Company pursuant to the central administration agreement (the "**Administration Agreement**").

The term "Administrative Agent" is to be understood as "UCI Administrator" within the meaning of Circular CSSF 22/811.

Under the terms of the Administration Agreement, the Administrative Agent shall:

- (a) Keep the accounts of the Company and make its accounting records available to Shareholders;
- (b) Process the issue and redemption of the shares of the Company;
- (c) Maintain the register of Shareholders;
- (d) Draw up the financial reports and all other documents relating to investments;
- (e) Send correspondence, financial reports and all other documents intended for Shareholders (including client communication); and
- (f) Process the calculation of the Net Asset Value.

The Administrative Agent will not be liable for the investment decisions of the Company or of the Management Company on behalf of the Company nor the consequences of such investment decisions on the Company's performances and the Administrative Agent is not responsible for the monitoring of the compliance of such investments with the rules contained in the Articles and/or the Prospectus.

The Central Administration Agreement provides that it will remain in force for an unlimited period and that it may be terminated by either party at any time upon three (3) months written notice.

11. GENERAL MEETINGS AND REPORTS

11.1 General Meetings

The annual general meeting of Shareholders will be held at the registered office of the Company the last Wednesday of the month of March each year thereafter (unless such date falls on a legal bank holiday, in which case on the next Business Day) at 15:00 (Luxembourg time).

Shareholders of any Sub-Fund may hold, at any time, general meetings to decide on any matters that relate exclusively to such Sub-Fund.

Notices of all general meetings are sent by mail to all registered Shareholders at their registered address at least eight days prior to such meeting. Such notice will indicate the time and place of such meeting and the conditions of admission thereto, will contain the agenda and will refer to the requirements of Luxembourg law with regard to the necessary quorum and majorities at such meeting.

11.2 Annual and Semi-annual Reports

The Company's financial year ends on 31 December of each year.

Audited Annual Reports will be made available to the public at the registered office of the Company within four (4) months after the end of the financial year and the latest Annual Report shall be available at least eight (8) days before the annual general meeting.

Unaudited Semi-annual Reports are also made available at such registered office within two (2) months after 30 June.

The annual and semi-annual reports are also available on the Company's website (<https://www.dynasty-am.lu>).

The consolidated currency of the Company is Euro (EUR).

11.3 Documents Available for Inspection

Copies of the following documents may be delivered without cost to interested investors at their request and may be inspected free of charge during usual business hours on any week day (Saturday and public holidays excepted) at the registered office of the Company:

- (a) The most recent Prospectus;
- (b) The KID(s);
- (c) The Articles of Incorporation;
- (d) The Annual and Semi-annual Reports.

A list of the funds managed by the Management Company is available at the Management Company's registered office.

12. DIVIDEND POLICY

- 12.1 The Board of Directors of the Company may propose to the Shareholders that the net income of the Company (if any) be accumulated and reinvested and that no distribution be paid to Shareholders, but they may propose, from time to time, at their discretion that the Company pays a dividend.
- 12.2 The Board of Directors may decide, for the Sub-Funds concerned, payment of interim dividends for the past or current year in compliance with legal requirements.
- 12.3 When the Board of Directors decides to propose payment of a dividend, it will be calculated according to the limits provided for this purpose by the Law of 1915 and the Articles of Incorporation. Notice of dividend payment will be published if the Board of Directors considers suitable. The collection charges shall be paid by the Shareholders.
- 12.4 Dividends and interim dividends not claimed within five years of the date of payment will lapse and will return to the Sub-Fund concerned.
- 12.5 Particularities about the dividend policy relating to a specific Sub-Fund (if any) are described under Appendix D.

13. REMUNERATION POLICY

- 13.1 The Management Company has established a remuneration policy for those categories of staff, including senior management, risk takers, control functions and any employees receiving total remuneration that takes them into the same remuneration bracket as senior management and risk takers whose professional activities have a material impact on the risk profiles of the Management Company or the Company, that:
- is consistent with and promote a sound and effective risk management and do not encourage risk-taking which is inconsistent with the risk profiles of the Company or with its Articles of Incorporation;
 - is in line with the business strategy, objective values and interests of the Management Company and which do not interfere with the obligation of the Management Company to act in the best interests of the Company;
 - includes an assessment of performance set in a multi-year framework appropriate to the holding period recommended to the investors of the Company in order to ensure that the assessment process is based on the longer-term performance of the Company and its investment risks; and
 - appropriately balances fixed and variable components of total remuneration.

13.2 "Remuneration" consists of all forms of payments or benefits made directly by, or indirectly but on behalf of, the Company in exchange for professional services rendered by the Company staff. Remuneration can be divided into:

- fixed remuneration (payments or benefits without consideration of any performance criteria); and
- variable remuneration (additional payments or benefits depending on performance or, in certain cases, other contractual criteria).

Both components of remuneration (fixed and variable) may include monetary payments or benefits (such as cash, equity, or equity-linked instruments).

13.3 The up-to-date remuneration policy of the Management Company, including, but not limited to, a description of how remuneration and benefits are calculated, the identity of persons responsible for awarding the remuneration and benefits, is available at <https://www.dynasty-am.lu/wp-content/uploads/2023/11/0500-04-Remuneration-Policy.pdf>. A paper copy is available free of charge upon request at the Management Company's registered office.

13.4 Within its area of responsibility, the board of directors of the Management Company has the power to approve and monitor the overall remuneration policy for all of the Management Company's remunerated staff. When establishing and monitoring the remuneration policy, the board may base its decisions on the recommendations of a Remuneration Committee, composed of directors whom the majority must be independent. The Remuneration Committee is responsible for drawing up remuneration proposals, in particular for employees having an impact on the risk profile or risk management of the Management Company or the UCIs that it manages. The board shall adopt the remuneration policy following consultation with the Remuneration Committee. The Remuneration Committee is responsible for taking decisions on remuneration, including those having an impact on the risk profile.

14. BENCHMARK REGULATION

14.1 As of the date of this Prospectus, the administrators of benchmarks used by the Company and who have been included in the register of administrators and benchmarks maintained by ESMA pursuant to Article 36 of the Benchmark Regulation are as follows:

Benchmark administrators	Location	Sub-Fund
ICE Data Indices LLC	United States	DYNASTY SICAV - Dynasty Credit Sub

- 14.2 The Management Company maintains a written plan setting out the actions that will be taken in the event of a benchmark materially changing or ceasing to be provided. Further information on the plan is available on request and free of charge from the Management Company's registered office.

15. LIQUIDATION, TERMINATION AND AMALGAMATION

- 15.1 The Company may at any time be dissolved by a resolution taken by the general meeting of Shareholders subject to the quorum and majority requirements as defined in the Articles of Incorporation.
- 15.2 Whenever the capital falls below two thirds of the minimum capital as provided by the Law of 2010, the Board of Directors must submit the question of the dissolution of the Company to the general meeting of Shareholders. The general meeting, for which no quorum shall be required, shall decide on simple majority of the votes of the Shares present and represented at the meeting.
- 15.3 The question of the dissolution of the Company shall also be referred to the general meeting of Shareholders whenever the capital falls below one quarter of the minimum capital. In such event, the general meeting shall be held without quorum requirements, and the dissolution may be decided by the Shareholders holding one quarter of the votes present and represented at that meeting.
- 15.4 The meeting must be convened so that it is held within a period of forty (40) days from when it is ascertained that the net assets of the Company have fallen below two thirds or one quarter of the legal minimum as the case may be.
- 15.5 The issue of new Shares by the Company shall cease on the date of publication of the notice of the general meeting of Shareholders, to which the dissolution and liquidation of the Company shall be proposed.
- 15.6 One or more liquidators shall be appointed by the general meeting of Shareholders to realise the assets of the Company, subject to the supervision of the relevant supervisory authority in the best interests of the Shareholders. The proceeds of the liquidation of each Sub-Fund, net of all liquidation expenses, shall be distributed by the liquidators among the holders of Shares in each Class in accordance with their respective rights. The amounts not claimed by Shareholders at the end of the liquidation process shall be deposited, in accordance with Luxembourg law, with the *Caisse de Consignation* in Luxembourg until the statutory limitation period has lapsed.

15.7 Termination of a Sub-Fund, Class

- 15.7.1 In the event that for any reason the value of the net assets of any Sub-Fund, Class has decreased to, or has not reached, an amount determined by the Board of Directors from time to time to be the minimum level for such Sub-Fund, Class to be operated in an economically efficient manner, or in case of a substantial modification in the political, economic or monetary situation relating to such Sub-Fund, Class would have material adverse consequences on the investments of that Sub-Fund, Class or as a matter of economic rationalization, the Board of Directors may decide to compulsorily redeem all the Shares of the relevant Sub-Fund, Class at their Net Asset Value per Share (taking into account actual realization prices of investments and realization expenses) as calculated on the Valuation Day at which such decision shall take effect.
- 15.7.2 The Company shall serve a notice in writing to the Shareholders of the relevant Sub-Fund, Class prior to the effective date for the compulsory redemption, which will set forth the reasons for, and the procedure of, the redemption operations.
- 15.7.3 Unless it is otherwise decided in the interests of, or to keep equal treatment between, the Shareholders of the Sub-Fund, Class concerned, the Shareholders concerned may continue to request redemption of their Shares free of charge (but taking into account actual realization prices of investments and realization expenses) prior to the date effective for the compulsory redemption.
- 15.7.4 Any request for subscription shall be suspended as from the moment of the announcement of the termination of the relevant Sub-Fund/Class.
- 15.7.5 Notwithstanding the powers conferred to the Board of Directors by the preceding paragraphs, the general meeting of Shareholders of any Sub-Fund, Class may, upon proposal from the Board of Directors, resolve to redeem all the Shares of the relevant Sub-Fund, Class and to refund to the Shareholders the Net Asset Value of their Shares (taking into account actual realisation prices of investments and realisation expenses) determined with respect to the Valuation Day on which such decision shall take effect. There shall be no quorum requirements for such general meeting of Shareholders, which shall resolve at the simple majority of those present and represented.
- 15.7.6 Assets which could not be distributed to their owners upon the implementation of the redemption will be deposited with the *Caisse de Consignation* on behalf of the persons entitled thereto immediately after the closure of the liquidation.
- 15.7.7 All redeemed Shares shall be cancelled by the Company.

15.8 Amalgamation, Division or Transfer of Sub-Funds, Classes

- 15.8.1 Under the same circumstances as provided above in the section "Termination of a Sub-Fund, Class" of this Prospectus, the Board of Directors may decide to allocate the assets of any Sub-Fund, Class to those of another existing Sub-Fund, Class within the Company or to another UCITS as defined under the Directive 2009/65/EC or to another sub-fund, class within such UCITS (hereinafter referred to as the "new sub-fund, class") and to re-designate the Shares of the relevant Sub-Fund, Class as Shares of another sub-fund, class (following a split or consolidation, if necessary, and the payment of the amount corresponding to any fractional entitlement to Shareholders).
- 15.8.2 Under the same circumstances as provided above in the section "Termination of a Sub-Fund, Class" of this Prospectus, the Board of Directors may decide to reorganise a Sub-Fund, Class by means of a division into two or more Sub-Funds, Classes and/or Categories.
- 15.8.3 Notwithstanding the powers conferred to the Board of Directors by the preceding paragraphs, such a reorganisation of a Sub-Fund, Class within the Company (by way of an amalgamation or division) may be decided upon by a general meeting of the Shareholders of the relevant Sub-Fund, Class. There shall be no quorum requirements for such general meeting and it will decide upon such an amalgamation or division by resolution taken at the simple majority of those present or represented.
- 15.8.4 A contribution of the assets and of the liabilities distributable to any Sub-Fund, Class to another UCITS referred to above or to another sub-fund, class within such other UCITS shall, require a resolution of the Shareholders of the Sub-Fund, Class concerned, taken with fifty (50) percent quorum requirement of the Shares in issue and adopted at the simple majority of the Shares present or represented at such meeting.
- 15.8.5 Any of the above decisions by the Board of Directors of the relevant general meeting of Shareholders will be published in the same manner as described above under the section entitled "Termination of a Sub-Fund Class of Shares" (and, in addition, the publication will contain information about the two or more new sub-funds, classes or categories) at least one (1) month before the date on which the division or amalgamation becomes effective in order to enable the Shareholders concerned to request redemption or conversion of their Shares free of charge during such period, the resolutions will be binding on all Shareholders. In addition, the provisions on amalgamations of UCITS set forth in the Law of 2010 and any implementing regulation (relating in particular to the notification of the Shareholders concerned) shall apply.

- 15.8.6 Any request for subscription shall be suspended as from the moment of the announcement of the amalgamation, the division or the transfer of the relevant Sub-Fund, Class.

16. APPLICABLE LAW

- 16.1 The Luxembourg District Court is the exclusive forum for all legal disputes between the Shareholders and the Company. Luxembourg law governs all aspects of the relationship between the Shareholders and the Company. However, in matters concerning the claims of investors from other jurisdictions, the Company can elect to make itself subject to those jurisdictions.
- 16.2 The English version of this Prospectus is the authoritative version and shall prevail in the event of any inconsistency with any translation hereof.
- 16.3 Statements made in this Prospectus are based on the laws and practice in force at the date of this Prospectus in the Grand Duchy of Luxembourg, and are subject to changes in those laws and practice.

APPENDIX A – INVESTMENT POWERS AND RESTRICTIONS

1. INVESTMENT RESTRICTIONS

1.1. The Articles of Incorporation provide that the Directors set the corporate and investment policy of the Company and the investment restrictions applicable, from time to time, to the investments.

1.2. In that respect, the directors have decided that the following restrictions will apply to the investments of the Company, as well as to the investments of each of the Sub-Funds:

I. (1) The Company may invest in:

- a) Transferable securities and money market instruments admitted to or dealt in on a Regulated Market;*
- b) Transferable securities and money market instruments dealt in on another market in a Member State of the European Union which is regulated, operates regularly and is recognised and open to the public;*
- c) Transferable securities and money market instruments admitted to official listing on a stock exchange or dealt in on another market which is regulated, operates regularly and is recognised and open to the public in Argentina, Australia, Brazil, Canada, Chili, Egypt, Hong Kong, India, Indonesia, Jersey, Japan, Malaysia, Mexico, Norway, People's Republic of China, the Russian Federation, Singapore, South Africa, the United Arab Emirates, South Korea, Switzerland, Thailand, Turkey and the United States of America;*
- d) Recently issued transferable securities and money market instruments, provided that the terms of issue include an undertaking that application will be made for admission to official listing on a regulated market, as defined in sections a), b) and c) above, and such admission is secured within one year of the issue;*
- e) Units of UCITS and/or other UCIs, whether situated in an EU Member State or not, provided that:*
 - Such other UCIs have been authorised under the laws of any Member State of the EU or under the laws of those countries which can provide that they are subject to supervision considered by the CSSF to be equivalent to that laid down in European Community Law and that cooperation between authorities is sufficiently ensured;*

- *The level of protection for unitholders in such other UCIs is equivalent to that provided for unitholders in a UCITS, and in particular that the rules on assets segregation, borrowing, lending, and uncovered sales of transferable securities and money market instruments are equivalent to the requirements of Directive 2009/65/EC, as amended;*
 - *The business of such other UCIs is reported in half-yearly and annual reports to enable an assessment of the assets and liabilities, income and operations over the reporting period;*
 - *No more than 10% of the assets of the UCITS or of the other UCIs, whose acquisition is contemplated, can, according to their constitutional documents, in aggregate be invested in units of other UCITS or other UCIs.*
- f) *Deposits with credit institutions which are repayable on demand or have the right to be withdrawn, and maturing in no more than 12 months, provided that the credit institution has its registered office in a country which is an OECD member state and a FATF State;*
- g) *Financial derivative instruments, including equivalent cash-settled instruments, dealt in on a regulated market and/or financial derivative instruments dealt in over-the-counter ("**OTC derivatives**"), provided that:*
- *The underlying consists of instruments covered by this section (I) (1), financial indices, interest rates, foreign exchange rates or currencies, in which the Company may invest according to its investment objective;*
 - *The counterparties to OTC derivative transactions are institutions subject to prudential supervision, and belonging to the categories approved by the Luxembourg supervisory authority;*
 - *The OTC derivatives are subject to reliable and verifiable valuation on a daily basis and can be sold, liquidated or closed by an offsetting transaction at any time at their fair value at the Company's initiative;*
- and/or*
- h) *Money market instruments other than those dealt in on a regulated market, if the issue or the issuer of such instruments are themselves regulated for the purpose of protecting investors and savings, and provided that such instruments are:*

- *Issued or guaranteed by a central, regional or local authority or by a central bank of an EU Member State, the European Central Bank, the EU or the European Investment Bank, a non- EU Member State or, in case of a Federal State, by one of the members making up the federation, or by a public international body to which one or more EU Member States belong, or*
- *Issued by an undertaking any securities of which are dealt in on regulated markets, or*
- *Issued or guaranteed by a credit institution which has its registered office in a country which is an OECD member state and a FATF State, or*
- *Issued by other bodies belonging to the categories approved by the CSSF provided that investments in such instruments are subject to investor protection equivalent to that laid down in the first, the second or the third indent and provided that the issuer is a company whose capital and reserves amount to at least ten million euro (Euro 10,000,000) and which presents and publishes its annual accounts in accordance with the Directive 2013/34/EU, is an entity which, within a group of companies which includes one or several listed companies, is dedicated to the financing of the group or is an entity which is dedicated to the financing of securitisation vehicles which benefit from a banking liquidity line.*

- I. (2) *In addition, the Company may invest a maximum of 10% of the net assets of any Sub-Fund in transferable securities and money market instruments other than those referred to under (1) above.*
- II. *The Company may hold ancillary liquid assets (being bank deposits at sight, such as cash held in current accounts with a bank accessible at any time). Liquid assets held in margin accounts in relation to financial derivative instruments are not considered as ancillary liquid assets. Each Sub-Fund will not invest more than 20% of its net assets in ancillary liquid assets for ancillary liquidity purposes in normal market conditions. Under exceptional unfavourable market conditions and on a temporary basis, unless otherwise provided in Appendix D, this limit may be breached, if justified in the interest of the investors.*
- III. a) (i) *The Company will invest no more than 10% of the net assets of any Sub-Fund in transferable securities or money market instruments issued by the same issuing body.*

- (ii) *The Company may not invest more than 20% of the net assets of any Sub-Fund in deposits made with the same body. The risk exposure of a Sub-Fund to a counterparty in an OTC derivative transaction may not exceed 10% of its net assets when the counterparty is a credit institution referred to in I. f) above or 5% of its net assets in other cases.*
- b) *Moreover, where the Company holds on behalf of a Sub-Fund investments in transferable securities and money market instruments of issuing bodies which individually exceed 5% of the net assets of such Sub-Fund, the total of all such investments must not account for more than 40% of the total net assets of such Sub-Fund.*

This limitation does not apply to deposits and OTC derivative transactions made with financial institutions subject to prudential supervision.

Notwithstanding the individual limits laid down in paragraph a), the Company may not combine for each Sub-Fund:

- *Investments in transferable securities or money market instruments issued by a single body;*
- *Deposits made with the same body; and/or*
- *Exposure arising from OTC derivative transactions undertaken with the same body in excess of 20% of its net assets.*
- c) *The limit of 10% laid down in sub-paragraph a) (i) above is increased to a maximum of 35% in respect of transferable securities or money market instruments which are issued or guaranteed by an EU Member State, its local authorities, or by a non-EU Member State or by public international bodies of which one or more EU Member States are members.*
- d) *The limit of 10% laid down in sub-paragraph a) (i) is increased to 25% for covered bond, as defined under article 3, point 1 of Directive (EU) 2019/2162 of the European Parliament and of the Council of 27 November 2019 on the issue of covered bonds and covered bond public supervision and amending Directives 2009/65/EC and 2014/59/EU, and for certain bonds when they are issued before 8 July 2022 by a credit institution which has its registered office in a Member*

State of the EU and is subject by law, to special public supervision designed to protect bondholders. In particular, sums deriving from the issue of these bonds issued before 8 July 2022 must be invested in conformity with the law in assets which, during the whole period of validity of the bonds, are capable of covering claims attaching to the bonds and which, in case of bankruptcy of the issuer, would be used on a priority basis for the repayment of principal and payment of the accrued interest.

If a Sub-Fund invests more than 5% of its net assets in the bonds referred to in this sub-paragraph and issued by one issuer, the total value of such investments may not exceed 80% of the net assets of the Sub-Fund.

- e) The transferable securities and money market instruments referred to in paragraphs c) and d) shall not be included in the calculation of the limit of 40% in paragraph b).*

The limits set out in paragraphs a), b), c) and d) may not be aggregated and, accordingly, investments in transferable securities or money market instruments issued by the same issuing body, in deposits or in derivative instruments effected with the same issuing body may not, in any event, exceed a total of 35% of any Sub-Fund's net assets.

Companies which are part of the same group for the purposes of the establishment of consolidated accounts, as defined in accordance with Directive 2013/34/EU or in accordance with recognised international accounting rules, are regarded as a single body for the purpose of calculating the limits contained in this paragraph III.

The Company may cumulatively invest up to 20% of the net assets of a Sub-Fund in transferable securities and money market instruments within the same group.

- IV. *By way of derogation to paragraph III., the Company is authorised to invest up to 100% of the net assets of any Sub-Fund, in accordance with the principle of risk spreading, in transferable securities and money market instruments issued or guaranteed by a Member State of the EU, by its local authorities or agencies, or by another member State of the OECD or by public international bodies of which one or more Member States of the EU are members, provided that such Sub-Fund must hold securities from at least six different issues and securities from one issue do not account for more than 30% of the net assets of such Sub-Fund.***

- V. a) *Without prejudice to the limits laid down in paragraph VI., the limits provided in paragraph III. are raised to a maximum of 20% for investments in shares and/or bonds issued by the same issuing body if the aim of the investment policy of a Sub-Fund is to replicate the composition of a certain stock or bond index which is sufficiently diversified, represents an adequate benchmark for the market to which it refers, is published in an appropriate manner and disclosed in the relevant Sub-Fund's investment policy.*
- b) *The limit laid down in paragraph a) is raised to 35% where this proves to be justified by exceptional market conditions, in particular on regulated markets where certain transferable securities or money market instruments are highly dominant. The investment up to this limit is only permitted for a single issuer.*
- VI. a) *The Company may not acquire shares carrying voting rights which should enable it to exercise significant influence over the management of an issuing body.*
- b) *Any Sub-Fund may acquire no more than:*
- 10% of the non-voting shares of the same issuer;*
 - 10% of the debt securities of the same issuer;*
 - 25% of the units of the same UCITS or other UCI;*
 - 10% of the money market instruments of the same issuer.*
- These limits under second, third and fourth indents may be disregarded at the time of acquisition, if at that time the gross amount of debt securities, of the money market instruments or the net amount of the instruments in issue cannot be calculated.*
- c) *The provisions of paragraph VI. a) and b) shall not be applicable to transferable securities and money market instruments issued or guaranteed by a Member State of the EU or its local authorities or by a non-EU Member State, or issued by public international bodies of which one or more Member States of the EU are members.*
- d) *These provisions are also waived as regards shares held by the Company in the capital of a company incorporated in a non-Member State of the EU which invests its assets mainly in the securities of issuing bodies having their registered office in that State, where under the legislation of that State, such a holding represents the only way in which the Company can invest in the securities of issuing bodies of that State provided that the investment policy of the Company from the non-Member State of the EU complies with the limits laid down in paragraph III., VI. a) and b) and VII.*
- VII. a) *The Company may acquire units of the UCITS and/or other UCIs referred to in paragraph I) (1) e), provided that no more than 10% of a Sub-Fund's net assets be*

invested in the units of UCITS or other UCIs or in one single such UCITS or other UCI.

- b) The underlying investments held by the UCITS or other UCIs in which the Company invests do not have to be considered for the purpose of the investment restrictions set forth under III. above.*
- c) When a Sub-Fund invests in the units of other UCITS and/or other UCIs that are managed, directly or by delegation, by the same investment manager or by any other company with which the investment manager is linked by common management or control, or by a substantial direct or indirect holding regarded as more than 10% of the voting rights or share capital, no subscription or redemption or management fees may be charged to the Company on the account of its investment in the units of such other UCITS and/or UCIs.*
- d) If any Sub-Fund's investments in UCITS and other UCIs constitute a substantial proportion of that Sub-Fund's assets, the total management fee (excluding any performance fee, if any) charged both to such Sub-Fund itself and the UCITS and/or other UCIs concerned shall not exceed 5% of the relevant assets. The Company will indicate in its annual report the total management fees charged both to the relevant Sub-Fund and to the UCITS and other UCIs in which such Sub-Fund has invested during the relevant period.*

VIII. The Company shall ensure for each Sub-Fund that the global exposure relating to derivative instruments does not exceed the net assets of the relevant Sub-Fund.

The exposure is calculated taking into account the current value of the underlying assets, the counterparty risk, foreseeable market movements and the time available to liquidate the positions. This shall also apply to the following subparagraphs.

If the Company invests in financial derivative instruments, the exposure to the underlying assets may not exceed in aggregate the investment limits laid down in paragraph III above. When the Company invests in index-based financial derivative instruments, these investments do not have to be combined to the limits laid down in paragraph III.

When a transferable security or money market instrument embeds a derivative, the latter must be taken into account when complying with the requirements of this paragraph.

- IX. a) The Company may not borrow for the account of any Sub-Fund amounts in excess of 10% of the net assets of that Sub-Fund, any such borrowings to be from banks and to be effected only on a temporary basis, provided that the Company may acquire foreign currencies by means of back to back loans. Borrowed funds may not be used for investment purposes.*

- b) *The Company may not grant loans to or act as guarantor on behalf of third parties.*

This restriction shall not prevent the Company from (i) acquiring transferable securities, money market instruments or other financial instruments referred to in I. (1) e), g) and h) which are not fully paid, and (ii) performing permitted securities lending activities, that shall not be deemed to constitute the making of a loan.

- c) *The Company may not carry out uncovered sales of transferable securities, money market instruments or other financial instruments referred to in I. (1) e), g) and h).*
- d) *The Company may not acquire movable or immovable property, excepted if it is essential for the direct pursuit of its business.*
- e) *The Company may not acquire either physical ownership of precious metals or certificates representing them.*

- X. a) *The Company needs not comply with the limits laid down under I. to X. above when exercising subscription rights attaching to transferable securities or money market instruments which form part of its assets. While ensuring observance of the principle of risk spreading, recently created funds may derogate from paragraphs III., IV., V. and VII for a period of six months following the date of their creation.*

- b) *If the limits referred to in paragraph a) are exceeded for reasons beyond the control of the Company or as a result of the exercise of subscription rights, it must adopt as a priority objective for its sales transactions the remedying of that situation, taking due account of the interest of its Shareholders.*

- c) *To the extent that an issuer is a legal entity with multiple compartments where the assets of the compartment are exclusively reserved to the investors in such compartment and to those creditors whose claim has arisen in connection with the creation, operation or liquidation of that compartment, each compartment is to be considered as a separate issuer for the purpose of the application of the risk spreading rules set out in paragraphs III., IV. and VII.*

- XI. *The Company may not use its assets to underwrite or sub-underwrite any securities, except to the extent that, in connection with the sale of portfolio securities, it may be deemed to be an underwriter under applicable securities laws.*

XII. Cross-Sub-Fund investments:

Each Sub-Fund may subscribe for, acquire and/or hold shares issued or to be issued by one or more other Sub-Funds, if:

- (i) The target Sub-Fund does not, in turn, invest in the Sub-Fund invested in this target Sub-Fund;*
- (ii) No more than 10% of the assets of the target Sub-Fund whose acquisition is contemplated may, pursuant to its respective sales prospectus or articles of incorporation, be invested in aggregate in units/shares of other UCITS or other collective investment undertakings;*
- (iii) Voting rights, if any attaching to the relevant securities are suspended for as long as they are held by the Sub-Fund concerned and without prejudice to the appropriate processing in the accounts and the periodic reports; and*
- (iv) In any event, for as long as these securities are held by the relevant Sub-Fund, their value will not be taken into consideration for the purposes of verifying the minimum threshold of the net assets imposed by the Law of 2010.*

APPENDIX B - SPECIAL TECHNIQUES AND INSTRUMENTS

1. For the purpose of efficient portfolio management and/or to protect its assets and commitments, the Company may arrange for each Sub-Fund to make use of techniques and instruments relating to Transferable Securities and Money Market Instruments.
2. Efficient portfolio management transactions may not include speculative transactions. These transactions must be economically appropriate (this implies that they are realised in a cost-effective way) and entered into for one or more of the following specific aims:
 - (i) The reduction of risk;
 - (ii) The reduction of cost; or
 - (iii) The generation of additional capital or income for the Company with an acceptably low level of risk, taking into account its risk profile and the risk diversification rules laid down in Article 43 of the Law of 2010.
3. The relating risks of these transactions will be monitored by the Company's risk management process.
4. The Company may trade stock index futures for the purpose of hedging against a global risk of an unfavourable evolution of stock markets. For the same purpose, it may also write call and put options on stock indices and equities.
5. The hedging purpose of these transactions presupposes that there exists a sufficient correlation between the underlying and the assets to hedge.
6. In principle, the aggregate commitments resulting from futures contracts and index and equity options may not exceed the aggregate estimated market value of the securities held by each sub-fund in the corresponding market. The Company may sell interest rate futures contracts for the purpose of achieving a global hedge against interest rate fluctuations. It may also for the same purpose write call options or purchase put options on interest rates or enter into interest rate swaps by private agreement with highly rated financial institutions specialised in this type of operations.
7. In principle, the aggregate of the commitments relating to futures contracts, options and swap transactions on interest rates may not exceed the aggregate estimated market value of the assets to be hedged and held by each sub-fund in the currency corresponding to those contracts. In order to protect its assets against currency fluctuations, the Company may enter into transactions the objects of which are currency forward contracts as well as the writing of call options and the purchase of put options on currencies. The transactions referred to herein may only concern contracts which are traded on a regulated market which is operating regularly, recognised and open to the public.

8. For the same purpose, the Company may also enter into forward sales of currencies or exchange currencies on the basis of private agreements with highly rated financial institutions specialised in this type of transactions.
9. The hereinbefore mentioned transactions' objective of achieving a hedge presupposes the existence of a direct relationship between them and the assets to be hedged. This implies that transactions made in one currency may in principle not exceed the valuation of the aggregate assets denominated in that currency nor exceed the period during which such assets are held.
10. In its financial reports, the Company must indicate, for the different types of transactions made, the aggregate amount of commitments relating to transactions outstanding as at the date of reference of the relevant reports.
11. In no case whatsoever must the recourse to transactions involving derivatives or other financial techniques and instruments cause the Company to depart from the investment objectives as set out in the Prospectus or add substantial supplementary risks in comparison to the Company's general risk policy (as described in the Prospectus).

Cash collateral received by the Company in relation to OTC derivatives transactions made for the purpose of efficient portfolio management and/or for the purpose of protecting the Company's assets and commitments, may be reinvested in accordance with the same principles as those outlined in the CSSF circular 08/356 dated 4 June 2008 concerning UCITS employing certain techniques and instruments relating to transferable securities and money market instruments and Circular 14/592. When these transactions involve the use of derivatives, the conditions and restrictions set out above in Appendix A must be complied with.

12. Use of Derivatives

- 12.1. If specified in the relevant Appendix D, Sub-Funds are authorised to use derivatives either for hedging or efficient portfolio management purposes including duration management or as part of their investment strategies as described, and within the limits set forth in the Sub-Funds' investment objectives.
- 12.2. The Company must employ a risk-management process, which enables it to monitor and measure at any time the risk of the positions and their contribution to the overall risk profile of the portfolio; it must employ a process for accurate and independent assessment of the value of OTC derivative instruments. It must communicate to the CSSF regularly and in accordance with the detailed rules defined by the latter, the types of derivative instruments, the underlying risks, the quantitative limits and the methods, which are chosen in order to estimate the risks, associated with transactions in derivative instruments.

- 12.3. The Company will ensure that the global exposure relating to derivatives shall not exceed the total net value of a Sub-Fund. The exposure is calculated taking into account the current value of the underlying assets, the counterparty risk, future market movements and the time available to liquidate the positions.
- 12.4. The Annual Reports will contain, in respect of each Sub-Fund that has entered into financial derivative instruments over the relevant reporting period, details of:
 - 12.4.1. the underlying exposure obtained through financial derivative instruments;
 - 12.4.2. the identity of the counterparty(ies) to these financial derivative instruments;
 - 12.4.3. the type and amount of collateral received to reduce counterparty risk exposure.
- 12.5. The Sub-Funds are authorised to employ techniques and instruments relating to transferable securities or money market instruments subject to the following conditions:
 - 12.5.1. they are economically appropriate in that they are realised in a cost-effective way;
 - 12.5.2. they are entered into for one or more of the following specific aims:
 - a. reduction of risk;
 - b. reduction of cost;
 - c. generation of additional capital or income for the relevant Sub-Fund with a level of risk which is consistent with its risk profile and applicable risk diversification rules;
 - 12.5.3. their risks are adequately captured by the Company's risk management process.
- 12.6. The Company does not use securities financing transactions nor total return swaps covered by Regulation (EU) 2015/2365 on transparency of securities financing transactions and of reuse and amending Regulation (EU) 648/2012.
 - 12.6.1. The Company's Annual Report will include the following information:
 - a. the exposure obtained through efficient portfolio management techniques;
 - b. where collateral received from an issuer has exceeded 20% of the Net Asset Value of the Company, the identity of that issuer;

- c. where the Company has been fully collateralised in securities issued or guaranteed by a Member State;
 - d. the identity of the counterparty(ies) to these efficient portfolio management techniques;
 - e. the type and amount of collateral received by the Company to reduce counterparty exposure; and
 - f. the revenues arising from efficient portfolio management techniques for the entire reporting period together with the direct and indirect operational costs and fees incurred.
- 12.7. The counterparty risk arising from OTC derivative instruments and efficient portfolio management techniques may not exceed 10% of the assets of a Fund when the counterparty is a credit institution domiciled in the EU or in a country where the CSSF considers that supervisory regulations are equivalent to those prevailing in the European Union. This limit is set at 5% in any other case.
- 12.8. The Sub-Funds shall at any time comply with the collateral eligibility requirements set out in the ESMA Guidelines 2014/937 on ETFs and other UCITS issues that apply to Luxembourg UCITS in accordance with Circular 14/592.

Eligible collateral consists of high credit quality, diversified and liquid assets, valued on a daily basis.

- 12.9. The collateral must be given in the form of cash only.

13. Methodology for Calculating the Global Exposure

- 13.1. The Company has implemented a risk management process for each Sub-Fund in order to comply with its obligations in particular under the Law of 2010, the CSSF Regulation 10-4 on UCITS IV requirements and the CSSF Circular 11/512. The Company may calculate global exposure for the Sub-Fund(s) using the commitment approach, relative VaR or absolute VaR, as further detailed, for each Sub-Fund in the relevant Appendix D.
- 13.2. The selection of the appropriate methodology for calculating global exposure is made by the Directors based upon a consideration of the following factors:
- 13.2.1. whether the relevant Sub-Fund engages in complex investment strategies which represent a significant part of the relevant Sub-Fund's investment policy;
 - 13.2.2. whether the relevant Sub-Fund has a significant exposure to exotic

derivatives; and/or

- 13.2.3. whether the commitment approach adequately captures the market risk of the relevant Sub-Fund's portfolio.
- 13.3. The selection of relative VaR or absolute VaR will depend on whether the relevant Sub-Fund has a leverage free reference portfolio which reflects its investment strategy.
- 13.4. Classification of a Sub-Fund will depend on a consideration of each of these factors and the fact that a Fund is authorised to use derivative instruments for investment purposes will not automatically, in isolation, mean that the global exposure of that Sub-Fund will be calculated using either relative or absolute VaR approach.
- 13.5. In case the global exposure is calculated using the VaR methodology, the expected leverage is provided in the relevant Appendix at the Sub-Fund level, however specific hedged share classes may have higher or lower levels of expected leverage than indicated at the Sub-Fund level.
- 13.6. Expected leverage is provided using the "*sum of the notionals of the derivatives used*" methodology.
- 13.7. Additional information about the realized range of leverage employed by the relevant Sub-Fund(s) can be found in the Annual Report.

APPENDIX C - NET ASSET VALUE

1. NET ASSET VALUE

- 1.1. The Administrative Agent shall assist the Company and the Management Company to determine the Net Asset Value and the Net Asset Value per Share.
- 1.2. The Net Asset Value per Share of each Class of Shares in each Sub-Fund will be expressed in the Reference Currency of the Sub-Fund.
- 1.3. The Net Asset Value per Share of each Class in each Sub-Fund is calculated on every Business Day. Furthermore, the Net Asset Value per Share of each Class in each Sub-Fund as per the year-end is calculated on the last Business Day of the year. Consequently, the last Business Day of the year has the same Valuation Day for the year-end and the month-end for the month of December.
- 1.4. For the purpose of determining the value of the Company's assets, the Administrative Agent, having due regards to the standard of care and diligence in this respect, may exclusively, when calculating the Net Asset Value, rely upon the valuations provided (i) by the Board of Directors and/or the Management Company, (ii) by various pricing sources available on the market such as pricing agencies (e.g., Bloomberg or Reuters) or administrators or Investment Managers (if any) of target UCI, (iii) by prime brokers and brokers or (iv) by (a) specialist(s) duly authorized to that effect by the Board of Directors and/or the Management Company.
- 1.5. In such circumstances, the Administrative Agent shall not, in the absence of manifest error on its part, be responsible for any loss suffered by the Company or any Shareholder by reason of any error in the calculation of the Net Asset Value of the Company or any Sub-Fund or any Class and the Net Asset Value per Share resulting from any inaccuracy in the information provided by the professional pricing sources, by the Board of Directors and/or the Management Company, by brokers and brokers or by specialist(s) duly authorized to that effect by the Board of Directors and/or the Management Company.
- 1.6. If one or more pricing sources fail(s) to provide pricing/valuation for the assets of the Company or any of its Sub-Funds, as applicable, or, if for any reason, the pricing/valuation of any asset of the Company or any of its Sub-Funds may not be determined as rapidly and accurately as required, the Administrative Agent shall promptly inform the Company and/or the Management Company thereof and the Administrative Agent shall obtain from them authorized instructions in order to enable it to finalize the computation of the Net Asset Value of the Company and/or the relevant Sub-Fund. The Company and/or the Management Company may decide to suspend the Net Asset Value calculation of the Company or any of its

Sub-Funds, in accordance with the relevant provisions in the Prospectus and the Articles, and instruct the Administrative Agent to suspend the Net Asset Value calculation. In such circumstances, the Administrative Agent shall not, in the absence of manifest error on its part, be responsible for any loss suffered by the Company or any Shareholder. The Company and/or the Management Company shall be responsible for notifying the suspension of the Net Asset Value calculation to the Shareholders, if required, or instructing the Administrative Agent to do so. If the Company and/or the Management Company do(es) not decide to suspend the Net Asset Value calculation in a timely manner, the Company and/or the Management Company shall be solely liable for all the consequences of a delay in the Net Asset Value calculation, and the Administrative Agent may inform the relevant authorities and the Company's auditor in due course.

- 1.7. The Net Asset Value per Share of each Class of Shares in each Sub-Fund on any Valuation Day is determined by dividing the value of the total assets of that Sub-Fund properly allocable to such Class less the liabilities of such Sub-Fund properly allocable to such Class by the total number of Shares of such Class outstanding on such Valuation Day.
- 1.8. The Subscription Price and the Redemption Price of the different Classes and Categories will differ within each Sub-Fund as a result of the differing fee structure and/or distribution policy for each Class, as the case may be. In determining the Net Asset Value per Share, income and expenditure are treated as accruing weekly, unless otherwise disclosed in Appendix D.

The Company's assets shall include:

1. Any cash in hand or on deposit including any outstanding interest, that has not yet been received and any interest accrued on these deposits up until the Valuation Day;
2. All bills and promissory notes payable at sight as well as all accounts receivable (including proceeds from the disposal of securities for which the price has not yet been paid);
3. All transferable securities, money market instruments, units, shares, debt securities, option or subscription rights and other investments owned by the Company (provided that the Company may make adjustments in a manner not inconsistent with paragraph (i) below with regard to fluctuations in the market value if securities caused by trading ex-dividends, ex-rights or by similar practices);
4. All dividends and distributions receivable by the Company in cash or securities to the extent that the Company is aware thereof;

5. All outstanding interest that has not yet been received and all interest accrued up until the Valuation Day on securities or other interest bearing assets owned by the Company, unless such interest is included in the principal of the securities;
6. The liquidating value of all futures, forward, call or put options contracts the Company has an open position in;
7. All swap contracts entered into by the Company; and
8. Any other assets whatsoever, including prepaid expenses.
 - a. The value of these assets will be determined as follows:
 - i. The value of any cash on hand or on deposit;
 - ii. Bills and demand notes and accounts receivable, prepaid expenses, cash dividends, interest declared or accrued and not yet received, all of which are deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof;
 - iii. Securities and money market instruments listed on a recognised stock exchange or dealt on any other regulated market that operates regularly, is recognised and is open to the public, will be valued at their last available closing price on the principal market on which such securities are traded;
 - iv. In the event that the last available closing price does not, in the opinion of the Board of Directors, truly reflect the fair market value of the relevant securities and money market instruments, the value of such securities will be defined by the Board of Directors based on the reasonably foreseeable sales proceeds determined prudently and in good faith;
 - v. Securities and money market instruments not listed or traded on a stock exchange or not dealt on another regulated market will be valued on the basis of the probable sales proceeds determined prudently and in good faith by the Board of Directors;
 - vi. The liquidating value of futures, forward or options contracts not traded on exchanges or on other regulated markets shall mean their net liquidating value determined, pursuant to the policies established by the Board of Directors, on a basis consistently applied for each

different variety of contracts. The liquidating value of futures, forward or options contracts traded on exchanges or on other regulated markets shall be based upon the last available settlement prices of these contracts on exchanges and regulated markets on which the particular futures, forward or options contracts are traded by the Company; provided that if a futures, forward or options contract could not be liquidated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract shall be such value as the Board of Directors may deem fair and reasonable;

- vii. The value of swaps shall be determined by applying a recognised and transparent valuation method on a regular basis; and
- viii. All other securities and other assets will be valued at fair market value as determined in good faith pursuant to procedures established by the Board of Directors.

Any assets held in a particular Sub-Fund not expressed in the Reference Currency in which the shares of such Sub-Fund are denominated will be translated into the Reference Currency at the rate of exchange prevailing in a recognised market on the relevant Valuation Day - 1.

The liabilities of the Company shall be deemed to include:

1. All loans, bills and accounts payable; and
2. All accrued or payable administrative expenses (including the All-inclusive Fees and any other third party fees);
3. All known liabilities, present and future, including all matured contractual obligations for payment of money or property;
4. An appropriate provision for future taxes based on capital and income to the relevant Valuation Day, as determined from time to time by the Company, and other reserves, if any, authorised and approved by the Board of Directors; and
5. All other liabilities of the Company of whatsoever kind and nature except liabilities represented by Shares of the Company. In determining the amount of such liabilities, the Company shall take into account all expenses payable and all costs incurred by the Company, which shall comprise the All-inclusive Fees, fees payable to its directors (including all reasonable out-of-pocket expenses), accountants, the administrative agent, corporate agents, domiciliary agents, paying agents, registrars, transfer agents, permanent representatives in places of registration, distributors, trustees, fiduciaries,

correspondent banks and any other agent employed by the Company, fees for legal and auditing services, costs of any proposed listings and of maintaining such listings, promotion, printing, reporting and publishing expenses (including reasonable marketing and advertising expenses and costs of preparing, translating and printing in different languages) of prospectuses, addenda, explanatory memoranda, registration statements, annual reports and semi-annual reports, all taxes levied on the assets and the income of the Company (in particular, the "*taxe d'abonnement*" and any stamp duties payable), registration fees and other expenses payable to governmental and supervisory authorities in any relevant jurisdictions, insurance costs, costs of extraordinary measures carried out in the interests of Shareholders (in particular, but not limited to, arranging expert opinions and dealing with legal proceedings) and all other operating expenses, including the cost of buying and selling assets, custody fee and customary transaction fees and charges charged by the Depositary Bank or its agents (including free payments and receipts and any reasonable out-of-pocket expenses, i.e. stamp taxes, registration costs, scrip fees, special transportation costs, etc.), customary brokerage fees and commissions charged by banks and brokers for securities transactions and similar transactions, interest and postage, telephone, facsimile and telex charges. The Company may calculate administrative and other expenses of a regular or recurring nature on an estimated figure for yearly or other periods in advance, and may accrue the same in equal proportions over any such period.

The net assets of the Company are at any time equal to the total of the net assets of the various Sub-Funds.

2. TEMPORARY SUSPENSION OF DETERMINATION OF NET ASSET VALUE PER SHARE

The Company may suspend the determination of the Net Asset Value per Share of one or more Sub-Fund(s), Class(es) and the issue, redemption and conversion of its Shares in the following circumstances:

- a) During any period when any of the principal stock exchanges or other markets on which a substantial portion of the investments of the Company attributable to such Sub-Fund from time to time is quoted or dealt in is closed otherwise than for ordinary holidays, or during which dealings therein are restricted or suspended, provided that such restriction or suspension affects the valuation of the investments of the Company attributable to such Sub-Fund quoted thereon;
- b) During any period when the publication of an index, underlying of a financial derivative instrument representing a material part of the assets of the Sub-Fund is suspended;

- c) During any period when the determination of the Net Asset Value per Share of the underlying fund of funds or the dealing of their shares/units in which a Sub-Fund is materially invested is suspended or restricted;
- d) During the existence of any state of affairs which constitutes an emergency in the opinion of the Board of Directors as a result of which disposal or valuation of assets owned by the Company attributable to such Sub-Fund would be impracticable;
- e) During any breakdown in the means of communication normally employed in determining the price or value of any of the investments of such Sub-Fund or the current price or value on any stock exchange or other market in respect of the assets attributable to such Sub-Fund;
- f) During any period when the Company is unable to repatriate funds for the purpose of making payments on the redemption of Shares of such Sub-Fund or during which any transfer of funds involved in the realisation or acquisition of investments or payments due on redemption of Shares cannot, in the opinion of the Board of Directors, be effected at normal rates of exchange;
- g) When for any other reason the prices of any investments owned by the Company attributable to such Sub-Fund cannot promptly or accurately be ascertained; or
- h) Upon the publication of a notice convening a general meeting of Shareholders for the purpose of winding-up the Company or of merging one or more Sub-Fund(s) or Class(es).

The suspension of the calculation of the Net Asset Value of any particular Sub-Fund, Class shall have no effect on the determination of the Net Asset Value per Share or on the issue, redemption and conversion of Shares of any Class and/or Sub-Fund that is not suspended.

Any request for subscription, redemption or conversion shall be irrevocable except in the event of a suspension of the determination of the Net Asset Value per Share.

An information notice of the beginning and of the end of any period of suspension will be sent to all the Shareholders of the Company. If required by any applicable laws in the country(ies) in which the Company is available to the public, the Company will publish notice of the suspension of the determination of the Net Asset Value per Share, in at least one daily newspaper in such country(ies).

The Luxembourg regulatory authority, and the relevant authorities of any member states of the European Union in which Shares of the Company are marketed, will be informed of any such suspension. Notice will likewise be given to any subscriber or Shareholder as the case may be applying for subscription, conversion or redemption of Shares in the Sub-Fund(s) concerned.

3. PUBLICATION OF NET ASSET VALUE PER SHARE

The Net Asset Value per Share of each Class of Shares in any particular Sub-Fund is made public at the registered office of the Company and is available at the offices of the Depositary Bank and of the Management Company. The Company may arrange for the publication of this information in the Reference Currency and any other currency at the discretion of the Board of Directors in leading financial newspapers. The Company cannot accept any responsibility for any error or delay in publication or for non-publication of prices.

APPENDIX D – DETAILS OF EACH SUB-FUND

THE INFORMATION CONTAINED IN THE BELOW TABLES SHOULD BE READ IN CONJUNCTION WITH THE FULL TEXT OF THE PROSPECTUS.

List of Sub-Funds currently offered:

- ***DYNASTY SICAV – Createrra Progress World Equities***

DYNASTY SICAV - Dynasty Global Convertibles
(hereinafter, referred to as the "**Sub-Fund**")

1. Investment Objective

- 1.1. The investment objective of the Sub-Fund is to achieve long term capital growth by investing mainly in convertible bonds.
- 1.2. The Sub-Fund is actively managed and is not managed in reference to a benchmark but uses the Thomson Reuters Global Focus Convertible Bond Index as a performance measure.
- 1.3. The Sub-Fund does not offer any form of guarantee with respect to investment performance and no form of capital protection applies.

2. Investment Policy

- 2.1. The investment policy of the Sub-Fund consists in holding a portfolio of mainly convertible bonds.
- 2.2. The Sub-Fund will invest up to one hundred percent (100%) of its net assets in securities, such as:
 - 2.2.1. Convertible bonds or similar fixed income instruments (such as convertible preference shares, mandatory convertibles, Bond cum warrants, exchangeable bonds and other convertible bonds) (60% minimum);
 - 2.2.2. Standard (non-convertible) bonds (40% maximum);
 - 2.2.3. Money Market Instruments;
 - 2.2.4. Equities (as a result (or not) of the conversion of convertible bonds or similar fixed income instruments), warrants, futures, listed options and OTC derivatives.
- 2.3. The Sub-Fund will not invest in contingent convertible bonds ("Cocos").
- 2.4. The securities are issued by International issuers with 30% of issuers at least being outside Europe. The securities may be denominated in any currency.
- 2.5. Standard bonds as well as convertible bonds will not have a minimum rating at the time of their acquisition. Exposure to High Yield or unrated bonds will therefore be possible up to 100% of the net assets of the Sub-Fund.
- 2.6. The Sub-Fund may invest up to 10% of its net assets in UCITS compliant with the Directive 2009/65/EC. The investment objective of such UCITS shall be compatible with that of the Sub-Fund. Under such circumstances, the Sub-Fund may only invest in UCITS themselves investing in fixed income instruments and/or Money Market Instruments. Such UCITS may be managed by the Management Company.
- 2.7. Derivative instruments may be used in the context of hedging the Sub-Funds assets against the interest rate risk, the equity risk, the foreign exchange risk and the volatility risk. The commitment resulting from such transactions and contracts may not exceed the Sub-Funds assets.
- 2.8. The global exposure of derivatives and other positions in the portfolio will be measured using the commitment approach.
- 2.9. The selection of convertibles will essentially depend on maximizing the risk-reward profile.

- 2.10. Furthermore, in case of adverse bond market conditions this Sub-Fund may temporarily be fully invested in Money Market Instruments in order to protect the Shareholders' interests.
- 2.11. The Sub-Fund will not hold more than 20% of its net assets in cash and deposits at sight (such as cash held in current accounts) for ancillary liquidity purposes in normal market conditions. Under exceptionally unfavourable market conditions and on a temporary basis, this limit may be increased up to 100% of its net assets, if justified in the interest of the investors.
- 2.12. The Management Company relies on its own credit analysis to assess the credit quality of the fixed income securities.
- 2.13. Investments in instruments qualifying as distressed securities at the time of purchase are limited to 10% of the Sub-Fund's net assets.
- 2.14. In the event that an issuer's credit rating is downgraded, the issuer's credit standing will immediately be assessed and appropriate actions for any specific instrument of the relevant issuer within the Sub-Fund may be taken. These actions could include selling the underlying holdings or retaining the holdings to maturity depending on the specific characteristics of the instrument; in either event, the decision will be based on what is in the best interest of the Shareholders of the Sub-Fund. In case of a rating downgrade of any debt securities that the Sub-Fund may have invested in, the Sub-Fund could also be exposed to distressed securities. In this case, the Management Company will take reasonable efforts so that this exposure will not exceed 10% of the Sub-Fund's net assets and that the distressed securities are liquidated in the best interests of shareholders.
- 2.15. The Sub-Fund promotes environmental and/or social characteristics (as provided by Article 8 of SFDR). More information relating to the environmental and social characteristics of the Sub-Fund is provided in Appendix E to the Prospectus in accordance with SFDR and Commission Delegated Regulation (EU) 2022/1288.

3. Risk factors

- IF YOU ARE IN ANY DOUBT ABOUT THE RISK FACTORS RELEVANT TO AN INVESTMENT, YOU SHOULD CONSULT YOUR STOCKBROKER, BANK MANAGER, LAWYER, ACCOUNTANT OR OTHER FINANCIAL ADVISOR. THE VALUE OF AN INVESTMENT MAY GO DOWN AS WELL AS UP AND INVESTORS MAY NOT GET BACK THE AMOUNT INVESTED.
- Investments in securities not only present the opportunity for the appreciation of the invested capital but are also frequently subject to substantial risks. The risks can include bond market risks, exchange rate, emerging markets risk, interest rate, credit and volatility risks as well as political risks or risks that are associated with such risks. These risks may also be combined with other risks.

	▪ For this reason, potential investors should have experience with investment in instruments that are used as part of the specified investment policy. Furthermore, investors should only make an investment decision after having fully consulted their legal, tax and financial advisors, accountants or other advisors on the information which, together with the investment policy of the Sub-Fund, is contained in the present prospectus, and have taken into account their personal financial and tax situation and other circumstances. ▪ There can be no guarantee that the Sub-Fund will meet its investment objective. ➢ Bonds are subject to normal market risks. ➢ Debt securities are subject to normal credit risk and, in addition, are subject to market risk if they are floating rate. ➢ Investment in higher yielding securities generally entails increased credit default and market risk. Such securities are subject to the risk of an issuer's inability to meet principal and interest payments on its obligations (credit risk) and may also be subject to price volatility due to such factors as interest rate sensitivity, market perception of the creditworthiness of the issuer and general market liquidity and as a result may be less liquid than lower yielding securities. ▪ The Sub-Fund may invest in permitted financial instruments denominated in currencies other than the Reference Currency. Changes in foreign currency exchange rates will affect the value of shares held in the Sub-Fund. ▪ Investment in instruments qualifying as distressed securities is subject to distressed strategies risk involving higher financial business risks.
4. Profile of the typical investor	▪ In light of the Sub-Fund's investment objective it may be appropriate for investors who: 1) Seek capital appreciation over the long-term. 2) Accept the risks associated with this type of investment. 3) Seek to invest in convertible bond securities. 4) Seek to invest in a Sub-Fund that promotes certain ESG characteristics. ▪ An investment in the Sub-Fund is not a deposit in a bank or other insured depository institution. Investments may not be appropriate for all investors. The Sub-Fund is not intended to be a complete investment programme and investors should consider their long-term investment goals and financial needs when making an investment decision about the Sub-Fund. An investment in the Sub-Fund is intended to be a long-term investment.

	▪ The Company expects that a typical investor in the Sub-Fund will be an experienced and long-term investor who knows and accepts the risks associated with this type of investment, as set in section 4. "Risk Factors" of this Prospectus. The typical investor will be seeking to invest a portion of its overall portfolio in convertibles with no rating or a rating below investment grade issued by International issuers (minimum 30% outside Europe), with the goal of obtaining capital appreciation.
5. Sub-Fund's equity sensitivity	▪ The Sub-Fund will have an equity sensitivity ranging from 0 to 100%.
6. Reference Currency	▪ The Reference Currency of the Sub-Fund is the Euro (EUR). ▪ Subscriptions and the proceeds of redemptions for all Share Classes will be in the currency of the relevant Share Class.
7. Denomination Currency	▪ Euro (EUR) ▪ United States Dollar (USD) ▪ Swiss Franc (CHF) ▪ British Pound (GBP)
8. Classes of Shares	▪ Class A EUR (offered to all investors) - denominated in EUR ▪ Class A CHF (offered to all investors) – denominated in CHF and hedged against foreign exchange risk of the CHF versus the EUR ▪ Class A USD (offered to all investors) – denominated in USD and hedged against foreign exchange risk of the USD versus the EUR ▪ Class B EUR (offered to institutional investors) - denominated in EUR ▪ Class B CHF (offered to institutional investors) - denominated in CHF and hedged against foreign exchange risk of the CHF versus the EUR ▪ Class B USD (offered to institutional investors) - denominated in USD and hedged against foreign exchange risk of the USD versus the EUR ▪ Class B GBP (offered to institutional investors) - denominated in GBP and hedged against foreign exchange risk of the GBP versus the EUR ▪ Class C CHF (offered to institutional investors) - denominated in CHF ▪ Class C USD (offered to institutional investors) - denominated in USD ▪ Class CF CHF (offered to institutional investors) - denominated in CHF ▪ Class CF USD (offered to institutional investors) - denominated in USD ▪ Class D EUR (offered to all investors) - denominated in EUR ▪ Class D CHF (offered to institutional investors) - denominated in CHF and hedged against foreign exchange risk of the CHF versus the EUR ▪ Class IRIVEST EUR (offered to institutional investors previously approved by the Board of Directors) - denominated in EUR

	▪ Class S EUR (offered to institutional investors) - denominated in EUR
9. Minimum Initial Subscription Amount	Class A EUR: 100,- EUR Class A CHF: 100,- CHF Class A USD: 100,- USD Class B EUR: 10.000,- EUR Class B CHF: 10.000,- CHF Class B USD: 10.000,- USD Class B GBP: 10.000,- GBP Class C CHF: 10.000,- CHF Class C USD: 10.000,- USD Class CF CHF: 10.000,- CHF Class CF USD: 10.000,- USD Class D EUR: 100,- EUR Class D CHF: 10.000,- CHF Class IRIVEST EUR: 1.000,- EUR Class S EUR: 25.000.000,- EUR ▪ With regard to the Class B EUR, Class B CHF, Class D CHF, Class B USD, Class B GBP, Class C CHF, Class C USD, Class CF CHF, Class CF USD, Class IRIVEST EUR and Class S EUR Shares the Board of Directors may, at its sole discretion, waive or modify the minimum subscription amount.
10. Minimum Subsequent Subscription Amount	▪ No minimum
11. Initial Price	Class A EUR: 100,- EUR Class A CHF: 100,- CHF Class A USD: 100,- USD Class B EUR: 100,- EUR Class B CHF: 100,- CHF Class B USD: 100,- USD Class B GBP: 100,- GBP Class C CHF: 100,- CHF Class C USD: 100,- USD Class CF CHF: 100,- CHF Class CF USD: 100,- USD Class D EUR: 100,- EUR Class D CHF: 100,- CHF Class IRIVEST EUR: 0.01- EUR Class S EUR: 100,- EUR

12. Subscription Fee	▪ None
13. Redemption Fee	▪ There is no redemption fee.
14. Conversion charges	N/A
15. Cut-Off Time for Subscription and Redemption Orders	4 p.m. Luxembourg time, two (2) Business Days before the relevant Valuation Day.
16. Settlement of Subscription and Redemption Orders	One (1) Business Day after the relevant Valuation Day.
17. Management Fee	▪ The "Management fee" is as follows: ➤ Class A EUR, Class A CHF, Class A USD and Class D EUR: 1.10% p.a. ➤ Class B EUR, Class B CHF, Class D CHF, Class B USD, Class B GBP, Class C CHF, Class C USD, Class IRIVEST EUR and Class S EUR: 0.55% p.a. ➤ Class CF CHF and Class CF USD: 0.85% p.a.

18. Performance Fee

- There is no performance fee for the Class CF CHF, Class CF USD, and Class S EUR. There is a performance fee on all other share classes.
- The performance fee payable to the Management Company is calculated and crystallised daily based on the Net Asset Value of the Sub-Fund.
- The performance fee is payable only if the following conditions are met cumulatively:
 - 1) The performance of the Net Asset Value of the Sub-Fund must, calculated on a daily basis, exceed the performance of the hurdle rate, as defined below, calculated on a daily basis, subject to a high water mark.
 - 2) The "High Water Mark" system authorizes the Management Company to claim performance fees only if the Net Asset Value at the end of the financial year is higher than the so-called "High Water Mark" Net Asset Value, which is equal to the last Net Asset Value having borne a performance fee, or failing that, the initial Net Asset Value, or if higher, the Net Asset Value at the end of the relevant financial year. The length of the performance reference period is the whole life of the Sub-Fund. Therefore, any underperformance or loss previously incurred during the performance reference period must be recovered before a performance fee becomes payable.
 - 3) If the Net Asset Value of the Sub-Fund on the Valuation Day before deduction of the performance fee is above the hurdle rate, a performance fee will be payable as a percentage of the absolute performance of the Sub-Fund. The performance fee is calculated on the basis of the number of shares of the Sub-Fund in circulation on the Valuation Day.
- The comparison between the performance of the Net Asset Value and the performance of the hurdle rate is re-calculated for each financial year.
- The performance fee cannot be reimbursed if the Net Asset Value falls after payment of the performance fee.

Performance Fee in percentage (%)

- twenty percent (20)%.

Hurdle rate: 6% per annum

The 6% threshold corresponds to the 5-year annualized return of Thomson Reuters Global Focus Convertible Bond Index at the Sub-Fund's inception.

The performance fee is paid annually.

You will find below examples regarding the calculation of the performance fee:

Scenario 1

Positive performance against the HWM adjusted by the hurdle

Initial NAV per Share and initial HWM	A		100
Yearly Performance	B		8%
NAV per Share at the end of the year	C	$= A * (1 + B)$	108
Hurdle	D		6%
NAV with Hurdle	E	$= A * (1 + D)$	106
Net Appreciation above Hurdle	F	$= C - E$	2
Performance Fee Rate	G		20%
Performance Fee @ 20% of net appreciation	H	$= F * G$	0.40
New HWM	I	$= C - H$	107.60

Scenario 2

Negative performance against the HWM adjusted by the Hurdle

Initial NAV per Share and initial HWM	A		100
Yearly Performance	B		-1%
NAV per Share at the end of the year	C	$= A * (1 + B)$	99
Hurdle	D		6%
NAV with Hurdle	E	$= A * (1 + D)$	106
Net Appreciation above Hurdle	F	$= C - E$	-7.0
Performance Fee Rate	G		20%
Performance Fee @ 20% of net appreciation	H	$= F * G$	NA
New HWM	I	$= C - H$	100

Scenario 3

Positive performance against the HWM adjusted by the Hurdle

Initial NAV per Share and initial HWM	A		100
Yearly Performance	B		1%
NAV per Share at the end of the year	C	$= A * (1 + B)$	101
Hurdle	D		6%
NAV with Hurdle	E	$= A * (1 + D)$	106
Net Appreciation above Hurdle	F	$= C - E$	- 5.0
Performance Fee Rate	G		20%
Performance Fee @ 20% of net appreciation	H	$= F * G$	NA
New HWM	I	$= C - H$	101

19. Transaction Fee

- Up to 0.10% per transaction.

20. Valuation Day

- The Net Asset Value per Share of each Class in the Sub-Fund is calculated daily on each Business Day.

21. Distribution policy

- Accumulation for Class A EUR, Class A CHF, Class A USD, Class B EUR, Class B CHF, Class B USD, Class B GBP, Class C CHF, Class C USD, Class CF CHF, Class CF USD, Class IRIVEST EUR and Class S EUR.
- Distribution for Class D EUR and Class D CHF Shares.

DYNASTY SICAV - Dynasty Convertibles Europe
(hereinafter, referred to as the "**Sub-Fund**")

1. Investment Objective

- 1.1. The investment objective of the Sub-Fund is to achieve long term capital growth by investing mainly in convertible bonds.
- 1.2. The Sub-Fund is actively managed and is not managed in reference to a benchmark
- 1.3. The Sub-Fund does not offer any form of guarantee with respect to investment performance and no form of capital protection applies.

2. Investment Policy

- 2.1. The investment policy of the Sub-Fund consists in holding a portfolio of mainly convertible bonds.
- 2.2. The Sub-Fund will invest up to one hundred percent (100%) of its net assets in securities, such as:
 - 2.2.1. Convertible bonds or similar fixed income instruments (such as convertible preference shares, mandatory convertibles, bond cum warrants, exchangeable bonds and other convertible bonds) (50% minimum);
 - 2.2.2. Standard (non-convertible) bonds;
 - 2.2.3. Money Market Instruments;
 - 2.2.4. Equities (as a result (or not) of the conversion of convertible bonds or similar fixed income instruments), warrants, futures, listed options and OTC derivatives.
- 2.3. The Sub-Fund will not invest in contingent convertible bonds ("Cocos").
- 2.4. The securities are mainly issued by European issuers (50% minimum of the net assets of the Sub-Fund).
- 2.5. The Sub-Fund may invest in securities not denominated in Euros up to 30% of its net assets.
- 2.6. Standard bonds as well as convertible bonds will not have a minimum rating at the time of their acquisition. Exposure to High Yield or unrated bonds will therefore be possible up to 100% of the net assets of the Sub-Fund.
- 2.7. Investments in instruments qualifying as distressed securities at the time of purchase are limited to 10% of the Sub-Fund's net assets.
- 2.8. In the event that an issuer's credit rating is downgraded, the issuer's credit standing will immediately be assessed and appropriate actions for any specific instrument of the relevant issuer within the Sub-Fund may be taken. These actions could include selling the underlying holdings or retaining the holdings to maturity depending on the specific characteristics of the instrument; in either event, the decision will be based on what is in the best interest of the Shareholders of the Sub-Fund. In case of a rating downgrade of any debt securities that the Sub-Fund may have invested in, the Sub-Fund could also be exposed to distressed securities. In this case, the Management Company will take reasonable efforts so that this exposure will not exceed 10% of the Sub-Fund's net assets and that the distressed securities are liquidated in the best interests of shareholders.

- 2.9. The Sub-Fund may invest up to 10% of its net assets in UCITS compliant with the Directive 2009/65/EC. The investment objective of such UCITS shall be compatible with that of the Sub-Fund. Under such circumstances, the Sub-Fund may only invest in UCITS themselves investing in fixed income instruments and/or Money Market Instruments. Such UCITS may be managed by the Management Company.
- 2.10. Derivative instruments may be used in the context of hedging the Sub-Funds assets against the interest rate risk, the equity risk, the foreign exchange risk and the volatility risk. The commitment resulting from such transactions and contracts may not exceed the Sub-Funds assets.
- 2.11. The global exposure of derivatives and other positions in the portfolio will be measured using the commitment approach.
- 2.12. The selection of convertibles will essentially depend on maximizing the risk-reward profile.
- 2.13. Furthermore, in case of adverse bond market conditions this Sub-Fund may temporarily be fully invested in Money Market Instruments in order to protect the Shareholders' interests.
- 2.14. The Sub-Fund will not hold more than 20% of its net assets in cash and deposits at sight (such as cash held in current accounts) for ancillary liquidity purposes in normal market conditions. Under exceptionally unfavourable market conditions and on a temporary basis, this limit may be increased up to 100% of its net assets, if justified in the interest of the investors.
- 2.15. The Management Company relies on its own credit analysis to assess the credit quality of the fixed income securities.
- 2.16. The Sub-Fund promotes environmental and/or social characteristics (as provided by Article 8 of SFDR). More information relating to the environmental and social characteristics of the Sub-Fund is provided in Appendix E to the Prospectus in accordance with SFDR and Commission Delegated Regulation (EU) 2022/1288.

3. Risk factors

- IF YOU ARE IN ANY DOUBT ABOUT THE RISK FACTORS RELEVANT TO AN INVESTMENT, YOU SHOULD CONSULT YOUR STOCKBROKER, BANK MANAGER, LAWYER, ACCOUNTANT OR OTHER FINANCIAL ADVISOR. THE VALUE OF AN INVESTMENT MAY GO DOWN AS WELL AS UP AND INVESTORS MAY NOT GET BACK THE AMOUNT INVESTED.
- Investments in securities not only present the opportunity for the appreciation of the invested capital but are also frequently subject to substantial risks. The risks can include bond market risks, exchange rate, emerging markets risk, interest rate, credit and volatility risks as well as political risks or risks that are associated with such risks. These risks may also be combined with other risks.

	▪ For this reason, potential investors should have experience with investment in instruments that are used as part of the specified investment policy. Furthermore, investors should only make an investment decision after having fully consulted their legal, tax and financial advisors, accountants or other advisors on the information which, together with the investment policy of the Sub-Fund, is contained in the present prospectus, and have taken into account their personal financial and tax situation and other circumstances. ▪ There can be no guarantee that the Sub-Fund will meet its investment objective. ➤ Bonds are subject to normal market risks. ➤ Debt securities are subject to normal credit risk and, in addition, are subject to market risk if they are floating rate. ➤ Investment in higher yielding securities generally entails increased credit default and market risk. Such securities are subject to the risk of an issuer's inability to meet principal and interest payments on its obligations (credit risk) and may also be subject to price volatility due to such factors as interest rate sensitivity, market perception of the creditworthiness of the issuer and general market liquidity and as a result may be less liquid than lower yielding securities. ➤ Investment in instruments qualifying as distressed securities is subject to distressed strategies risk involving higher financial business risks. ▪ The Sub-Fund may invest in permitted financial instruments denominated in currencies other than the Reference Currency. 16. Management Fee	▪ The "Management fee" is as follows: ➤ Class A EUR, Class A CHF, and Class D EUR: 1.10% p.a. ➤ Class B EUR: 0.70% p.a. ➤ Class B CHF: 0.50% p.a.
17. Performance Fee	▪ None
18. Transaction Fee	▪ Up to 0.10% per transaction.
19. Valuation Day	▪ The Net Asset Value per Share of each Class in the Sub-Fund is calculated daily on each Business Day.
20. Distribution policy	▪ Accumulation for Class A EUR, Class A CHF, Class B EUR, Class B CHF. ▪ Distribution for Class D EUR Shares.

21. Advisor

Compagnie de Banque Privée Quilvest S.A. (CBP Quilvest S.A.)
48, rue Charles Martel, L-2134 Luxembourg, Grand Duchy of
Luxembourg, registered in the Luxembourg Trade and Company
Register under number B 117.963.

Authorized by the CSSF as a bank under the number B00000350.

The role of the Advisor is to, in accordance with (a) the contents of the Prospectus, (b) the relevant provisions of the applicable laws and (c) the investment strategy of the Sub-Fund:

1. advise the Management Company as to the allocation of the assets of the Sub-Fund, including in particular:
 - overall risk positioning;
 - allocation to credit ratings; and
 - the overall level of investment and hedging strategy based on the level of risk tolerance that the Advisor considers appropriate;
2. to advise the Management Company on interest rate risk (including in particular the analysis of the maturity of the Sub-Fund's portfolio).

An agreement entered into between the Management Company and the Advisor determines the terms and conditions under which the Advisor provides its services, it being specified that the Management Company remains independent in making the management decisions regarding the Sub-Fund.

DYNASTY SICAV - Dynasty Credit Sub
(hereinafter, referred to as the "**Sub-Fund**")

1. Investment Objective

- 1.1. The investment objective of the Sub-Fund is to provide positive returns over the medium term, through the selection of a portfolio composed mainly of subordinated debt securities offering an attractive yield considering the issuer's credit risk.
- 1.2. The Sub-Fund is actively managed and is not managed in reference to a benchmark.
- 1.3. The Sub-Fund does not offer any form of guarantee with respect to investment performance and no form of capital protection applies.

2. Investment Policy

- 2.1. The investment policy of the Sub-Fund consists in holding a portfolio of corporate fixed income securities. Such securities will have, at the time of their acquisition, an attractive yield, taking into account the creditworthiness of their issuer.
- 2.2. The Sub-Fund will invest mainly in subordinated debt securities (hybrid corporate, tier 2 or others) issued by European companies. A debt is said to be subordinated when its repayment is secondary to the so-called senior debt. In case of liquidation, the subordinated creditor is reimbursed after the senior creditors but before the shareholders. Some subordinated bonds also give the issuer the option not to pay an annual coupon without this being considered a default.
- 2.3. The Sub-Fund's average interest rate sensitivity (duration) will range between 0 and 10 years
- 2.4. The Sub-Fund will invest up to one hundred percent (100%) of its net assets in fixed income securities, such as:
 - 2.4.1. Standard bonds (Senior and Subordinated);
 - 2.4.2. Convertible bonds or similar fixed income instruments;
 - 2.4.3. Money Market Instruments;
- 2.5. The Sub-Fund will not invest in contingent convertible bonds ("Cocos").
- 2.6. The Sub-Fund may invest up to 10% of its net assets in equity securities (from conversion only but for the avoidance of doubt, excluding investments in UCITS), futures, listed options and OTC derivatives.
- 2.7. The fixed income securities are mainly denominated in Euro (80% minimum) and mainly issued by European issuers (50% minimum). The balance, i.e. 20% maximum, can be denominated in hard currencies other than the euro (USD, GBP, CHF, etc.), and up to 50% can be invested in bonds issued by international issuers (i.e. non-European).
- 2.8. Standard bonds as well as convertible bonds may have no minimum rating at the time of their acquisition. At least 80% of the net assets of the Sub-Fund will be invested in bonds with a rating above BB- according to the credit analysis of the Management Company. Exposure to High Yield below B+ and/or unrated bonds will therefore be possible up to 20% of the net assets of the Sub-Fund.
- 2.9. Investments in instruments qualifying as distressed securities at the time of purchase are limited to 10% of the Sub-Fund's net assets.

- 2.10. In the event that an issuer's credit rating is downgraded, the issuer's credit standing will immediately be assessed and appropriate actions for any specific instrument of the relevant issuer within the Sub-Fund may be taken. These actions could include selling the underlying holdings or retaining the holdings to maturity depending on the specific characteristics of the instrument; in either event, the decision will be based on what is in the best interest of the Shareholders of the Sub-Fund. In case of a rating downgrade of any debt securities that the Sub-Fund may have invested in, the Sub-Fund could also be exposed to distressed securities. In this case, the Management Company will take reasonable efforts so that this exposure will not exceed 10% of the Sub-Fund's net assets and that the distressed securities are liquidated in the best interests of shareholders.
- 2.11. The Sub-Fund may invest up to 10% of its net assets in UCITS compliant with the Directive 2009/65/EC within the limits set above. The investment objective of such UCITS shall be compatible with that of the Sub-Fund. Under such circumstances, the Sub-Fund may only invest in UCITS themselves investing in fixed income instruments and/or Money Market Instruments. Such UCITS may be managed by the Management Company.
- 2.12. Derivative instruments may only be used in the context of hedging the Sub-Fund's assets against the interest, credit and FX rate risk. The commitment resulting from such transactions and contracts may not exceed the Sub-Fund's assets.
- 2.13. The global exposure of derivatives and other positions in the portfolio will be measured using the commitment approach.
- 2.14. The selection of fixed income instruments will essentially depend on the analysis of their issuer's creditworthiness, based on a thorough analysis of their solvability. The Management Company will check that the risk taken is adequately remunerated by ensuring that the actuarial yield (yield to call and/or yield to maturity) of the securities selected is attractive taking into account the issuer's creditworthiness.
The analysis will focus on the structure and clauses (call options) of subordinated debt securities. The consequences of the activation of the options offered by these securities by the issuer will be monitored. Similarly, an analysis of the incentive or not for the issuer to use the recall clause, as well as its consequence on the valuation of the security will be taken into account in the choice of securities.
- 2.15. Furthermore, in case of adverse bond market conditions this Sub-Fund may temporarily be fully invested in Money Market Instruments in order to protect the Shareholders' interests.
- 2.16. The Sub-Fund will not hold more than 20% of its net assets in cash and deposits at sight (such as cash held in current accounts) for ancillary liquidity purposes in normal market conditions. Under exceptionally unfavourable market conditions and on a temporary basis, this limit may be increased up to 100% of its net assets, if justified in the interest of the investors.
- 2.17. The Management Company relies on its own credit analysis to assess the credit quality of the fixed income securities.
- 2.18. Any single issuer may not represent more than 10% of the net assets of the Sub-Fund.

- 2.19. The Sub-Fund promotes environmental and/or social characteristics (as provided by Article 8 of SFDR). More information relating to the environmental and social characteristics of the Sub-Fund is provided in Appendix E to the Prospectus in accordance with SFDR and Commission Delegated Regulation (EU) 2022/1288.

3. Risk factors

- IF YOU ARE IN ANY DOUBT ABOUT THE RISK FACTORS RELEVANT TO AN INVESTMENT, YOU SHOULD CONSULT YOUR STOCKBROKER, BANK MANAGER, LAWYER, ACCOUNTANT OR OTHER FINANCIAL ADVISOR. THE VALUE OF AN INVESTMENT MAY GO DOWN AS WELL AS UP AND INVESTORS MAY NOT GET BACK THE AMOUNT INVESTED.
- Investments in securities not only present the opportunity for the appreciation of the invested capital but are also frequently subject to substantial risks. The risks can include bond market risks, exchange rate, interest rate, credit and volatility risks as well as political risks or risks that are associated with such risks. These risks may also be combined with other risks.
- For this reason, potential investors should have experience with investment in instruments that are used as part of the specified investment policy. Furthermore, investors should only make an investment decision after having fully consulted their legal, tax and financial advisors, accountants or other advisors on the information which, together with the investment policy of the Sub-Fund, is contained in the present prospectus, and have taken into account their personal financial and tax situation and other circumstances.
- There can be no guaranty that the Sub-Fund will meet its investment objective.
 - Bonds are subject to normal market risks.
 - Debt securities are subject to normal credit risk and, in addition, are subject to market risk if they are floating rate.
 - Investment in higher yielding securities generally entails increased credit default and market risk. Such securities are subject to the risk of an issuer's inability to meet principal and interest payments on its obligations (credit risk) and may also be subject to price volatility due to such factors as interest rate sensitivity, market perception of the creditworthiness of the issuer and general market liquidity and as a result may be less liquid than lower yielding securities.

	➤ Investments in subordinated securities compared to senior are subject to a higher risk because of the subordination clause (subordinated debt ranks after other debts if a company falls into liquidation or bankruptcy) and can thus lead to a decrease of the Net Asset Value. ➤ Investment in instruments qualifying as distressed securities is subject to distressed strategies risk involving higher financial business risks. ▪ The Sub-Fund may invest in permitted financial instruments denominated in currencies other than the Reference Currency. Changes in foreign currency exchange rates will affect the value of Shares held in the Sub-Fund.
4. Profile of the typical investor	▪ In light of the Sub-Fund's investment objective it may be appropriate for investors who: 1) Seek capital appreciation over the medium to long-term. 2) Accept the risks associated with this type of investment. 3) Seek to invest in Fixed Income Securities. 4) Seek to invest in a Sub-Fund that promotes certain ESG characteristics. ▪ An investment in the Sub-Fund is not a deposit in a bank or other insured depository institution. Investment may not be appropriate for all investors. The Sub-Fund is not intended to be a complete investment programme and investors should consider their long-term investment goals and financial needs when making an investment decision about the Sub-Fund. An investment in the Sub-Fund is intended to be a long-term investment even if the Sub-Fund's investment objective is to provide positive returns over medium to long term. The investors should be aware of the risks linked to the Sub-Fund's investments (including subordinated debt securities). ▪ The Company seeks stable relationships with the Sub-Fund's investors and expects that a typical investor in the Sub-Fund will be an experienced and long-term investor who knows and accepts the risks associated with this type of investment, as set in section 4. "Risk Factors" of this Prospectus. The typical investor will be seeking to invest a portion of its overall portfolio in fixed income and floating rate securities with a rating essentially above BB- (80% minimum) according to the credit analysis of the Management Company, a denomination essentially in Euro (80% minimum) and mainly issued by European issuer (50% minimum).

5. Sub-Fund's duration	▪ The Sub-Fund will have an average interest rate sensitivity (duration) ranging from 0 to 10 years
6. Reference Currency	▪ The Reference Currency of the Sub-Fund is the Euro (EUR). ▪ Subscriptions and the proceeds of redemptions for all Share Classes will be in the currency of the relevant Share Class.
7. Denomination Currency	▪ Euro (EUR)
8. Classes of Shares	▪ Class A EUR (offered to all investors) - denominated in EUR ▪ Class B EUR (offered to institutional investors) - denominated in EUR ▪ Class D EUR (offered to all investors) - denominated in EUR
9. Minimum Initial Subscription Amount	Class A EUR: 100,- EUR Class B EUR: 10.000,- EUR Class D EUR: 100,- EUR
10. Minimum Subsequent Subscription Amount	▪ No minimum
11. Subscription Fee	▪ None
12. Redemption Fee	▪ There is no redemption fee.
13. Conversion charges	N/A
14. Cut-Off Time for Subscription and Redemption Orders	4 p.m. Luxembourg time, two (2) Business Days before the relevant Valuation Day.
15. Settlement of Subscription and Redemption Orders	One (1) Business Day after the relevant Valuation Day.
16. Management Fee	▪ The 'Management fee' is as follows: ➤ Class A EUR: 1.00% p.a. ➤ Class B EUR and D EUR: 0.50% p.a.

17. Performance Fee

- The performance fee payable to the Management Company is calculated and crystallised daily based on the Net Asset Value of the Sub-Fund subject to a High Water Mark (HWM).
- The performance fee is payable only if the following conditions are met cumulatively:
 - 1) The performance of the Net Asset Value of the Sub-Fund must, calculated on a daily basis, exceed the performance of the hurdle rate, as defined below, calculated on a daily basis.
 - 2) The "High Water Mark" system authorizes the Management Company to claim performance fees only if the Net Asset Value at the end of the financial year is higher than the so-called "High Water Mark" Net Asset Value, which is equal to the last Net Asset Value having borne a performance fee, or failing that, the initial Net Asset Value, or if higher, the Net Asset Value at the end of the relevant financial year. The length of the performance reference period is the whole life of the Sub-Fund. Therefore, any underperformance or loss previously incurred during the performance reference period must be recovered before a performance fee becomes payable.
 - 3) If the Net Asset Value of the Sub-Fund on the Valuation Day before deduction of the performance fee is above the hurdle rate, a performance fee will be payable as a percentage of the absolute performance of the Sub-Fund. The performance fee is calculated on the basis of the number of shares of the Sub-Fund in circulation on the Valuation Day.
- The comparison between the performance of the Net Asset Value and the performance of the hurdle rate is re-calculated for each financial year.
- The performance fee cannot be reimbursed if the Net Asset Value falls after payment of the performance fee.

Performance Fee in percentage (%)

- fifteen percent (15)%.

Hurdle rate: 1,5% per annum

The 1,5% threshold corresponds to the BofA Merrill Lynch Euro Corporate Index yield + 100bp as of 8/12/2021. The 100bps corresponds to the average subordination spread premium for subordinated bonds compared to senior bonds.

The performance fee is paid annually.

In addition, if a Shareholder redeems or switches all or part of its/her/his Shares, any accrued performance fee with respect to such Shares will crystallize on that Valuation Day and will then become payable to the Management Company.

The calculation of the percentage change in the Net Asset Value per Share as described above is subject to the following:

- dilution adjustments, if any, will not be taken into account;
- it will be corrected for dividend distributions; and
- it will be net of the management fee.

You will find below examples regarding the calculation of the performance fee:

Scenario 1

Positive performance against the HWM adjusted by the hurdle

Initial NAV per Share and initial HWM	A		100
Yearly Performance	B		5%
NAV per Share at the end of the year	C	$= A * (1 + B)$	105
Hurdle	D		1.50%
NAV with Hurdle	E	$= A * (1 + D)$	101.5
Net Appreciation above Hurdle	F	$= C - E$	3.5
Performance Fee Rate	G		15%
Performance Fee @ 15% of net appreciation	H	$= F * G$	0.53
New HWM	I	$= C - H$	104.47

Scenario 2

Negative performance against the HWM adjusted by the Hurdle

Initial NAV per Share and initial HWM	A		100
Yearly Performance	B		-1%
NAV per Share at the end of the year	C	$= A * (1 + B)$	99
Hurdle	D		1.50%
NAV with Hurdle	E	$= A * (1 + D)$	101.5
Net Appreciation above Hurdle	F	$= C - E$	-2.5
Performance Fee Rate	G		15%
Performance Fee @ 15% of net appreciation	H	$= F * G$	NA
New HWM	I	$= C - H$	100

Scenario 3

Positive performance against the HWM adjusted by the Hurdle

Initial NAV per Share and initial HWM	A		100
Yearly Performance	B		1%
NAV per Share at the end of the year	C	$= A * (1 + B)$	101
Hurdle	D		1.50%
NAV with Hurdle	E	$= A * (1 + D)$	101.5
Net Appreciation above Hurdle	F	$= C - E$	- 0.5
Performance Fee Rate	G		15%
Performance Fee @ 15% of net appreciation	H	$= F * G$	NA
New HWM	I	$= C - H$	101

18. Transaction Fee	▪ Up to 0.10% per transaction.
19. Valuation Day	▪ The Net Asset Value per Share of each Class in the Sub-Fund is calculated daily on each Business Day.
20. Distribution policy	▪ Accumulation for Class A EUR, Class B EUR. ▪ Distribution for Class D EUR Shares.
21. Advisor	Compagnie de Banque Privée Quilvest S.A. (CBP Quilvest S.A.) 48, rue Charles Martel, L-2134 Luxembourg, Grand Duchy of Luxembourg, registered in the Luxembourg Trade and Company Register under number B 117.963. Authorized by the CSSF as a bank under the number B00000350. The role of the Advisor is to, in accordance with (a) the contents of the Prospectus, (b) the relevant provisions of the applicable laws and (c) the investment strategy of the Sub-Fund: 1. advise the Management Company as to the allocation of the assets of the Sub-Fund, including in particular: ▪ overall risk positioning; ▪ allocation to credit ratings; and ▪ the overall level of investment and hedging strategy based on the level of risk tolerance that the Advisor considers appropriate; 2. to advise the Management Company on interest rate risk (including in particular the analysis of the maturity of the Sub-Fund's portfolio). An agreement entered into between the Management Company and the Advisor determines the terms and conditions under which the Advisor provides its services, it being specified that the Management Company remains independent in making the management decisions regarding the Sub-Fund.

DYNASTY SICAV - Dynasty Bond Euro Short Term
(hereinafter, referred to as the "**Sub-Fund**")

1. Investment Objective

- 1.1. The investment objective of the Sub-Fund is to provide positive returns over the short term, through the selection of a portfolio of fixed income asset classes, markets and fixed income financial instruments offering an attractive yield considering the issuer's credit risk.
- 1.2. The Sub-Fund is actively managed and is not managed in reference to a benchmark.
- 1.3. The Sub-Fund does not offer any form of guarantee with respect to investment performance and no form of capital protection applies.

2. Investment Policy

- 2.1. The investment policy of the Sub-Fund consists in holding a portfolio of fixed income securities. Such securities will have, at the time of their acquisition, an attractive yield, taking into account the creditworthiness of their issuer. The Sub-Fund's average interest rate sensitivity (duration) will range between 0 and 1 year.
- 2.2. The Sub-Fund will invest in fixed-rate, floating-rate, reviewable, indexed or convertible bonds, participating securities, subordinated securities with no fixed maturity and negotiable debt securities, within the authorized sensitivity range.
- 2.3. The Sub-Fund is authorized to invest in all categories of bonds, in particular:
 - 2.3.1. Debts issued or guaranteed by a State, by the local authorities of a State, or by an international public body,
 - 2.3.2. Corporate bonds
 - 2.3.3. Convertible bonds
 - 2.3.4. public or semi-public sector debts
 - 2.3.5. private sector bonds
 - 2.3.6. short-term marketable securities
 - 2.3.7. Negotiable Debt Instruments (NDI)
 - 2.3.8. medium-term marketable securities
 - 2.3.9. Money Market Instruments
- 2.4. The Sub-Fund is authorized to invest in all categories of bonds. The Sub-Fund will invest principally its net assets in investment grade securities and up to 10% of its net assets in non-rated bonds or bonds with a rating of less than BBB- (or equivalent).
- 2.5. The Sub-Fund will not invest in contingent convertible bonds ("Cocos") or in equity securities.
- 2.6. The average equity sensitivity (delta) of the Sub-Fund via its exposure to convertible bonds only will be below 3% of its net assets.
- 2.7. The fixed income securities in which the Sub-Fund can invest are only denominated in Euro and issued mainly by European issuers (50% minimum). Up to 50% of the net assets of the Sub-Fund can be invested in fixed income securities issued by non-European issuers.

- 2.8. The Sub-Fund may invest up to 10% of its net assets in UCITS compliant with the Directive 2009/65/EC within the limits set above. The investment objective of such UCITS shall be compatible with that of the Sub-Fund. Under such circumstances, the Sub-Fund may only invest in UCITS themselves investing in fixed income instruments and/or Money Market Instruments. Such UCITS may be managed by the Management Company.
- 2.9. Derivative instruments may only be used in the context of hedging the Sub-Fund's assets against the interest rate, and credit risks. The commitment resulting from such transactions and contracts may not exceed the Sub-Fund's assets.
- 2.10. The global exposure of derivatives and other positions in the portfolio will be measured using the commitment approach.
- 2.11. The selection of fixed income instruments will essentially depend on the analysis of their issuer's creditworthiness, based on a thorough analysis of their solvability. The Management Company will check that the risk taken is adequately remunerated by ensuring that the actuarial yield of the securities selected is attractive taking into account the issuer's creditworthiness.
- 2.12. Furthermore, in case of adverse bond market conditions this Sub-Fund may temporarily be fully invested in Money Market Instruments in order to protect the Shareholders' interests.
- 2.13. The Sub-Fund will not hold more than 20% of its net assets in cash and deposits at sight (such as cash held in current accounts) for ancillary liquidity purposes in normal market conditions. Under exceptionally unfavourable market conditions and on a temporary basis, this limit may be increased up to 100% of its net assets, if justified in the interest of the investors.
- 2.14. The Management Company relies on its own credit analysis to assess the credit quality of the fixed income securities and implements its own procedures for making its investment/disinvestment decisions.
- 2.15. Any single issuer may not represent more than 10% of the net assets of the Sub-Fund.

3. Risk factors

- IF YOU ARE IN ANY DOUBT ABOUT THE RISK FACTORS RELEVANT TO AN INVESTMENT, YOU SHOULD CONSULT YOUR STOCKBROKER, BANK MANAGER, LAWYER, ACCOUNTANT OR OTHER FINANCIAL ADVISOR. THE VALUE OF AN INVESTMENT MAY GO DOWN AS WELL AS UP AND INVESTORS MAY NOT GET BACK THE AMOUNT INVESTED.
- Investments in securities not only present the opportunity for the appreciation of the invested capital but are also frequently subject to substantial risks. The risks can include bond market risks, exchange rate, interest rate, credit and volatility risks as well as political risks or risks that are associated with such risks. These risks may also be combined with other risks.

	▪ For this reason, potential investors should have experience with investment in instruments that are used as part of the specified investment policy. Furthermore, investors should only make an investment decision after having fully consulted their legal, tax and financial advisors, accountants or other advisors on the information which, together with the investment policy of the Sub-Fund, is contained in the present prospectus, and have taken into account their personal financial and tax situation and other circumstances. ▪ There can be no guaranty that the Sub-Fund will meet its investment objective. ➢ Bonds are subject to normal market risks. ➢ Debt securities are subject to normal credit risk and, in addition, are subject to market risk if they are floating rate. ➢ Investment in higher yielding securities generally entails increased credit default and market risk. Such securities are subject to the risk of an issuer's inability to meet principal and interest payments on its obligations (credit risk) and may also be subject to price volatility due to such factors as interest rate sensitivity, market perception of the creditworthiness of the issuer and general market liquidity and as a result may be less liquid than lower yielding securities.
4. Profile of the typical investor	▪ In light of the Sub-Fund's investment objective it may be appropriate for investors who: 1) Seek capital appreciation over the short-term. 2) Accept the risks associated with this type of investment. 3) Seek to invest in Fixed Income Securities. ▪ An investment in the Sub-Fund is not a deposit in a bank or other insured depository institution. Investment may not be appropriate for all investors. The Sub-Fund is not intended to be a complete investment programme and investors should consider their long-term investment goals and financial needs when making an investment decision about the Sub-Fund. An investment in the Sub-Fund is intended to be a short to medium-term investment even if the Sub-Fund's investment objective is to provide positive returns over short term. ▪ The Company seeks stable relationships with the Sub-Fund's investors and expects that a typical investor in the Sub-Fund will be an experienced and short to medium term investor who knows and accepts the risks associated with this type of investment, as set in section 4. "Risk Factors" of this Prospectus. The typical investor will be seeking to invest a portion of its overall portfolio in fixed income and floating rate securities only denominated euro with an investment

	grade rating of International issuers with the goal of obtaining capital appreciation.
5. Sub-Fund's duration	▪ The Sub-Fund will have an average interest rate sensitivity (duration) ranging from 0 to 1 year.
6. Reference Currency	▪ The Reference Currency of the Sub-Fund is the Euro (EUR). ▪ Subscriptions and the proceeds of redemptions for all Share Classes will be in the currency of the relevant Share Class.
7. Denomination Currency	▪ Euro (EUR)
8. Classes of Shares	▪ Class A EUR (offered to all investors) - denominated in EUR ▪ Class B EUR (offered to institutional investors) - denominated in EUR ▪ Class D EUR (offered to all investors) - denominated in EUR
9. Minimum Initial Subscription Amount	Class A EUR: 100,- EUR Class B EUR: 10.000,- EUR Class D EUR: 100,- EUR
10. Minimum Subsequent Subscription Amount	▪ No minimum
11. Subscription Fee	▪ There is no subscription fee.
12. Redemption Fee	▪ There is no redemption fee.
13. Conversion charges	N/A
14. Cut-Off Time for Subscription and Redemption Orders	4 p.m. Luxembourg time, one (1) Business Day before the relevant Valuation Day.
15. Settlement of Subscription and Redemption Orders	Same Business Day as the relevant Valuation Day.

16. Management Fee	▪ The 'Management fee' is as follows: ➤ Class A EUR and Class D EUR: 0.20% p.a. ➤ Class B EUR: 0.10% p.a.
17. Performance Fee	None
18. Transaction Fee	▪ No transaction fee.
19. Valuation Day	▪ The Net Asset Value per Share of each Class in the Sub-Fund is calculated daily on each Business Day.
20. Distribution policy	▪ Accumulation for Class A EUR and Class B EUR Shares. ▪ Distribution for Class D EUR Shares.
21. Advisor	Compagnie de Banque Privée Quilvest S.A. (CBP Quilvest S.A.) 48, rue Charles Martel, L-2134 Luxembourg, Grand Duchy of Luxembourg, registered in the Luxembourg Trade and Company Register under number B 117.963. Authorized by the CSSF as a bank under the number B00000350. The role of the Advisor is to, in accordance with (a) the contents of the Prospectus, (b) the relevant provisions of the applicable laws and (c) the investment strategy of the Sub-Fund: 1. advise the Management Company as to the allocation of the assets of the Sub-Fund, including in particular: ▪ overall risk positioning; ▪ allocation to credit ratings; and ▪ the overall level of investment and hedging strategy based on the level of risk tolerance that the Advisor considers appropriate; 2. to advise the Management Company on interest rate risk (including in particular the analysis of the maturity of the Sub-Fund's portfolio). DYNASTY SICAV - Dynasty Euro Yield
(hereinafter, referred to as the "**Sub-Fund**")

1. Investment Objective

- 1.1. The investment objective of the Sub-Fund is to provide positive returns over medium term, through the selection of a portfolio of fixed income asset classes, markets and fixed income financial instruments offering an attractive yield considering the issuer's credit risk.
- 1.2. The Sub-Fund is actively managed and is not managed in reference to a benchmark.
- 1.3. The Sub-Fund does not offer any form of guarantee with respect to investment performance and no form of capital protection applies.

2. Investment Policy

- 2.1. The investment policy of the Sub-Fund consists in holding a portfolio of corporate fixed income securities. Such securities will have, at the time of their acquisition, an attractive yield, taking into account the creditworthiness of their issuer. The Sub-Fund's average interest rate sensitivity (duration) will range between 0 and 8 years. Investments in High Yield or non-rated bonds will be possible up to 100% of the net assets of the Sub-Fund.
- 2.2. The Sub-Fund will invest up to one hundred percent (100%) of its net assets in fixed income securities, such as:
 - 2.2.1. Standard bonds (Senior and Subordinated);
 - 2.2.2. Convertible bonds or similar fixed income instruments;
 - 2.2.3. Money Market Instruments;
- 2.3. The Sub-Fund may invest up to 20% of its net assets in perpetual bonds, futures, listed options and OTC derivatives.
- 2.4. The fixed income securities are only denominated in Euro and issued by international (both European and Non-European) issuers.
- 2.5. Securities may have no minimum rating at the time of their acquisition. Investments in High Yield or non-rated securities will therefore be possible up to 100% of the net assets of the Sub-Fund.
- 2.6. Investments in instruments qualifying as distressed securities at the time of purchase are limited to 10% of the Sub-Fund's net assets.
- 2.7. In the event that an issuer's credit rating is downgraded, the issuer's credit standing will immediately be assessed and appropriate actions for any specific instrument of the relevant issuer within the Sub-Fund may be taken. These actions could include selling the underlying holdings or retaining the holdings to maturity depending on the specific characteristics of the instrument; in either event, the decision will be based on what is in the best interest of the Shareholders of the Sub-Fund. In case of a rating downgrade of any debt securities that the Sub-Fund may have invested in, the Sub-Fund could also be exposed to distressed securities. In this case, the Management Company will take reasonable efforts so that this exposure will not exceed 10% of the Sub-Fund's net assets and that the distressed securities are liquidated in the best interests of shareholders.

- 2.8. The Sub-Fund may invest up to 10% of its net assets in UCITS compliant with the Directive 2009/65/EC within the limits set above. The investment objective of such UCITS shall be compatible with that of the Sub-Fund. Under such circumstances, the Sub-Fund may only invest in UCITS themselves investing in fixed income instruments and/or Money Market Instruments. Such UCITS may be managed by the Management Company.
- 2.9. The Sub-Fund may invest up to 10% of its net assets in contingent convertible bonds ("Cocos").
- 2.10. The average equity sensitivity (delta) of the Sub-Fund from its exposure to convertible bonds will be below 10%.
- 2.11. Derivative instruments may only be used in the context of hedging the Sub-Fund's assets against the interest and credit risk. The commitment resulting from such transactions and contracts may not exceed the Sub-Fund's assets.
- 2.12. The global exposure of derivatives and other positions in the portfolio will be measured using the commitment approach.
- 2.13. The selection of fixed income instruments will essentially depend on the analysis of their issuer's creditworthiness, based on a thorough analysis of their solvability. The Management Company will check that the risk taken is adequately remunerated by ensuring that the actuarial yield of the securities selected is attractive taking into account the issuer's creditworthiness.
- 2.14. Furthermore, in case of adverse bond market conditions this Sub-Fund may temporarily be fully invested in Money Market Instruments in order to protect the Shareholders' interests.
- 2.15. The Sub-Fund will not hold more than 20% of its net assets in cash and deposits at sight (such as cash held in current accounts) for ancillary liquidity purposes in normal market conditions. Under exceptionally unfavourable market conditions and on a temporary basis, this limit may be increased up to 100% of its net assets, if justified in the interest of the investors.
- 2.16. The Management Company relies on its own credit analysis to assess the credit quality of the fixed income securities.
- 2.17. Any single issuer may not represent more than 10% of the net assets of the Sub-Fund.

3. Risk factors

- IF YOU ARE IN ANY DOUBT ABOUT THE RISK FACTORS RELEVANT TO AN INVESTMENT, YOU SHOULD CONSULT YOUR STOCKBROKER, BANK MANAGER, LAWYER, ACCOUNTANT OR OTHER FINANCIAL ADVISOR. THE VALUE OF AN INVESTMENT MAY GO DOWN AS WELL AS UP AND INVESTORS MAY NOT GET BACK THE AMOUNT INVESTED.
- Investments in securities not only present the opportunity for the appreciation of the invested capital but are also frequently subject to substantial risks. The risks can include bond market risks, exchange rate, interest rate, credit and volatility risks as well as political risks or risks that are associated with such risks. These risks may also be combined with other risks.
- For this reason, potential investors should have experience with investment in instruments that are used as part of the specified investment policy. Furthermore, investors should only make an investment decision after having fully consulted their legal, tax and financial advisors, accountants or other advisors on the information which, together with the investment policy of the Sub-Fund, is contained in the present prospectus, and have taken into account their personal financial and tax situation and other circumstances.
- There can be no guaranty that the Sub-Fund will meet its investment objective.
 - Bonds are subject to normal market risks.
 - Debt securities are subject to normal credit risk and, in addition, are subject to market risk if they are floating rate.
 - Investment in higher yielding securities generally entails increased credit default and market risk. Such securities are subject to the risk of an issuer's inability to meet principal and interest payments on its obligations (credit risk) and may also be subject to price volatility due to such factors as interest rate sensitivity, market perception of the creditworthiness of the issuer and general market liquidity and as a result may be less liquid than lower yielding securities.
 - Investment in instruments qualifying as distressed securities is subject to distressed strategies risk involving higher financial business risks.

4. Profile of the typical investor	▪ In light of the Sub-Fund's investment objective it may be appropriate for investors who: 1) Seek capital appreciation over the medium-term. 2) Accept the risks associated with this type of investment. 3) Seek to invest in Fixed Income Securities. ▪ An investment in the Sub-Fund is not a deposit in a bank or other insured depository institution. Investment may not be appropriate for all investors. The Sub-Fund is not intended to be a complete investment programme and investors should consider their long-term investment goals and financial needs when making an investment decision about the Sub-Fund. An investment in the Sub-Fund is intended to be a long-term investment even if the Sub-Fund's investment objective is to provide positive returns over medium term. ▪ The Company seeks stable relationships with the Sub-Fund's investors and expects that a typical investor in the Sub-Fund will be an experienced and long-term investor who knows and accepts the risks associated with this type of investment, as set in section 4. "Risk Factors" of this Prospectus. The typical investor will be seeking to invest a portion of its overall portfolio in fixed income securities denominated in Euro with a rating below investment grade of international issuers with the goal of obtaining capital appreciation.
5. Sub-Fund's duration	▪ The Sub-Fund will have an average interest rate sensitivity (duration) ranging from 0 to 8 years.
6. Reference Currency	▪ The Reference Currency of the Sub-Fund is the Euro (EUR). ▪ Subscriptions and the proceeds of redemptions for all Share Classes will be in the currency of the relevant Share Class.
7. Denomination Currency	▪ Euro (EUR)
8. Classes of Shares	▪ Class A EUR (offered to all investors) - denominated in EUR ▪ Class A USD (offered to all investors) - denominated in USD and hedged against foreign exchange risk of the USD versus the EUR ▪ Class A CHF (offered to all investors) denominated in CHF and hedged against foreign exchange risk of the CHF versus the EUR ▪ Class B EUR (offered to institutional investors) - denominated in EUR ▪ Class B CHF (offered to institutional investors) - denominated in CHF and hedged against foreign exchange risk of the CHF versus the EUR ▪ Class D EUR (offered to all investors) - denominated in EUR

9. Minimum Initial Subscription Amount	Class A EUR: 100,- EUR Class A USD: 100,- USD Class A CHF: 100, CHF Class B EUR: 10.000,- EUR Class B CHF:10.000,-CHF Class D EUR: 100,- EUR
10. Minimum Subsequent Subscription Amount	▪ No minimum
11. Subscription Fee	None
12. Redemption Fee	▪ There is no redemption fee.
13. Conversion charges	N/A
14. Cut-Off Time for Subscription and Redemption Orders	4 p.m. Luxembourg time, two (2) Business Days before the relevant Valuation Day.
15. Settlement of Subscription and Redemption Orders	One (1) Business Day after the relevant Valuation Day.
16. Management Fee	▪ The ‘Management fee’ is as follows: ➤ Class A EUR, A CHF, A USD: 0.80% p.a. ➤ Class B EUR, B CHF and Class D EUR: 0.40% p.a.
17. Performance Fee	None
18. Transaction Fee	▪ Up to 0.10% per transaction.
19. Valuation Day	▪ The Net Asset Value per Share of each Class in the Sub-Fund is calculated daily on each Business Day.
20. Distribution policy	▪ Accumulation for Class A EUR, Class B EUR ▪ Distribution for Class D EUR Shares.

21. Advisor

Compagnie de Banque Privée Quilvest S.A. (CBP Quilvest S.A.)
48, rue Charles Martel, L-2134 Luxembourg, Grand Duchy of
Luxembourg, registered in the Luxembourg Trade and Company
Register under number B 117.963.

Authorized by the CSSF as a bank under the number B00000350.

The role of the Advisor is to, in accordance with (a) the contents of the Prospectus, (b) the relevant provisions of the applicable laws and (c) the investment strategy of the Sub-Fund:

1. advise the Management Company as to the allocation of the assets of the Sub-Fund, including in particular:
 - overall risk positioning;
 - allocation to credit ratings; and
 - the overall level of investment and hedging strategy based on the level of risk tolerance that the Advisor considers appropriate;
2. to advise the Management Company on interest rate risk (including in particular the analysis of the maturity of the Sub-Fund's portfolio).

An agreement entered into between the Management Company and the Advisor determines the terms and conditions under which the Advisor provides its services, it being specified that the Management Company remains independent in making the management decisions regarding the Sub-Fund.

DYNASTY SICAV - Dynasty Chahine Capital High Yield 2028
(hereinafter, referred to as the "**Sub-Fund**")

1. Investment Objective

- 1.1. The investment objective of the Sub-Fund is to provide positive returns over medium to long term, through the selection and holding of a portfolio of fixed income securities until the maturity of the Sub-Fund on 31 December 2028.
- 1.2. The Sub-Fund is actively managed and is not managed in reference to a benchmark.
- 1.3. The Sub-Fund does not offer any form of guarantee with respect to investment performance and no form of capital protection applies.
- 1.4. On 1 October 2028 at the latest, investors will be notified of the decision taken by the Board of Directors as regards to the merger, dissolution or transformation of the Sub-Fund after 31 December 2028.

2. Investment Policy

- 2.1. The investment policy of the Sub-Fund consists in holding a portfolio of fixed income securities until the maturity of the Sub-Fund on 31 December 2028. Such securities will have, at the time of their acquisition, an attractive yield, taking into account the creditworthiness of their issuer. The maturity or early reimbursement dates (call and/or put) of the fixed income securities held in portfolio will not exceed the maturity of the Sub-Fund by more of one year (i.e. 31 December 2029).
- 2.2. The Sub-Fund will invest up to one hundred percent (100%) of its net assets in fixed income securities essentially denominated in Euro (75% minimum) and mainly issued by European issuers (excluding Chinese and Russian issuers), such as:
 - 2.2.1. Standard bonds;
 - 2.2.2. Convertible bonds or similar fixed income instruments;
 - 2.2.3. Perpetual bonds with an early redemption (call or put) date before 31 December 2029;
 - 2.2.4. Money Market Instruments.
- 2.3. The Sub-Fund may invest up to 10% of its net assets in equities (as a result (or not) of the conversion or restricting of bonds or similar fixed income instruments), warrants, futures, listed options and OTC derivatives.
- 2.4. Standard bonds as well as convertible bonds will not have a minimum rating at the time of their acquisition. Exposure to High Yield or unrated bonds will therefore be possible up to 100% of the net assets of the Sub-Fund.
- 2.5. The Sub-Fund may invest up to 10% of its net assets in UCITS compliant with the Directive 2009/65/EC. The investment objective of such UCITS shall be compatible with that of the Sub-Fund. Under such circumstances, the Sub-Fund may only invest in UCITS themselves investing in fixed income instruments and/or Money Market Instruments. Such UCITS may be managed by the Management Company.
- 2.6. Derivative instruments may only be used in the context of hedging the Sub-Funds assets against the interest rate risk and the foreign exchange risk. The commitment resulting from such transactions and contracts may not exceed the Sub-Funds assets.

- 2.7. The global exposure of derivatives and other positions in the portfolio will be measured using the commitment approach.
- 2.8. The selection of fixed income instruments will essentially depend on the analysis of their issuer's creditworthiness, based on a thorough analysis of its solvability. The Management Company will check that the risk taken is adequately remunerated by ensuring that the actuarial yield of the securities selected is attractive taking into account the issuer's creditworthiness. The Management Company will therefore analyse the bond's credit spread by comparing it to existing similar instruments and/or to the price of the corresponding Credit Default Swap. If unavailable, the spread will be compared to that of instruments issued by issuers of the same economic and/or geographical sector.
- 2.9. The Management Company relies on its own credit analysis to assess the credit quality of the fixed income securities.
- 2.10. Furthermore, in case of adverse bond market conditions this Sub-Fund may temporarily be fully invested in Money Market Instruments in order to protect the Shareholders' interests.
- 2.11. The Sub-Fund will not hold more than 20% of its net assets in cash and deposits at sight (such as cash held in current accounts) for ancillary liquidity purposes in normal market conditions. Under exceptionally unfavourable market conditions and on a temporary basis, this limit may be increased up to 100% of its net assets, if justified in the interest of the investors.

3. Risk factors

- IF YOU ARE IN ANY DOUBT ABOUT THE RISK FACTORS RELEVANT TO AN INVESTMENT, YOU SHOULD CONSULT YOUR STOCKBROKER, BANK MANAGER, LAWYER, ACCOUNTANT OR OTHER FINANCIAL ADVISOR. THE VALUE OF AN INVESTMENT MAY GO DOWN AS WELL AS UP AND INVESTORS MAY NOT GET BACK THE AMOUNT INVESTED.
- Investments in securities not only present the opportunity for the appreciation of the invested capital but are also frequently subject to substantial risks. The risks can include bond market risks, exchange rate, interest rate, credit and volatility risks as well as political risks or risks that are associated with such risks. These risks may also be combined with other risks.
- For this reason, potential investors should have experience with investment in instruments that are used as part of the specified investment policy. Furthermore, investors should only make an investment decision after having fully consulted their legal, tax and financial advisors, accountants or other advisors on the information which, together with the investment policy of the Sub-Fund, is

	contained in the present prospectus, and have taken into account their personal financial and tax situation and other circumstances. ▪ There can be no guaranty that the Sub-Fund will meet its investment objective. ➤ Bonds are subject to normal market risks. ➤ Debt securities are subject to normal credit risk and, in addition, are subject to market risk if they are floating rate. ➤ Investment in higher yielding securities generally entails increased credit default and market risk. Such securities are subject to the risk of an issuer's inability to meet principal and interest payments on its obligations (credit risk) and may also be subject to price volatility due to such factors as interest rate sensitivity, market perception of the creditworthiness of the issuer and general market liquidity and as a result may be less liquid than lower yielding securities. ▪ The Sub-Fund may invest in permitted financial instruments denominated in currencies other than the Reference Currency. Changes in foreign currency exchange rates will affect the value of shares held in the Sub-Fund.
4. Profile of the typical investor	▪ In light of the Sub-Fund's investment objective it may be appropriate for investors who: 1) Seek capital appreciation over the medium to long-term. 2) Accept the risks associated with this type of investment. 3) Seek to invest in Fixed Income Securities. ▪ An investment in the Sub-Fund is not a deposit in a bank or other insured depository institution. Investment may not be appropriate for all investors. The Sub-Fund is not intended to be a complete investment programme and investors should consider their long-term investment goals and financial needs when making an investment decision about the Sub-Fund. An investment in the Sub-Fund is intended to be a long-term investment. ▪ The Company expects that a typical investor in the Sub-Fund will be an experienced and long-term investor who knows and accepts the risks associated with this type of investment, as set in section 4. "Risk Factors" of this Prospectus. The typical investor will be seeking to invest a portion of its overall portfolio in fixed income and floating rate securities with a rating below investment grade of issuers domiciled within the European Union and within other European countries with a sovereign foreign currency long-term debt investment grade rating, with the goal of obtaining capital appreciation.

5. Sub-Fund's duration	▪ The Sub-Fund will in principle mature on 31 December 2028.
6. Reference Currency	▪ The Reference Currency of the Sub-Fund is the Euro (EUR). ▪ Subscriptions and the proceeds of redemptions for all Share Classes will be in the currency of the relevant Share Class.
7. Denomination Currency	▪ Euro (EUR) ▪ I-
8. Classes of Shares	▪ Class A EUR (offered to all investors) - denominated in EUR ▪ Class B EUR (offered to institutional investors) - denominated in EUR ▪ Class D EUR (offered to all investors) - denominated in EUR ▪ Class I EUR (offered to institutional investors) - denominated in EUR
9. Initial Price	▪ Class A EUR: 100,- EUR ▪ Class B EUR: 100,- EUR ▪ Class D EUR: 100,- EUR ▪ Class I EUR: 100,-EUR
10. Minimum Initial Subscription Amount	Class A EUR: 100,- EUR Class B EUR: 10.000,- EUR Class D EUR: 100,- EUR Class I EUR: 10.000.000,- EUR ▪ With regard to the Class I EUR the Board of Directors may, at its sole discretion, waive or modify the minimum subscription amount.
11. Minimum Subsequent Subscription Amount	▪ No minimum
12. Subscription Fee	▪ There is no subscription fee
13. Redemption Fee	▪ There is no redemption fee
14. Conversion charges	N/A

15. Cut-Off Time for Subscription and Redemption Orders	4 p.m. Luxembourg time, two (2) Business Days before the relevant Valuation Day.
16. Settlement of Subscription and Redemption Orders	One (1) Business Day after the relevant Valuation Day.
17. Management Fee	▪ The "Management fee" is as follows: ➤ Class A EUR, Class D EUR: 0.90% p.a. ➤ Class B EUR: 0.60% p.a. ➤ Class I EUR: 0.50% p.a.
18. Performance Fee	▪ The performance fee payable to the Management Company is calculated and crystallised daily based on the Net Asset Value of the Sub-Fund. ▪ The performance fee is payable only if the following conditions are met cumulatively: 1) The performance of the Net Asset Value of the Sub-Fund must, calculated on a daily basis, exceed the performance of the hurdle rate, as defined below, calculated on a daily basis, subject to a high water mark. 2) The "High Water Mark" system authorizes the Management Company to claim performance fees only if the Net Asset Value at the end of the financial year is higher than the so-called "High Water Mark" Net Asset Value, which is equal to the last Net Asset Value having borne a performance fee, or failing that, the initial Net Asset Value, or if higher, the Net Asset Value at the end of the relevant financial year. The length of the performance reference period is the whole life of the Sub-Fund. Therefore, any underperformance or loss previously incurred during the performance reference period must be recovered before a performance fee becomes payable. 3) If the Net Asset Value of the Sub-Fund on the Valuation Day before deduction of the performance fee is above the hurdle rate, a performance fee will be payable as a percentage of the absolute performance of the Sub-Fund. The performance fee is calculated on the basis of the number of shares of the Sub-Fund in circulation on the Valuation Day.

- The comparison between the performance of the Net Asset Value and the performance of the hurdle rate is re-calculated for each financial year.
- The performance fee cannot be reimbursed if the Net Asset Value falls after payment of the performance fee.

Performance Fee in percentage (%)

- twenty percent (20)% for Class A EUR, B EUR and D EUR.
- ten percent (10)% for Class I EUR.

Hurdle rate: 4% per annum

The hurdle rate of 4% corresponds to the average of the gross yield to maturity of corporate bonds denominated in Euro with maturities in 2027, 2028 and 2029 with an amount outstanding greater than 100mm euro and excluding Financials and Sovereigns (source: Bloomberg as of 13/12/2022 (5.0%) minus the expected on going charges (1%).

The performance fee is paid annually.

You will find below examples regarding the calculation of the performance fee:

Scenario 1 for Class A EUR, B EUR and D EUR

Positive performance against the HWM adjusted by the hurdle

Initial NAV per Share and initial HWM	A		100
Yearly Performance	B		6%
NAV per Share at the end of the year	C	$= A * (1 + B)$	106
Hurdle	D		4%
NAV with Hurdle	E	$= A * (1 + D)$	104
Net Appreciation above Hurdle	F	$= C - E$	+2.0
Performance Fee Rate	G		20%
Performance Fee @ 10% of net appreciation	H	$= F * G$	0.40
New HWM	I	$= C - H$	105.60

Scenario 2 for Class A EUR, B EUR and D EUR
Negative performance against the HWM adjusted by the Hurdle

Initial NAV per Share and initial HWM	A		100
Yearly Performance	B		-1%
NAV per Share at the end of the year	C	$= A * (1 + B)$	99
Hurdle	D		4%
NAV with Hurdle	E	$= A * (1 + D)$	104
Net Appreciation above Hurdle	F	$= C - E$	-5.0
Performance Fee Rate	G		20%
Performance Fee @ 10% of net appreciation	H	$= F * G$	NA
New HWM	I	$= C - H$	100

Scenario 3 for Class A EUR, B EUR and D EUR
Positive performance against the HWM adjusted by the Hurdle

Initial NAV per Share and initial HWM	A		100
Yearly Performance	B		+1%
NAV per Share at the end of the year	C	$= A * (1 + B)$	101
Hurdle	D		4%
NAV with Hurdle	E	$= A * (1 + D)$	104
Net Appreciation above Hurdle	F	$= C - E$	- 3.0
Performance Fee Rate	G		20%
Performance Fee @ 10% of net appreciation	H	$= F * G$	NA
New HWM	I	$= C - H$	101

19. Transaction Fee	▪ None
20. Valuation Day	▪ The Net Asset Value per Share of each Class in the Sub-Fund is calculated daily on each Business Day.
21. Distribution policy	▪ Accumulation for Class A EUR, Class B EUR and Class I EUR Shares. ▪ Distribution for Class D EUR Shares.
22. Initiator	▪ J. CHAHINE CAPITAL, 10 boulevard F.D. Roosevelt L-2450 Luxembourg

DYNASTY SICAV - Unique Liquid Alternatives Fund
(hereinafter, referred to as the "**Sub-Fund**")

1. Investment Objective

- 1.1. The investment objective of the Sub-Fund is to achieve long term capital growth by investing mainly in UCITS and other UCIs (principally in exchange-traded funds (ETFs)).
- 1.2. The Sub-Fund is actively managed but uses the Eurekahedge UCITS Multi-Strategy Hedge Fund Index (EHFI5475 Index in Bloomberg) as a performance measure. The Sub-Fund is not bound by the components or weighting of the index when selecting investments and the Sub-Fund may invest in securities not included in the index. Due to the active nature of the management process, the portfolio of the Sub-Fund may deviate significantly from that of the index.
- 1.3. The Sub-Fund does not offer any form of guarantee with respect to investment performance and no form of capital protection applies.

2. Investment Policy

- 2.1. The investment policy of the Sub-Fund consists in holding a portfolio of mainly UCITS and other UCIs (principally in ETFs).
- 2.2. The Sub-Fund will invest up to one hundred percent (100%) of its net assets in UCITS and other UCIs (including ETFs) compliant with the Directive 2009/65/EC. The investment objective of such UCITS and other UCIs (including ETFs) shall be compatible with that of the Sub-Fund. Under such circumstances, the Sub-Fund may only invest in UCITS and other UCIs (including ETFs) themselves investing in liquid instruments. Such UCITS and other UCIs (including ETFs) may be managed by the Management Company or the Advisor.
- 2.3. The Sub-Fund can also invest to a lesser extent in:
 - 2.3.1. Equities;
 - 2.3.2. Warrants;
 - 2.3.3. Actively Managed Certificates (AMC), being instruments issued by a special purpose vehicle as a structured product comprising a portfolio of underlying assets such as liquid securities, bonds, funds, shares, derivatives and currencies;
 - 2.3.4. Money Market Instruments.
- 2.4. The Sub-Fund will invest principally in UCITS and other UCIs (including ETFs) products resulting in the Sub-Fund being a fund of funds. The Sub-Fund will also have the ability to tactically allocate capital to certain direct / single investments that may add additional value to the overall portfolio of the Sub-Fund.
- 2.5. Investments will principally be denominated in USD and based worldwide, including up to 10% in emerging markets.
- 2.6. The global exposure of derivatives and other positions in the portfolio will be measured using the commitment approach.
- 2.7. The Sub-Fund will not hold more than 20% of its net assets in cash and deposits at sight (such as cash held in current accounts) for ancillary liquidity purposes in normal

market conditions. Under exceptionally unfavourable market conditions and on a temporary basis, this limit may be increased up to 100% of its net assets, if justified in the interest of the investors.

- 2.8. The Sub-Fund does not promote environmental and/or social characteristics (as provided by Article 6 of SFDR).

3. Risk factors	▪ IF YOU ARE IN ANY DOUBT ABOUT THE RISK FACTORS RELEVANT TO AN INVESTMENT, YOU SHOULD CONSULT YOUR STOCKBROKER, BANK MANAGER, LAWYER, ACCOUNTANT OR OTHER FINANCIAL ADVISOR. THE VALUE OF AN INVESTMENT MAY GO DOWN AS WELL AS UP AND INVESTORS MAY NOT GET BACK THE AMOUNT INVESTED. ▪ Investments in securities not only present the opportunity for the appreciation of the invested capital but are also frequently subject to substantial risks. The risks can include exchange rate, emerging markets risk, equity and volatility risks as well as political risks or risks that are associated with such risks. These risks may also be combined with other risks. ▪ For this reason, potential investors should have experience with investment in instruments that are used as part of the specified investment policy. Furthermore, investors should only make an investment decision after having fully consulted their legal, tax and financial advisors, accountants or other advisors on the information which, together with the investment policy of the Sub-Fund, is contained in the present prospectus, and have taken into account their personal financial and tax situation and other circumstances. ▪ There can be no guarantee that the Sub-Fund will meet its investment objective. ▪ Equities, ETFs are subject to normal market risks. ▪ UCITS and other UCIs will have exposure to most liquid underlyings and are therefore subject to normal macro and micro risk in financial markets. ▪ The Sub-Fund is also subject to Risks linked to investment in other UCITS/Other UCI. ▪ The Sub-Fund may invest in permitted financial instruments denominated in currencies other than the Reference Currency. Changes in foreign currency exchange rates will affect the value of shares held in the Sub-Fund.
4. Profile of the typical investor	▪ In light of the Sub-Fund's investment objective it may be appropriate for investors who: 1) Seek capital appreciation over the long-term. 2) Accept the risks associated with this type of investment.

	3) Seek an actively managed investment strategy ▪ An investment in the Sub-Fund is not a deposit in a bank or other insured depository institution. Investments may not be appropriate for all investors. The Sub-Fund is not intended to be a complete investment programme and investors should consider their long-term investment goals and financial needs when making an investment decision about the Sub-Fund. An investment in the Sub-Fund is intended to be a mid to long-term investment. ▪ The Company expects that a typical investor in the Sub-Fund will be an experienced and mid to long-term (3 to 5 years) investor who knows and accepts the risks associated with this type of investment, as set in section 4. "Risk Factors" of this Prospectus. The typical investor will be seeking to invest a portion of its overall portfolio with the goal of obtaining capital appreciation.
5. Reference Currency	▪ The Reference Currency of the Sub-Fund is the US Dollar (USD). ▪ Subscriptions and the proceeds of redemptions for all Share Classes will be in the currency of the relevant Share Class.
6. Denomination Currency	▪ US Dollar (USD).
7. Classes of Shares	▪ Class A USD (offered to all investors) – denominated in USD ▪ Class B USD (offered to institutional investors) - denominated in USD ▪ Class C USD (offered principally to investors who enter the Sub-Fund via an intermediary) – denominated in USD ▪ Class D USD (offered to investors subject to prior approval by the Sub-Fund) - denominated in USD
8. Minimum Initial Subscription Amount	Class A USD: 1,000,- USD Class B USD: 100,000,- USD Class C USD: 10,000 - USD Class D USD: 1,000,- USD
9. Minimum Subsequent Subscription Amount	▪ 1,000 USD for all share classes
10. Initial Price	Class A USD: 100,- USD Class B USD: 100,- USD Class C USD: 100 - USD Class D USD: 100,- USD

11. Subscription Fee	▪ 2% for Class C USD Shares (payable to the Management Company)
12. Redemption Fee	▪ There is no redemption fee.
13. Conversion charges	N/A
14. Cut-Off Time for Subscription and Redemption Orders	4 p.m. Luxembourg time, three (3) Business Days before the relevant weekly Valuation Day.
15. Settlement of Subscription and Redemption Orders	Two (2) Business Day after the relevant weekly Valuation Day.
16. Management Fee	▪ The "Management fee" is as follows: ➤ Class A USD: 1.80% p.a. ➤ Class B USD: 1.30% p.a. ➤ Class C USD: 1.80% p.a. ➤ Class D USD: 1.05% p.a. Management fees are paid monthly in arrears.
17. Performance Fee	▪ The performance fee payable to the Management Company is calculated and crystallised weekly based on the Net Asset Value of the Sub-Fund. Up to 50% of the performance fee is paid to the Advisor by the Management Company. ▪ The performance fee is payable only if the following conditions are met cumulatively: 1) The performance of the Net Asset Value of the Sub-Fund must, calculated on a weekly basis, exceed the performance of the hurdle rate, as defined below, calculated on a weekly basis, subject to a high water mark. 2) The "High Water Mark" system authorizes the Management Company to claim performance fees only if the Net Asset Value at the end of the financial year is higher than the so-called "High Water Mark" Net Asset Value, which is equal to the last Net Asset Value having borne a performance fee, or failing that, the initial Net Asset Value, or if higher, the Net Asset Value at the end of the relevant financial year. The length of the performance reference period is the whole life of the Sub-Fund. Therefore, any underperformance or loss previously incurred during the performance reference period must be recovered before a performance fee becomes payable.

3) If the Net Asset Value of the Sub-Fund on the Valuation Day before deduction of the performance fee is above the hurdle rate, a performance fee will be payable as a percentage of the absolute performance of the Sub-Fund. The performance fee is calculated on the basis of the number of shares of the Sub-Fund in circulation on the Valuation Day.

- The comparison between the performance of the Net Asset Value and the performance of the hurdle rate is re-calculated for each financial year.
- The performance fee cannot be reimbursed if the Net Asset Value falls after payment of the performance fee.

Performance Fee in percentage (%)

- Fifteen percent (15)% for Class A USD shares
- Ten percent (10)% for Class B USD shares
- Fifteen percent (15)% for Class C USD shares
- Zero (0)% for Class D USD shares

Hurdle rate: 3-month SOFR + 1.5% per annum

The 3-month SOFR (Secured Overnight Financing Rate) rate is re-established on a monthly basis.

The performance fee is paid annually.

You will find below examples regarding the calculation of the performance fee for the Class A USD

Scenario 1

Positive performance against the HWM adjusted by the hurdle

Initial NAV per Share and initial HWM	A		100
Yearly Performance	B		8%
NAV per Share at the end of the year	C	$= A * (1 + B)$	108
Hurdle	D		7% ¹
NAV with Hurdle	E	$= A * (1 + D)$	107

¹ Represents estimate of current 3-month SOFR rate plus 1.5% p.a.

Net Appreciation above Hurdle	F	= C - E	1
Performance Fee Rate	G		15%
Performance Fee @ 15% of net appreciation	H	= F * G	0.15
New HWM	I	= C - H	107.85

Scenario 2

Negative performance against the HWM adjusted by the Hurdle

Initial NAV per Share and initial HWM	A		100
Yearly Performance	B		-1%
NAV per Share at the end of the year	C	= A * (1 + B)	99
Hurdle	D		7% ¹
NAV with Hurdle	E	= A * (1 + D)	107
Net Appreciation above Hurdle	F	= C - E	-7.0
Performance Fee Rate	G		15%
Performance Fee @ 15% of net appreciation	H	= F * G	NA
New HWM	I	= C - H	100

Scenario 3

Positive performance against the HWM adjusted by the Hurdle

Initial NAV per Share and initial HWM	A		100
Yearly Performance	B		1%
NAV per Share at the end of the year	C	= A * (1 + B)	101
Hurdle	D		7% ¹
NAV with Hurdle	E	= A * (1 + D)	107

	<table><tr><td>Net Appreciation above Hurdle</td><td>F</td><td>= C - E</td><td>- 5.0</td></tr><tr><td>Performance Fee Rate</td><td>G</td><td></td><td>15%</td></tr><tr><td>Performance Fee @ 15% of net appreciation</td><td>H</td><td>= F * G</td><td>NA</td></tr><tr><td>New HWM</td><td>I</td><td>= C - H</td><td>101</td></tr></table>	Net Appreciation above Hurdle	F	= C - E	- 5.0	Performance Fee Rate	G		15%	Performance Fee @ 15% of net appreciation	H	= F * G	NA	New HWM	I	= C - H	101

18. Transaction Fee	▪ None.																
19. Valuation Day	▪ The Net Asset Value per Share of each Class in the Sub-Fund is valued weekly as at each Thursday which is a Business Day and calculated on the next Business Day (the Valuation Day). Should a Thursday not be a Business Day, the Net Asset Value per Share of each Class in the Sub-Fund will be valued on the next Business Day.																
20. Distribution policy	▪ Accumulation for Class A USD, Class B USD, Class C USD and Class D USD.																
21. Advisor	Previs Capital Partners SA Rue Robert-Cèard 6, 1204 Genève, Switzerland. The role of the Advisor is to, in accordance with (a) the contents of the Prospectus, (b) the relevant provisions of the applicable laws and (c) the investment strategy of the Sub-Fund, advise the Management Company on securities to invest in (such as fixed income instruments, equities, ETFs, funds). ▪ An agreement entered into between the Management Company and the Advisor determines the terms and conditions under which the Advisor provides its services, it being specified that the Management Company remains independent in making the management decisions regarding the Sub-Fund.																

DYNASTY SICAV – Global Income Opportunities
(hereinafter, referred to as the "**Sub-Fund**")

1. Investment Objective

- 1.1. The investment objective of the Sub-Fund is to achieve medium to long term capital growth by investing in a portfolio, composed of essentially fixed income securities and to a lesser extent equities.
- 1.2. The Sub-Fund is actively managed but uses the Bloomberg Global Aggregate & High Yield Corporate Custom Hedge USD Index (H38876US5 Index in Bloomberg) as a performance measure. The Sub-Fund is not bound by the components or weighting of the index when selecting investments and the Sub-Fund may invest in securities not included in the index. Due to the active nature of the management process, the portfolio of the Sub-Fund may deviate significantly from that of the index.
- 1.3. The Sub-Fund does not offer any form of guarantee with respect to investment performance and no form of capital protection applies.

2. Investment Policy

- 2.1. The investment policy of the Sub-Fund consists in holding a portfolio of essentially of fixed income securities (80% minimum) and to a lesser extent in equities (20% maximum).
- 2.2. The Sub-Fund will invest a minimum of 80% of its net assets in fixed income securities, such as:
 - 2.2.1. Standard bonds issued by Corporates or/and Governments
 - 2.2.2. Convertible bonds or similar fixed income instruments (such as convertible preference shares, mandatory convertibles, bonds cum warrants, exchangeable bonds and other convertible bonds);
 - 2.2.3. Subordinated bonds (including perpetual bonds) limited to 30% of the Sub-Fund's net assets;
 - 2.2.4. Money Market Instruments.
- 2.3. The Sub-Fund will not invest in Contingent Convertible bonds ("Cocos").
- 2.4. The Sub-Fund's investments in fixed income securities will mainly be investment grade.
- 2.5. Exposure to High Yield and/or unrated bonds will be possible up to 49% of the net assets of the Sub-Fund.
- 2.6. The Sub-Fund will not invest at the time of purchase in distressed securities
- 2.7. The Management Company relies on its own credit analysis to assess the credit quality of the fixed income securities.
- 2.8. The Sub-Funds average interest rate sensitivity (duration) will range between 0 and 10 years.
- 2.9. Any single issuer may not represent more than 10% of the net assets of the Sub-Fund.
- 2.10. In the event that an issuer's credit rating is downgraded, the issuer's credit standing will immediately be assessed and appropriate actions for any specific instrument of the relevant issuer within the Sub-Fund may be taken. These actions could

- include selling the underlying holdings or retaining the holdings to maturity depending on the specific characteristics of the instrument; in either event, the decision will be based on what is in the best interest of the Shareholders of the Sub-Fund. In case of a rating downgrade of any debt securities that the Sub-Fund may have invested in, the Sub-Fund could also be exposed to distressed securities. In this case, the Management Company will take reasonable efforts so that this exposure will not exceed 10% of the Sub-Fund's net assets and that the distressed securities are liquidated in the best interests of shareholders.
- 2.11. The Sub-Fund will invest up to 20% of its net assets in equity securities such as:
 - 2.11.1. Listed equities;
 - 2.11.2. Listed options up to 10% of its net assets;
 - 2.12. Investments will mainly be denominated in USD and based worldwide, including up to 30% in emerging markets.
 - 2.13. The Sub-Fund may invest up to 10% of its net assets in UCITS and exchange-traded funds (ETFs) compliant with the Directive 2009/65/EC. The investment objective of such UCITS and ETFs shall be compatible with that of the Sub-Fund. Under such circumstances, the Sub-Fund may only invest in UCITS and ETFs themselves investing in fixed income instruments and/or Money Market Instruments and/or Equities. Such UCITS and ETFs may be managed by the Management Company or the Advisor.
 - 2.14. Derivative instruments, such as fixed income futures, equity and index futures, listed options and OTC derivatives, may be used in the context of hedging the Sub-Funds assets against the interest rate risk, the equity risk and the foreign exchange risk. The commitment resulting from such transactions and contracts may not exceed the Sub-Funds assets.
 - 2.15. The global exposure of derivatives and other positions in the portfolio will be measured using the commitment approach.
 - 2.16. The selection of the securities will essentially depend on maximizing the risk-reward profile.
 - 2.17. Furthermore, in case of adverse financial market conditions this Sub-Fund may temporarily be fully invested in Money Market Instruments in order to protect the Shareholders' interests.
 - 2.18. The Sub-Fund will not hold more than 20% of its net assets in cash and deposits at sight (such as cash held in current accounts) for ancillary liquidity purposes in normal market conditions. Under exceptionally unfavourable market conditions and on a temporary basis, this limit may be increased up to 100% of its net assets, if justified in the interest of the investors.
 - 2.19. The Sub-Fund does not promote environmental and/or social characteristics (as provided by Article 6 of SFDR).

3. Risk factors

- IF YOU ARE IN ANY DOUBT ABOUT THE RISK FACTORS RELEVANT TO AN INVESTMENT, YOU SHOULD CONSULT YOUR STOCKBROKER, BANK MANAGER, LAWYER, ACCOUNTANT OR OTHER FINANCIAL ADVISOR. THE VALUE OF AN INVESTMENT MAY GO DOWN AS WELL AS UP AND INVESTORS MAY NOT GET BACK THE AMOUNT INVESTED.
- Investments in securities not only present the opportunity for the appreciation of the invested capital but are also frequently subject to substantial risks. The risks can include bond market risks, exchange rate, emerging markets risk, interest rate, credit and volatility risks as well as political risks or risks that are associated with such risks. These risks may also be combined with other risks.
- For this reason, potential investors should have experience with investment in instruments that are used as part of the specified investment policy. Furthermore, investors should only make an investment decision after having fully consulted their legal, tax and financial advisors, accountants or other advisors on the information which, together with the investment policy of the Sub-Fund, is contained in the present prospectus, and have taken into account their personal financial and tax situation and other circumstances.
- There can be no guarantee that the Sub-Fund will meet its investment objective.
- Bonds are subject to normal market risks.
- Debt securities are subject to normal credit risk and, in addition, are subject to market risk if they are floating rate.
- Investment in higher yielding securities generally entails increased credit default and market risk. Such securities are subject to the risk of an issuer's inability to meet principal and interest payments on its obligations (credit risk) and may also be subject to price volatility due to such factors as interest rate sensitivity, market perception of the creditworthiness of the issuer and general market liquidity and as a result may be less liquid than lower yielding securities.
- Investments in subordinated securities compared to senior are subject to a higher risk because of the subordination clause (subordinated debt ranks after other debts if a company falls into liquidation or bankruptcy) and can thus lead to a decrease of the Net Asset Value.

	Investing in equity securities may offer a higher rate of return than those investing in debt securities. However, the risks associated with investments in equity securities may also be higher, because the investment performance of equity securities depends upon factors which are difficult to predict. ➤ The Sub-Fund may invest in permitted financial instruments denominated in currencies other than the Reference Currency. Changes in foreign currency exchange rates will affect the value of shares held in the Sub-Fund.
4. Profile of the typical investor	In light of the Sub-Fund's investment objective it may be appropriate for investors who: 1) Seek capital appreciation over the medium to long-term. 2) Accept the higher risks associated with this type of investment, and especially those linked to investments in global bonds. 3) Seek to invest essentially in fixed income but also to a lesser extent to equity securities. 4) Seek an actively managed investment strategy An investment in the Sub-Fund is not a deposit in a bank or other insured depository institution. Investments may not be appropriate for all investors. The Sub-Fund is not intended to be a complete investment programme and investors should consider their long-term investment goals and financial needs when making an investment decision about the Sub-Fund. An investment in the Sub-Fund is intended to be a mid to long-term investment. The Company expects that a typical investor in the Sub-Fund will be an experienced and mid to long-term investor who knows and accepts the risks associated with this type of investment, as set in section 4. "Risk Factors" of this Prospectus. The typical investor will be seeking to invest a portion of its overall portfolio in a portfolio of mainly fixed income and to a lesser extent equities with the goal of obtaining capital appreciation.
5. Reference Currency	▪ The Reference Currency of the Sub-Fund is the United States Dollar (USD). ▪ Subscriptions and the proceeds of redemptions for all Share Classes will be in the currency of the relevant Share Class.
6. Denomination Currency	▪ United States Dollar (USD)
7. Classes of Shares	Class AC USD and Class AD USD (offered to all investors) - denominated in USD

	Class BC USD and Class BD USD (offered principally to investors who enter the Sub-Fund via an intermediary) – denominated in USD
8. Minimum Initial Subscription Amount and Initial price	Class AC USD: 1.000,- USD Class AD USD: 1.000,- USD Class BC USD: 1.000,- USD Class BD USD: 1.000,- USD
9. Initial price	Class AC USD: 100,- USD Class AD USD: 100,- USD Class BC USD: 100,- USD Class BD USD: 100,- USD
10. Minimum Subsequent Subscription Amount	▪ No minimum
11. Subscription Fee	▪ 2% for the BC USD and BD USD Share Classes (payable to the Management Company) ▪
12. Redemption Fee	▪ There is no redemption fee.
13. Conversion charges	N/A
14. Cut-Off Time for Subscription and Redemption Orders	4 p.m. Luxembourg time, two (2) Business Days before the relevant Valuation Day.
15. Settlement of Subscription and Redemption Orders	One (1) Business Day after the relevant Valuation Day.
16. Management Fee	▪ The "Management fee" is as follows: • Class AC USD and AD USD: 1.40% p.a. • Class BC USD and BD USD: 1.40% p.a. Management fees are paid monthly in arrears.

17. Performance Fee

- The performance fee payable to the Management Company is calculated and crystallised daily based on the Net Asset Value of the Sub-Fund. Up to 50% of the performance fee is paid to the Advisor by the Management Company.
- The performance fee is payable only if the following conditions are met cumulatively:
 - 1) The performance of the Net Asset Value of the Sub-Fund must, calculated on a weekly basis, exceed the performance of the hurdle rate, as defined below, calculated on a weekly basis, subject to a high water mark.
 - 2) The "High Water Mark" system authorizes the Management Company to claim performance fees only if the Net Asset Value at the end of the financial year is higher than the so-called "High Water Mark" Net Asset Value, which is equal to the last Net Asset Value having borne a performance fee, or failing that, the initial Net Asset Value, or if higher, the Net Asset Value at the end of the relevant financial year. The length of the performance reference period is the whole life of the Sub-Fund. Therefore, any underperformance or loss previously incurred during the performance reference period must be recovered before a performance fee becomes payable.
 - 3) If the Net Asset Value of the Sub-Fund on the Valuation Day before deduction of the performance fee is above the hurdle rate, a performance fee will be payable as a percentage of the absolute performance of the Sub-Fund. The performance fee is calculated on the basis of the number of shares of the Sub-Fund in circulation on the Valuation Day.
- The comparison between the performance of the Net Asset Value and the performance of the hurdle rate is re-calculated for each financial year.
- The performance fee cannot be reimbursed if the Net Asset Value falls after payment of the performance fee.

Performance Fee in percentage (%)

- Ten percent (10)% for Class A USD and Class B USD shares
- Hurdle rate: Bloomberg Global Aggregate & High Yield Corporate Custom Hedge USD index (Bloomberg code: H38876US5 Index)

The Bloomberg Global Aggregate & High Yield Corporate Custom Hedge USD Index tracks the market with over 30,000 bonds.

The performance fee is paid annually.

You will find below examples regarding the calculation of the performance fee for the Class A USD shares.

Scenario 1

Positive performance against the HWM adjusted by the hurdle

Initial NAV per Share and initial HWM	A		100
Yearly Performance	B		5%
NAV per Share at the end of the year	C	$= A * (1 + B)$	105
Hurdle	D		3%
NAV with Hurdle	E	$= A * (1 + D)$	103

20. Distribution policy	▪ Accumulation for Class AC USD and BC USD ▪ Distribution on a quarterly basis for Class AD USD and BD USD																																								
21. Advisor	Previs Capital Partners SA Rue Robert-Cèard 6, 1204 Genève, Switzerland. The role of the Advisor is to, in accordance with (a) the contents of the Prospectus, (b) the relevant provisions of the applicable laws and (c) the investment strategy of the Sub-Fund, advise the Management Company on securities to invest in (such as fixed income instruments, equities, ETFs, funds). An agreement entered into between the Management Company and the Advisor determines the terms and conditions under which the Advisor provides its services, it being specified that the Management Company remains independent in making the management decisions regarding the Sub-Fund.																																								

DYNASTY SICAV – CREATERRA MULTI ASSETS INDEX FUND
(hereinafter, referred to as the "Sub-Fund")

1. Investment Objective

- 1.1. The investment objective of the Sub-Fund is to generate a positive annual performance that is weakly correlated with the equity markets. The Sub-Fund mainly invests in index funds such as Exchange Traded Funds (ETFs), UCITS, and/or other UCIs, provided they comply with Article 41 (1) e) of the Law of 2010 and whose underlying assets belong to a wide range of asset classes. The selection of ETFs, UCITS, and/or other UCIs corresponds to the Investment Manager's top-down analysis. In addition to index funds, the Sub-Fund also invests to a lesser extent in closed-ended or regulated open-ended alternative funds with daily or weekly valuation complying with Article 41 (1) e) of the Law of 2010.
- 1.2. The Sub-Fund is actively managed without reference to a benchmark.
- 1.3. The Sub-Fund does not offer any form of guarantee with respect to investment performance and no form of capital protection applies.

2. Investment Policy

- 2.1. The investment policy of the Sub-Fund consists in holding invests in ETFs, UCITS, and/or other UCIs without geographical (including emerging markets), sectoral, style, monetary, or underlying restrictions.
- 2.2. Investment in ETFs, UCITS, and/or other UCIs can reach 100% of the Sub-Fund's net assets. Exposure to different asset classes will be included within the following ranges:
 - Equities: from 0% to 50%
 - Bonds: from 15% to 75%
 - Commodities: from 0% to 25%
 - Money market instruments: from 0% to 85%
- 2.3. Furthermore, the Sub-Fund also invests in alternative funds (alternative funds qualifying as UCITS provided they comply with Article 41 (1) e) of the Law of 2010) which can represent up to 25% of the Sub-Fund's net assets. Investment in these alternative funds will not be considered in the calculation of the limits mentioned in the previous paragraph.
- 2.4. The Sub-Fund may also gain exposure through Exchange Traded Commodities ("ETC") on precious metals and/or commodities, in accordance with Article 41 (1) a) - d) of the Law of 2010 and Article 2 of the Grand-Ducal Regulation of 8 February, 2008, as well as point 17 of CESR/07-044b recommendations, provided these products

do not contain embedded derivatives and do not result in the physical delivery of the underlying products.

- 2.5. The selection of ETFs, UCITS, and/or other UCIs is done according to the Investment Manager's macroeconomic analysis. The selection of alternative funds is based on strict quantitative and qualitative criteria. The Investment Manager will optimize risk management using, among other things, a sophisticated risk analysis program and trend reversal analysis by asset class.
- 2.6. The Sub-Fund may also use derivative products and instruments (such as futures, forward currencies contracts etc.) for hedging or gaining portfolio exposure.
- 2.7. The Sub-Fund can also invest in term deposits, money market instruments, and/or money market funds.
- 2.8. The global exposure of derivatives and other positions in the portfolio will be measured using the commitment approach.
- 2.9. The Sub-Fund will not hold more than 20% of its net assets in cash and deposits at sight (such as cash held in current accounts) for ancillary liquidity purposes in normal market conditions. Under exceptionally unfavourable market conditions and on a temporary basis, this limit may be increased up to 100% of its net assets, if justified in the interest of the investors.
- 2.10. The Sub-Fund does not promote environmental and/or social characteristics (as provided by Article 6 of SFDR).
Given the investment policy of the Sub-Fund, the Investment Manager considers that the inclusion of ESG criteria would lead to excessive concentration in the tracked index funds.

More information on the Investment Manager's investment process is available on the website www.creterra-finance.com.

3. Risk factors

- IF YOU ARE IN ANY DOUBT ABOUT THE RISK FACTORS RELEVANT TO AN INVESTMENT, YOU SHOULD CONSULT YOUR STOCKBROKER, BANK MANAGER, LAWYER, ACCOUNTANT OR OTHER FINANCIAL ADVISOR. THE VALUE OF AN INVESTMENT MAY GO DOWN AS WELL AS UP AND INVESTORS MAY NOT GET BACK THE AMOUNT INVESTED. Investments in securities not only present the opportunity for the appreciation of the invested capital but are also frequently subject to substantial risks. The risks can include risks linked to investment in other UCITS/Other UCI, alternative funds risk, commodities, exchange rates, emerging markets, equity and volatility risks as well as political

	risks or risks that are associated with such risks. These risks may also be combined with other risks. ▪ For this reason, potential investors should have experience with investment in instruments that are used as part of the specified investment policy. Furthermore, investors should only make an investment decision after having fully consulted their legal, tax and financial advisors, accountants or other advisors on the information which, together with the investment policy of the Sub-Fund, is contained in the present prospectus, and have taken into account their personal financial and tax situation and other circumstances. ▪ There can be no guarantee that the Sub-Fund will meet its investment objective. ▪ Equities, ETFs are subject to normal market risks. ▪ UCITS and other UCIs will have exposure to most liquid underlyings and are therefore subject to normal macro and micro risk in financial markets. ▪ The Sub-Fund is also subject to Risks linked to investment in other UCITS/Other UCI. ▪ Through its use of ETC, the Sub-Fund is also subject to risks linked to commodities. ▪ The Sub-Fund may invest in permitted financial instruments denominated in currencies other than the Reference Currency. Changes in foreign currency exchange rates will affect the value of shares held in the Sub-Fund.
4. Profile of the typical investor	▪ In light of the Sub-Fund's investment objective it may be appropriate for investors who: 1) Seek capital appreciation above 3 years 2) Accept the risks associated with this type of investment. 3) Seek to invest mainly in ETFs, UCITS, and/or other UCIs without geographical (including emerging markets), sectoral, style, monetary, or underlying restrictions. ▪ An investment in the Sub-Fund is not a deposit in a bank or other insured depository institution. Investments may not be appropriate for all investors. The Sub-Fund is not intended to be a complete investment programme and investors should consider their long-term investment goals and financial needs when making an investment decision about the Sub-Fund. An investment in the Sub-Fund is intended to be a mid to long-term investment. ▪ The Company expects that a typical investor in the Sub-Fund will be an experienced and medium to long-term (above 3 years) investor who knows and accepts the risks associated with this type of investment, as set in section 4. "Risk Factors" of this Prospectus. The typical investor

	will be seeking to invest a portion of its overall portfolio with the goal of obtaining capital appreciation.
5. Reference Currency	▪ The Reference Currency of the Sub-Fund is the Euro (EUR). ▪ Subscriptions and the proceeds of redemptions for all Share Classes will be in the currency of the relevant Share Class.
6. Denomination Currency	▪ Euro (EUR)
7. Classes of Shares	▪ Class M EUR (offered to all investors) – denominated in EUR ▪ Class J EUR (offered to institutional investors) – denominated in EUR
8. Minimum Initial Subscription Amount	Class M EUR: 1,000,- EUR Class J EUR: 10,000,- EUR
9. Minimum Subsequent Subscription Amount	▪ No minimum
10. Subscription Fee	▪ There is no subscription fee
11. Redemption Fee	▪ There is no redemption fee.
12. Conversion charges	N/A
13. Cut-Off Time for Subscription and Redemption Orders	4 p.m. Luxembourg time, one (1) Business Day before the relevant Valuation Day.
14. Settlement of Subscription and Redemption Orders	up to two (2) Business Days after the relevant Valuation Day.
15. Investment Management Fee and	▪ The "Investment Management fee" is as follows: ➤ Class M EUR: up to 1.25% p.a.

Management Fee	➤ Class J EUR: up to 0.75% p.a. In addition, the Investment Manager may charge the Sub-Fund a fee for the investment research used in order to manage the Sub-Fund. ▪ The "Management fee" is as follows: ➤ Class M EUR and J EUR: 0.30% p.a. with a minimum of 30.000€ / year
16. Management fee of target UCITS / other UCITS and ETFs (the "Targeted Funds")	Up to 2.50% p.a. of the net assets invested in the Targeted Funds. The Sub-Fund will benefit from potential rebates on Targeted Funds' management fees.
17. Performance Fee	For share classes M EUR and J EUR, the Investment Manager is entitled, if applicable, to a performance fee as described below. 1. For each year during which the performance of the share class exceeds 2.5% (the "Hurdle Rate"), a fee of 10% of the realized outperformance is due under the conditions determined in paragraph 3. The outperformance is the positive difference between the performance of the share class and the performance of the Hurdle Rate over the considered year. A provision will be made for this performance fee each Valuation Day. If the NAV per share decreases during the calculation period, the provisions made for the performance fee will be reduced accordingly. If these provisions are reduced to zero, no performance fee will be due. 2. The performance of the share class is the difference between the NAV per share at the end of the current year ("Final NAV") and that at the end of the previous year ("Initial NAV") expressed as a percentage (the "Performance"). 3. The performance fee is only due if (1) the Performance of the share class exceeds the performance of the Hurdle Rate over the year, and (2) the Final NAV per share over the year is higher than the highest historical annual Final NAV per share on which a performance fee has been paid ("High Water Mark"). In this case, the performance fee is applied to the difference between the Final NAV per share and the highest of either the Initial NAV increased by 2.5% or the High Water Mark, multiplied by the number of outstanding shares. If the Performance of the share class does not exceed the Hurdle Rate, no performance fee is applied. If the Performance exceeds the Hurdle Rate but the Final NAV per share over the year is lower than the highest historical annual Final NAV per share, no performance fee is applied.

4. The calculation method is based on the High Water Mark, without the possibility of resetting to zero, and the reference period over which the performance is assessed is equivalent to the Company's lifetime.

5. Investors' attention is drawn to the fact that the performance fee is subject to the crystallization principle. When a share redemption is made at a date other than that on which a performance fee is paid while a provision has been made for the performance fee, the amount of the performance fee provision attributable to the redeemed shares will be considered as acquired by the Investment Manager and paid at the end of the relevant year. In case of subscription, the performance fee calculation is adjusted to avoid the subscription impacting the amount of performance fee provisions. For this adjustment, the outperformance of the NAV per share relative to the minimum return rate until the subscription date is not taken into account in the performance fee calculation. The provision made for the performance fee will be reduced by 10% of the outperformance determined on the Valuation Day on which the subscriptions were accounted, multiplied by the number of subscribed shares.

The performance fee is payable annually if applicable. The performance fee payment is due within 30 days following the crystallization date (i.e., the end of the relevant year).

The example below illustrates the performance fee calculation method:

Period	NAV per share before performance fee at the end of the period	High Water Mark	Hurdle Rate 2.5% p.a.	Outperformance	Performance fee to be paid	NAV per share after performance fee
1	100	100	102.5	0	0	100

21. Investment Manager	CREATERRA FINANCE S.A. 6, rue d'Arlon - Bâtiment C, L-8399 Windhof, Grand Duchy of Luxembourg, registered in the Luxembourg Trade and Company Register under number B82917. Authorized by the CSSF as an investment firm, providing notably services of reception and transmission of orders in relation to one or more financial instruments, execution of orders on behalf of clients, portfolio management and investment advice, under the number P00000175. The Investment Manager is in charge of the selection, on a day-to-day basis, of the securities and other assets of the Sub-Fund. An agreement entered into between the Management Company and the Investment Manager determines the terms and conditions under which the Investment Manager provides the management decisions regarding the Sub-Fund.																												

DYNASTY SICAV – CREATERRA PROGRESS WORLD EQUITIES
(*hereinafter, referred to as the "Sub-Fund"*)

1. Investment Objective

- 1.1. The investment objective of the Sub-Fund is to aim for long-term capital growth through opportunistic diversification and selection of the best investment funds investing in international, regional, and/or thematic equities, and through direct equity investments based on the Investment Manager's analysis and convictions.
- 1.2. The Sub-Fund is actively managed without reference to a benchmark.
- 1.3. The Sub-Fund does not offer any form of guarantee with respect to investment performance and no form of capital protection applies.

2. Investment Policy

- 2.1. The Sub-Fund invests mainly in equities on international markets with no geographical (including emerging markets), sectoral or currency restrictions, either directly or indirectly via UCITS and/or other UCIs, including ETFs (trackers).
- 2.2. Investment in UCITS and/or other UCIs, including the aforementioned ETFs, can reach up to 100% of the Sub-Fund's net assets.
- 2.3. The selection of UCITS and/or other UCIs, including ETFs, will be based on strict quantitative and qualitative criteria.
- 2.4. Direct equity investments will follow a selection process focusing on the quality of the selected companies, the relevance, and the predictability of financial results.
- 2.5. The Sub-Fund may also use derivative products and instruments (such as equity index futures, forward currency contracts) for hedging or optimizing portfolio exposure.
- 2.6. The Sub-Fund can also invest in term deposits, money market instruments, and/or monetary UCIs.
- 2.7. The global exposure of derivatives and other positions in the portfolio will be measured using the commitment approach.
- 2.8. The Sub-Fund will not hold more than 20% of its net assets in cash and deposits at sight (such as cash held in current accounts) for ancillary liquidity purposes in normal market conditions. Under exceptionally unfavourable market conditions and

on a temporary basis, this limit may be increased up to 100% of its net assets, if justified in the interest of the investors.

2.9. The Sub-Fund does not promote environmental and/or social characteristics (as provided by Article 6 of SFDR).

2.10. The direct investment process is limited to a non-binding review of the ESG rating of the companies/issuers in which the Investment Manager invests. The Investment Manager believes that applying ESG criteria to its investment process reduces the investment universe and therefore excludes certain issuers, which could lead it to ignore investment opportunities offering attractive risk-adjusted returns. However, the Investment Manager has defined and applies ESG exclusion criteria.

For investments in UCITS or other UCIs, the investment process is not guided by ESG considerations. The Investment Manager does not assess how sustainability risks or the negative impacts of investment decisions on sustainability factors are taken into account in the investment process of target funds.

The Investment Manager does not wish to be bound by the application of binding ESG criteria, which would significantly reduce the investment universe and the universe of target UCITS or other UCIs.

More information on the Investment Manager's investment process is available on the website www.createrra-finance.com.

3. Risk factors

- IF YOU ARE IN ANY DOUBT ABOUT THE RISK FACTORS RELEVANT TO AN INVESTMENT, YOU SHOULD CONSULT YOUR STOCKBROKER, BANK MANAGER, LAWYER, ACCOUNTANT OR OTHER FINANCIAL ADVISOR. THE VALUE OF AN INVESTMENT MAY GO DOWN AS WELL AS UP AND INVESTORS MAY NOT GET BACK THE AMOUNT INVESTED.
- Investments in securities not only present the opportunity for the appreciation of the invested capital but are also frequently subject to substantial risks. The risks can include risks linked to investment in other UCITS/Other UCI, exchange rate, market and sector risk, emerging markets risk, equity and volatility risks as well as political risks or risks that are associated with such risks. These risks may also be combined with other risks.
- For this reason, potential investors should have experience with investment in instruments that are used as part of the specified investment policy. Furthermore, investors should only make an investment decision after having fully consulted their legal, tax and financial advisors, accountants or other advisors on the information which, together with the investment policy of the Sub-Fund, is contained in the present prospectus, and have taken into account their personal financial and tax situation and other circumstances.
- There can be no guarantee that the Sub-Fund will meet its investment objective.

	▪ Equities, ETFs are subject to normal market risks. ▪ UCITS and other UCIs will have exposure to most liquid underlyings and are therefore subject to normal macro and micro risk in financial markets. ▪ The Sub-Fund is also subject to risks linked to investment in other UCITS/Other UCI. ▪ The Sub-Fund may invest in permitted financial instruments denominated in currencies other than the Reference Currency. Changes in foreign currency exchange rates will affect the value of shares held in the Sub-Fund.
4. Profile of the typical investor	▪ In light of the Sub-Fund's investment objective it may be appropriate for investors who: 1) Seek capital appreciation over the long-term (above 5 years) 2) Accept the risks associated with this type of investment. 3) Seek to invest in UCITS, other UCIs or ETFs investing in international, regional, and/or thematic equities, and through direct equity investments ▪ An investment in the Sub-Fund is not a deposit in a bank or other insured depository institution. Investments may not be appropriate for all investors. The Sub-Fund is not intended to be a complete investment programme and investors should consider their long-term investment goals and financial needs when making an investment decision about the Sub-Fund. An investment in the Sub-Fund is intended to be a mid to long-term investment. ▪ The Company expects that a typical investor in the Sub-Fund will be an experienced and long-term (above 5 years) investor who knows and accepts the risks associated with this type of investment, as set in section 4. "Risk Factors" of this Prospectus. The typical investor will be seeking to invest a portion of its overall portfolio with the goal of obtaining capital appreciation.
5. Reference Currency	▪ The Reference Currency of the Sub-Fund is the Euro (EUR). ▪ Subscriptions and the proceeds of redemptions for all Share Classes will be in the currency of the relevant Share Class.
6. Denomination Currency	▪ Euro (EUR)
7. Classes of Shares	▪ Class B EUR (offered to all investors) – denominated in EUR

8. Minimum Initial Subscription Amount	Class B EUR: 1,000- EUR
9. Minimum Subsequent Subscription Amount	▪ No minimum
10. Subscription Fee	▪ There is no subscription fee
11. Redemption Fee	▪ There is no redemption fee.
12. Conversion charges	N/A
13. Cut-Off Time for Subscription and Redemption Orders	4 p.m. Luxembourg time, one (1) Business Day before the relevant Valuation Day.
14. Settlement of Subscription and Redemption Orders	up to two (2) Business Days after the relevant Valuation Day.
15. Investment Management Fee and Management Fee	▪ The "Investment Management fee" is as follows for the Class B EUR ➤ up to 1.50% p.a. for the Investment Manager In addition, the Investment Manager may charge the Sub-Fund a fee for the investment research used in order to manage the Sub-Fund. The "Management fee" is as follows for the Class B EUR ➤ 0.30% p.a. with a minimum of 30.000€ / year
16. Management fee of target UCITS /	Up to 2.50% p.a. of the net assets invested in the Targeted Funds. The Sub-Fund will benefit from potential rebates on Targeted Funds' management fees.

other UCITS and ETFs (the “Targeted Funds”)	
17. Performance Fee	1. For each quarter during which the performance of the share class exceeds 4% p.a. (the "Hurdle Rate"), a fee of 10% of the realized outperformance is due under the conditions determined in paragraph 3. The outperformance is the positive difference between the performance of the share class and the performance of the Hurdle Rate over the considered quarter. A provision will be made for this performance fee each Valuation Day. If the NAV per share decreases during the calculation period, the provisions made for the performance fee will be reduced accordingly. If these provisions are reduced to zero, no performance fee will be due. 2. The performance of the share class is the difference between the NAV per share at the end of the current quarter ("Final NAV") and that at the end of the previous quarter ("Initial NAV") expressed as a percentage (the "Performance"). 3. The performance fee is only due if (1) the Performance of the share class exceeds the performance of the Hurdle Rate over the quarter, and (2) the Final NAV per share over the quarter is higher than the highest historical quarterly Final NAV per share on which a performance fee has been paid (High Water Mark). In this case, the performance fee is applied to the difference between the Final NAV per share and the highest of either the Initial NAV increased by 4% or the High Water Mark, multiplied by the number of outstanding shares. If the Performance of the share class does not exceed the Hurdle Rate, no performance fee is applied. If the Performance exceeds the Hurdle Rate but the Final NAV per share over the quarter is lower than the highest historical quarterly Final NAV per share, no performance fee is applied. 4. The calculation method is based on the High Water Mark, without the possibility of resetting to zero, and the reference period over which the performance is assessed is equivalent to the Company's lifetime. 5. Investors' attention is drawn to the fact that the performance fee is subject to the crystallization principle. When a share redemption is made at a date other than that on which a performance fee is paid while a provision has been made for the performance fee, the amount of the performance fee provision attributable to the redeemed shares will be considered as acquired by the Investment Manager and paid at the end of the relevant quarter. In case of subscription, the performance fee calculation is adjusted to avoid the subscription impacting the amount of performance fee provisions. For this adjustment, the outperformance of the NAV per share relative to the minimum return rate until the subscription date is not taken into account in the performance fee calculation. The provision made for the performance fee will be reduced by 10% of the outperformance determined on the Valuation

Day on which the subscriptions were accounted, multiplied by the number of subscribed shares.

The performance fee is payable quarterly if applicable. The performance fee payment is due within 30 days following the crystallization date (i.e., the end of the relevant quarter).

The example below illustrates the performance fee calculation method:

Period	NAV per share before performance fee at the end of the period	High Water Mark	Hurdle Rate 4% p.a	Outperformance	Performance fee to be paid	NAV per share after performance fee
1	100	100	101	0	0	100
2	120	100	101	19 (HR) 20 (HWM)	1.9 (10%*19)	118.1
3	105	118.1	119.28	0	0	105
4	90	118.1	106.05	0	0	90
5	110	118.1	90.9	19.1 (HR)	0	110
6	100	118.1	111.1	0	0	100
7	105	118.1	101	4 (HR)	0	105
8	115	118.1	106.05	8.95 (HR)	0	115
9	125	118.1	116.15	6.9 (HWM)8.85 (HR)	0.69 (10%*6.9)	124.31

18. Transaction Fee

- None

19. Valuation Day

- The Net Asset Value per Share of each Class in the Sub-Fund is valued on each Business Day.

20. Distribution policy	▪ Accumulation for Class B EUR.
21. Investment Manager	CREATERRA FINANCE S.A. 6, rue d'Arlon - Bâtiment C, L-8399 Windhof, Grand Duchy of Luxembourg, registered in the Luxembourg Trade and Company Register under number B82917. Authorized by the CSSF as an investment firm, providing notably services of reception and transmission of orders in relation to one or more financial instruments, execution of orders on behalf of clients, portfolio management and investment advice, under the number P00000175. The Investment Manager is in charge of the selection, on a day-to-day basis, of the securities and other assets of the Sub-Fund. ▪ An agreement entered into between the Management Company and the Investment Manager determines the terms and conditions under which the Investment Manager provides the management decisions regarding the Sub-Fund.

APPENDIX E – PRE-CONTRACTUAL DISCLOSURES

Information relating to the environmental and social characteristics or sustainable investment objectives of the Sub-Funds is provided in the following Appendix in accordance with SFDR and Commission Delegated Regulation (EU) 2022/1288.

Pre-contractual disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Product name: DYNASTY CREDIT SUB

Legal entity identifier: 529900MD440JNDNGHW24

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

Environmental and/or social characteristics

Does this financial product have a sustainable investment objective?

Yes

No

It will make a minimum of **sustainable investments with an environmental objective:** ____%

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

It will make a minimum of **sustainable investments with a social objective:** ____%

It **promotes Environmental/Social (E/S) characteristics** and while it does not have as its objective a sustainable investment, it will have a minimum proportion of ____% of sustainable investments

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It promotes E/S characteristics, but **will not make any sustainable investments**

What environmental and/or social characteristics are promoted by this financial product?

The Sub-Fund promotes environmental and social characteristics through a bucket of scored indicators, sectorial exclusion and controversies monitoring. The environmental characteristic includes all the criteria that are linked to

the environment, from an internal management perspective, a supply chain perspective and from a product safety perspective. The social characteristic includes all the criteria that are linked to the social aspects of a company from a business behaviour perspective, a community involvement perspective, a human rights perspective and human resources perspective.

For the Sub-Fund **Dynasty Credit Sub**, no ESG benchmark is used for the purpose of attaining its environmental or social characteristics.

● ***What sustainability indicators are used to measure the attainment of each of the environmental or social characteristics promoted by this financial product?***

The Sub-Fund **Dynasty Credit Sub** promotes E/S Characteristics, but does not make any sustainable investments.

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

The following indicators are used to measure the environmental characteristic of the Sub-Fund (by percentage of investments):

- Environmental Strategy
- Accidental Pollution
- Green Products
- Biodiversity
- Water
- Climate Change / Energy
- Atmospheric Emissions
- Waste
- Local Pollution
- Transportation
- Use and Disposal of Products

The following indicators are used to measure the social characteristic of the Sub-Fund (by percentage of investments):

- Customer
- Suppliers and Subcontractors
- Impact on Local Communities
- Responsible Societal Behaviour
- Industrial Relations
- Career Development
- Working Conditions

● ***What are the objectives of the sustainable investments that the financial product partially intends to make and how does the sustainable investment contribute to such objectives?***

The Sub-Fund **Dynasty Credit Sub** promotes E/S Characteristics, but does not make any sustainable investments. The Sub-Fund does not have predetermined sustainable objectives.

● ***How do the sustainable investments that the financial product partially intends to make, not cause significant harm to any environmental or social sustainable investment objective?***

Not applicable

- — — *How have the indicators for adverse impacts on sustainability factors been taken into account?*

Not applicable

- — — *How are the sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:*

Not applicable

The EU Taxonomy sets out a “do not significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

Does this financial product consider principal adverse impacts on sustainability factors?

☒ Yes, _____

☐ No

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

What investment strategy does this financial product follow?

The ESG investment strategy used by the Management Company is as follows:

- Through the seamless integration in the Management Company's analyses, investment and portfolio construction process of Environmental, Social and Governance Factors. The Management Company will, to its best effort, collect and analyse all publicly available data deemed relevant to assess the potential of an investment in a company and/or security in achieving the Sub-Funds' investment objective. This data will include but may not be limited to financial data from financial service providers (e.g. balance sheet, income statements, market projections, marketing analyses...), analyses from market participants, data collected through interviews with the company's directors or anything else deemed relevant by the managers of the Sub-Funds. This data will include data relating to environmental, social and governance issues as provided by the Management Company's third party data provider or collected by the Management Company itself. This information will be used to assess the upside potential and downside risk of the potential investment in the achievement of the investment objective as it is recognised that ESG factors alongside financial factors may or may not have an impact, be it material or not, on a company's financial performance.
- ESG scoring and data are provided by essentially third-party service providers and otherwise by internal analyses of the Management Company. Although the Management Company largely relies on external data to provide ESG data and scoring, the Management Company recognises the fact that such data and analyses are mainly based on qualitative and not quantitative models and may, in the case a company is not yet scored by the external data provider, provide its own scoring in the meantime. Scorings provided internally by the Management Company cumulated with companies not scored on ESG factors may however not exceed a certain threshold of a Sub-Fund's assets.
- through the adoption of an upstream exclusion process on issuers from designated sectors and / or industries and / or involved in activities deemed not compliant with minimal environmental or social standards. Investments in companies that have as main activity thermal coal mining and extraction, tobacco production and/or gaming are excluded. These restrictions are applied pre-investment and are binding. They restrict the issuers the Management Company can invest in based on their involvement in certain economic activities; and
- through the monitoring and limitation of positions in companies involved in 'critical controversies' as defined by the Management Company's external provider of ESG data and analyses or internal analyses or a combination of both. The Management Company applies a binding special filter on companies subject to critical controversies in domains it considers such controversies to have the most impact (i.e. environmental strategy, climate change, waste, fundamental human rights and audit and internal controls). If the controversy is linked to cluster munitions, controversial weapons, nuclear weapons, anti-personal mines or anti-personal landmines, the relevant company is not eligible for investment.

● **What are the binding elements of the investment strategy used to select the investments to attain each of the environmental or social characteristics promoted by this financial product?**

The following binding elements are applied throughout the investment process:

- Strict exclusion of companies that have as main activity thermal coal mining and extraction, tobacco production, sales and gambling. In order to classify companies' main activity, the Management Company uses the service of Bloomberg which classified companies by main activity. The most important measure in order to assess the main activity remains the revenue, Bloomberg uses a 3-years weighted average. However, Bloomberg also takes into account operating income and balance sheet assets. Every company with its main activity flagged (by Bloomberg) in the excluded sector, is strictly excluded from the investible universe, there is not any tolerance.

- Strict exclusion of companies from countries classified as Controversial Jurisdictions according to the UN Security Council's Sanctions and the Financial Action Task Force.

- Strict exclusion of companies that breach the UN Global Compact Principles

If a company has a controversy linked to one of the flagged Global Compact's criteria and the status of the controversy in question is considered "Critical", an engagement process shall be undertaken with it. If this engagement does not lead to the desired change in a period of 2 years from the start of this engagement, the company will be included in the Global Compact Exclusion List.

- Strict exclusion of companies with critical controversies in one of the following sub domains:
 - Cluster Munitions
 - Controversial Weapons
 - Nuclear Weapons
 - Anti-Personal Mines
 - Anti-Personal Landmines
 - Chemical Weapons
 - Biological Weapons
 - White Phosphorus
 - Depleted Uranium

There are 4 categories of severity of controversies: minor, significant, high and critical. The critical controversy severity is the most severe category.

The rationale behind using only the most severe severity is the following:

- The critical severity status ensures that the potentially flagged companies are directly involved in the previously mentioned sub domains, and that allegations are indeed verified. Hence the systematic exclusion.
- The less severe categories may flag companies with non-verified claims. Indeed, a minor or significant controversy in those sub domains could result from a rumour or a potential lack of control, and does not mean that there is any necessarily proved breach.

At each moment, at least 90% of the Sub-Fund's securities (excluding cash and mutual funds) will meet E/S characteristics. The remaining 10% will consist of securities which are not yet covered by the Management Company's ESG analysis, and allow the Management Company to perform it.

Regarding controversies, the Management Company has decided to include a special filter on companies subject to critical controversies (i.e. the most severe) in domains the Management Company considers to be the most impacting. These domains are:

- Environmental Strategy
- Energy / Climate Change
- Waste
- Fundamental Human Rights
- Audit and Internal Controls

These companies will remain investable, but the sum of these investments may not exceed 10%. This ratio of 10% is cumulated with the non-coverage ratio.

● **What is the committed minimum rate to reduce the scope of the investments considered prior to the application of that investment strategy?**

There is no committed minimum rate to reduce the scope of the investments amid the Convertible universe is a niche market and evolves over time (usually maturity of 5 year at issue)

● **What is the policy to assess good governance practices of the investee companies?**

The good governance practice is monitored on a monthly basis by the Management Company by the following scored indicators:

- Corruption
- Anti-competition
- Lobbying
- Board of directors
- Audit and Internal Controls
- Shareholders
- Executive Remuneration

The good governance practice is monitored by ensuring that investee companies do not breach one of the 10 principles of the UN Global Compact.

Good governance practices include sound management structures, employee relations, remuneration of staff and tax compliance.

What is the asset allocation planned for this financial product?

90% minimum for the Sub-Fund Investments will meet E/S characteristics. The remaining 10% will consist of securities which are not yet covered by the Management Company's ESG analysis, and allow the Management Company to perform it.

Asset allocation describes the share of investments in specific assets.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies
- **capital expenditure** (CapEx) showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure** (OpEx) reflecting green operational activities of investee companies.

#1 Aligned with E/S characteristics includes the investments of the financial product used to attain the environmental or social characteristics promoted by the financial product.

#2 Other includes the remaining investments of the financial product which are neither aligned with the environmental or social characteristics, nor are qualified as sustainable investments.

To comply with the EU Taxonomy, the criteria for fossil gas include limitations on emissions and switching to renewable power or low-carbon fuels by the end of 2035. For nuclear energy, the criteria include comprehensive safety and waste management rules.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

● ***How does the use of derivatives attain the environmental or social characteristics promoted by the financial product?***

Derivatives are not used to attain the environmental or social characteristics promoted by the Sub-Fund.

To what minimum extent are sustainable investments with an environmental objective aligned with the EU Taxonomy?

The Sub-Fund **Dynasty Credit Sub** promotes E/S Characteristics, but does not make any sustainable investments. Therefore, there is 0% minimum alignment with the EU Taxonomy.

● **Does the financial product invest in fossil gas and/or nuclear energy related activities that comply with the EU Taxonomy²?**

Yes:

In fossil gas

In nuclear energy

No

² Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change (“climate change mitigation”) and do not significantly harm any EU Taxonomy objective - see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

The two graphs below show in green the minimum percentage of investments that are aligned with the EU Taxonomy. As there is no appropriate methodology to determine the Taxonomy-alignment of sovereign bonds*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.

*For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures

What is the minimum share of investments in transitional and enabling activities?

Not applicable. There is no minimum share of investments in transitional and enabling activities.

are

sustainable investments with an environmental objective that do not take into account the criteria for environmentally sustainable economic activities under the EU Taxonomy.

What is the minimum share of sustainable investments with an environmental objective that are not aligned with the EU Taxonomy?

Not applicable. There is no minimum share of sustainable investments with an environmental objectives. Therefore, there is 0% minimum alignment with the EU Taxonomy

What is the minimum share of socially sustainable investments?

Not applicable. There is no minimum share of socially sustainable investments.

What investments are included under “#2 Other”, what is their purpose and are there any minimum environmental or social safeguards?

“#2 Other” is a basket which allows us to have investments not yet covered by Third Party ESG analysis, and allows us to perform our own ESG evaluation.

For the avoidance of doubt, the ratio of 10% will exclude cash, investment funds and derivatives (which the Management Company only uses for currency hedging). There are no minimum environmental or social safeguards for such investments.

Is a specific index designated as a reference benchmark to determine whether this financial product is aligned with the environmental and/or social characteristics that it promotes?

No benchmark, no index, therefore not applicable.

Reference benchmarks are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.

- ***How is the reference benchmark continuously aligned with each of the environmental or social characteristics promoted by the financial product?***

Not Applicable

- ***How is the alignment of the investment strategy with the methodology of the index ensured on a continuous basis?***

Not Applicable

- ***How does the designated index differ from a relevant broad market index?***

Not Applicable

- ***Where can the methodology used for the calculation of the designated index be found?***

Not Applicable

Where can I find more product specific information online?

More product-specific information can be found on the website:

More information on the ESG policy may be obtained from <https://www.dynasty-am.lu/esg/>

Pre-contractual disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Product name: DYNASTY CONVERTIBLES EUROPE
5299000CM8994GTAQS27

Legal entity identifier:

Environmental and/or social characteristics

Does this financial product have a sustainable investment objective?

Yes

No

☐ It will make a minimum of **sustainable investments with an environmental objective:** ____%

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

It will make a minimum of **sustainable investments with a social objective:** ____%

It **promotes Environmental/Social (E/S) characteristics** and while it does not have as its objective a sustainable investment, it will have a minimum proportion of ____% of sustainable investments

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It promotes E/S characteristics, but **will not make any sustainable investments**

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

What environmental and/or social characteristics are promoted by this financial product?

The Sub-Fund promotes environmental and social characteristics through a bucket of scored indicators, sectorial exclusion and controversies monitoring. The environmental characteristic includes all the criteria that are linked to the environment, from an internal management perspective, a supply chain perspective and from a product safety perspective. The social characteristic includes all the criteria that are linked to the social aspects of a company from a business behaviour perspective, a community involvement perspective, a human rights perspective and human resources perspective.

For the Sub-Fund **Dynasty Convertibles Europe**, no ESG benchmark is used for the purpose of attaining its environmental or social characteristics.

What sustainability indicators are used to measure the attainment of each of the environmental or social characteristics promoted by this financial product?

The Sub-Fund **Dynasty Convertibles Europe** promotes E/S Characteristics, but does not make any sustainable investments.

The following indicators are used to measure the environmental characteristic of the Sub-Fund (by percentage of investments):

- Environmental Strategy
- Accidental Pollution
- Green Products
- Biodiversity
- Water
- Climate Change / Energy
- Atmospheric Emissions
- Waste
- Local Pollution
- Transportation
- Use and Disposal of Products

The following indicators are used to measure the social characteristic of the Sub-Fund (by percentage of investments):

- Customer
- Suppliers and Subcontractors
- Impact on Local Communities
- Responsible Societal Behaviour
- Industrial Relations
- Career Development
- Working Conditions

What are the objectives of the sustainable investments that the financial product partially intends to make and how does the sustainable investment contribute to such objectives?

The Sub-Fund **Dynasty Convertibles Europe** promotes E/S Characteristics, but does not make any sustainable investments. The Sub-Fund does not have predetermined sustainable objectives.

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

How do the sustainable investments that the financial product partially intends to make, not cause significant harm to any environmental or social sustainable investment objective?

Not applicable

How have the indicators for adverse impacts on sustainability factors been taken into account?

Not applicable

How are the sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:

Not applicable

The EU Taxonomy sets out a “do not significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

Does this financial product consider principal adverse impacts on sustainability factors?

☒ Yes, _____

☐ No

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

What investment strategy does this financial product follow?

The ESG investment strategy used by the Management Company is as follows:

- Through the seamless integration in the Management Company's analyses, investment and portfolio construction process of Environmental, Social and Governance Factors. The Management Company will, to its best effort, collect and analyse all publicly available data deemed relevant to assess the potential of an investment in a company and/or security in achieving the Sub-Funds' investment objective. This data will include but may not be limited to financial data from financial service providers (e.g. balance sheet, income statements, market projections, marketing analyses...), analyses from market participants, data collected through interviews with the company's directors or anything else deemed relevant by the managers of the Sub-Funds. This data will include data relating to environmental, social and governance issues as provided by the Management Company's third party data provider or collected by the Management Company itself. This information will be used to assess the upside potential and downside risk of the potential investment in the achievement of the investment objective as it is recognised that ESG factors alongside financial factors may or may not have an impact, be it material or not, on a company's financial performance.
- ESG scoring and data are provided by essentially third-party service providers and otherwise by internal analyses of the Management Company. Although the Management Company largely relies on external data to provide ESG data and scoring, the Management Company recognises the fact that such data and analyses are mainly based on qualitative and not quantitative models and may, in the case a company is not yet scored by the external data provider, provide its own scoring in the meantime. Scorings provided internally by the Management Company cumulated with companies not scored on ESG factors may however not exceed a certain threshold of a Sub-Fund's assets.
- through the adoption of an upstream exclusion process on issuers from designated sectors and / or industries and / or involved in activities deemed not compliant with minimal environmental or social standards. Investments in companies that have as main activity thermal coal mining and extraction, tobacco production and/or gaming are excluded. These restrictions are applied pre-investment and are binding. They restrict the issuers the Management Company can invest in based on their involvement in certain economic activities; and
- through the monitoring and limitation of positions in companies involved in 'critical controversies' as defined by the Management Company's external provider of ESG data and analyses or internal analyses or a combination of both. The Management Company applies a binding special filter on companies subject to critical controversies in domains it considers such controversies to have the most impact (i.e. environmental strategy, climate change, waste, fundamental human rights and audit and internal controls). If the controversy is linked to cluster munitions, controversial weapons, nuclear weapons, anti-personal mines or anti-personal landmines, the relevant company is not eligible for investment.

What are the binding elements of the investment strategy used to select the investments to attain each of the environmental or social characteristics promoted by this financial product?

The following binding elements are applied throughout the investment process:

- Strict exclusion of companies that have as main activity thermal coal mining and extraction, tobacco production, sales and distribution and gambling. In order to classify companies' main activity, the Management Company uses the service of Bloomberg which classified companies by main activity. The most important measure in order to assess the main activity remains the revenue, Bloomberg uses a 3-years weighted average. However, Bloomberg also takes into account operating income and balance sheet assets. Every company with its main activity flagged (by Bloomberg) in the excluded sector, is strictly excluded from the investible universe, there is not any tolerance.

The investment strategy guides investment decisions based on factors such as investment objectives and risk tolerance.

- Strict exclusion of companies from countries classified as Controversial Jurisdictions according to the UN Security Council's Sanctions and the Financial Action Task Force.

- Strict exclusion of companies that breach the UN Global Compact Principles

If a company has a controversy linked to one of the flagged Global Compact's criteria and the status of the controversy in question is considered "Critical", an engagement process shall be undertaken with it. If this engagement does not lead to the desired change in a period of 2 years from the start of this engagement, the company will be included in the Global Compact Exclusion List

- Strict exclusion of companies with critical controversies in one of the following sub domains:
 - Cluster Munitions
 - Controversial Weapons
 - Nuclear Weapons
 - Anti-Personal Mines
 - Anti-Personal Landmines
 - Chemical Weapons
 - Biological Weapons
 - White Phosphorus
 - Depleted Uranium

There are 4 categories of severity of controversies: minor, significant, high and critical. The critical controversy severity is the most severe category.

The rationale behind using only the most severe severity is the following:

- The critical severity status ensures that the potentially flagged companies are directly involved in the previously mentioned sub domains, and that allegations are indeed verified. Hence the systematic exclusion.
- The less severe categories may flag companies with non-verified claims. Indeed, a minor or significant controversy in those sub domains could result from a rumour or a potential lack of control, and does not mean that there is any necessarily proved breach.

At each moment, at least 90% of the Sub-Fund's securities (excluding cash and mutual funds) will meet E/S characteristics. The remaining 10% will consist of securities which are not yet covered by the Management Company's ESG analysis, and allow the Management Company to perform it.

Regarding controversies, the Management Company has decided to include a special filter on companies subject to critical controversies (i.e. the most severe) in domains the Management Company considers to be the most impacting. These domains are:

- Environmental Strategy
- Energy / Climate Change
- Waste
- Fundamental Human Rights
- Audit and Internal Controls

These companies will remain investable, but the sum of these investments may not exceed 10%. This ratio of 10% is cumulated with the non-coverage ratio.

● **What is the committed minimum rate to reduce the scope of the investments considered prior to the application of that investment strategy?**

There is no committed minimum rate to reduce the scope of the investments amid the Convertible universe is a niche market and evolves over time (usually maturity of 5 year at issue)

● **What is the policy to assess good governance practices of the investee companies?**

The good governance practice is monitored on a monthly basis by the Management Company by the following scored indicators:

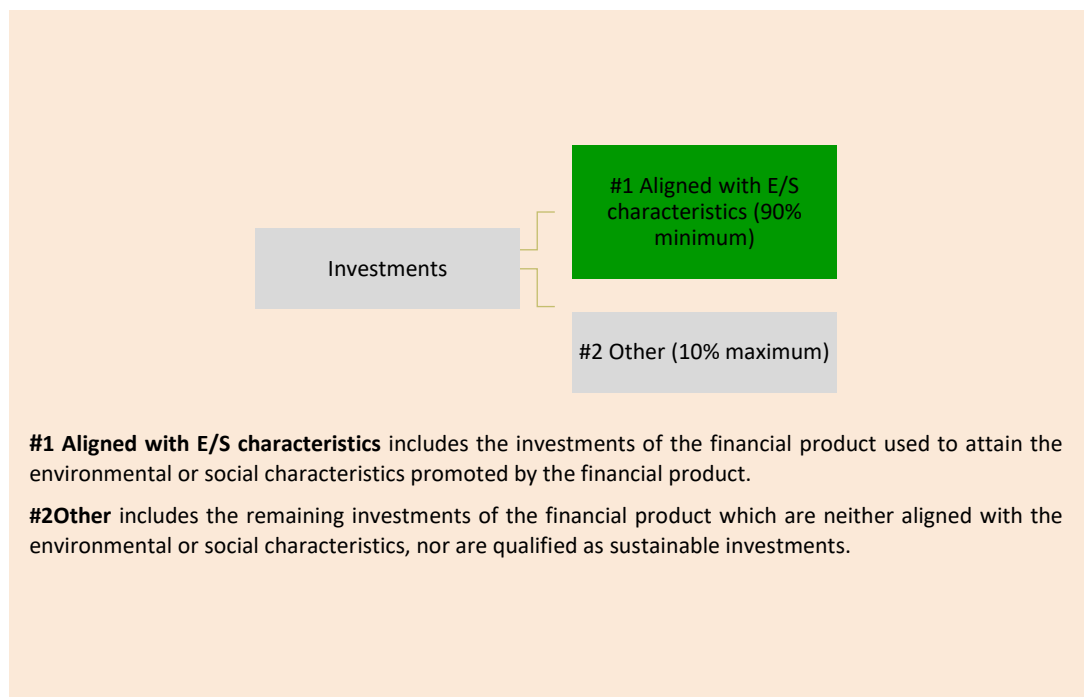

- Corruption
- Anti-competition
- Lobbying
- Board of directors
- Audit and Internal Controls
 - Shareholders
 - Executive Remuneration

The good governance practice is monitored by ensuring that investee companies do not breach one of the 10 principles of the UN Global Compact.

What is the asset allocation planned for this financial product?

90% minimum for the Sub-Fund Investments will meet E/S characteristics. The remaining 10% will consist of securities which are not yet covered by the Management Company's ESG analysis, and allow the Management Company to perform it

Asset allocation describes the share of investments in specific assets.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies
- **capital expenditure** (CapEx) showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure** (OpEx) reflecting green operational activities of investee companies.

● **How does the use of derivatives attain the environmental or social characteristics promoted by the financial product?**

Derivatives are not used to attain the environmental or social characteristics promoted by the Sub-Fund.

● **To what minimum extent are sustainable investments with an environmental objective aligned with the EU Taxonomy?**

The Sub-Fund **Dynasty Convertibles Europe** promotes E/S Characteristics, but does not make any sustainable investments. Therefore, there is 0% minimum alignment with the EU Taxonomy.

● **Does the financial product invest in fossil gas and/or nuclear energy related activities that comply with the EU Taxonomy³?**

Yes:

In fossil gas

In nuclear energy

No

The two graphs below show in green the minimum percentage of investments that are aligned with the EU Taxonomy. As there is no appropriate methodology to determine the Taxonomy-alignment of sovereign bonds, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

**For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures*

³ Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change ("climate change mitigation") and do not significantly harm any EU Taxonomy objective - see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

● **What is the minimum share of investments in transitional and enabling activities?**

Not applicable. There is no minimum share of investments in transitional and enabling activities

are

sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under the EU Taxonomy.

What is the minimum share of sustainable investments with an environmental objective that are not aligned with the EU Taxonomy?

Not applicable. There is no minimum share of sustainable investments with an environmental objectives. Therefore, there is 0% minimum alignment with the EU Taxonomy

What is the minimum share of socially sustainable investments?

Not applicable. There is no minimum share of socially sustainable investments.

What investments are included under “#2 Other”, what is their purpose and are there any minimum environmental or social safeguards?

“#2 Other” is a basket which allows us to have investments not yet covered by Third Party ESG analysis, and allows us to perform our own ESG evaluation.

For the avoidance of doubt, the ratio of 10% will exclude cash, investment funds and derivatives (which the Management Company only uses for currency hedging). There are no minimum environmental or social safeguards for such investments.

Is a specific index designated as a reference benchmark to determine whether this financial product is aligned with the environmental and/or social characteristics that it promotes?

No benchmark, no index, therefore not applicable.

Reference benchmarks are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.

● **How is the reference benchmark continuously aligned with each of the environmental or social characteristics promoted by the financial product?**

Not Applicable

● **How is the alignment of the investment strategy with the methodology of the index ensured on a continuous basis?**

Not Applicable

● **How does the designated index differ from a relevant broad market index?**

Not Applicable

- ***Where can the methodology used for the calculation of the designated index be found?***

Not Applicable

Where can I find more product specific information online?

More product-specific information can be found on the website:

More information on the ESG policy may be obtained from <https://www.dynasty-am.lu/esg/>

Pre-contractual disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Product name: DYNASTY GLOBAL CONVERTIBLES
5299001DRNEM1HI5ID27

Legal entity identifier:

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

Environmental and/or social characteristics

Does this financial product have a sustainable investment objective?

Yes

No

It will make a minimum of **sustainable investments with an environmental objective:** ____%

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

It will make a minimum of **sustainable investments with a social objective:** ____%

It **promotes Environmental/Social (E/S) characteristics** and while it does not have as its objective a sustainable investment, it will have a minimum proportion of ____% of sustainable investments

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It promotes E/S characteristics, but **will not make any sustainable investments**

What environmental and/or social characteristics are promoted by this financial product?

The Sub-Fund promotes environmental and social characteristics through a bucket of scored indicators, sectorial exclusion and controversies monitoring. The environmental characteristic includes all the criteria that are linked to the environment, from an internal management perspective, a supply chain perspective and from a product safety perspective. The social characteristic includes all the criteria that are linked to the social aspects of a company from a business behaviour perspective, a community involvement perspective, a human rights perspective and human resources perspective.

For the Sub-Fund **Dynasty Global Convertibles**, no ESG benchmark is used for the purpose of attaining its environmental or social characteristics.

What sustainability indicators are used to measure the attainment of each of the environmental or social characteristics promoted by this financial product?

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

The Sub-Fund **Dynasty Global Convertibles** promotes E/S Characteristics, but does not make any sustainable investments.

The following indicators are used to measure the environmental characteristic of the Sub-Fund (by percentage of investments):

- Environmental Strategy
- Accidental Pollution
- Green Products
- Biodiversity
- Water
- Climate Change / Energy
- Atmospheric Emissions
- Waste
- Local Pollution
- Transportation
- Use and Disposal of Products

The following indicators are used to measure the social characteristic of the Sub-Fund (by percentage of investments):

- Customer
- Suppliers and Subcontractors
- Impact on Local Communities
- Responsible Societal Behaviour
- Industrial Relations
- Career Development
- Working Conditions

What are the objectives of the sustainable investments that the financial product partially intends to make and how does the sustainable investment contribute to such objectives?

The Sub-Fund **Dynasty Global Convertibles** promotes E/S Characteristics, but does not make any sustainable investments. The Sub-Fund does not have predetermined sustainable objectives.

How do the sustainable investments that the financial product partially intends to make, not cause significant harm to any environmental or social sustainable investment objective?

Not applicable

How have the indicators for adverse impacts on sustainability factors been taken into account?

Not applicable

How are the sustainable investments aligned with the OECD Guidelines for Multinational?

Enterprises and the UN Guiding Principles on Business and Human Rights? Details:

The EU Taxonomy sets out a “do not significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

Not applicable

Does this financial product consider principal adverse impacts on sustainability factors?

☒ Yes, _____

☐ No

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

What investment strategy does this financial product follow?

The ESG investment strategy used by the Management Company is as follows:

- Through the seamless integration in the Management Company's analyses, investment and portfolio construction process of Environmental, Social and Governance Factors. The Management Company will, to its best effort, collect and analyse all publicly available data deemed relevant to assess the potential of an investment in a company and/or security in achieving the Sub-Funds' investment objective. This data will include but may not be limited to financial data from financial service providers (e.g. balance sheet, income statements, market projections, marketing analyses...), analyses from market participants, data collected through interviews with the company's directors or anything else deemed relevant by the managers of the Sub-Funds. This data will include data relating to environmental, social and governance issues as provided by the Management Company's third party data provider or collected by the Management Company itself. This information will be used to assess the upside potential and downside risk of the potential investment in the achievement of the investment objective as it is recognised that ESG factors alongside financial factors may or may not have an impact, be it material or not, on a company's financial performance.
- ESG scoring and data are provided by essentially third-party service providers and otherwise by internal analyses of the Management Company. Although the Management Company largely relies on external data to provide ESG data and scoring, the Management Company recognises the fact that such data and analyses are mainly based on qualitative and not quantitative models and may, in the case a company is not yet scored by the external data provider, provide its own scoring in the meantime. Scorings provided internally by the Management Company cumulated with companies not scored on ESG factors may however not exceed a certain threshold of a Sub-Fund's assets.
- through the adoption of an upstream exclusion process on issuers from designated sectors and / or industries and / or involved in activities deemed not compliant with minimal environmental or social standards. Investments in companies that have as main activity thermal coal mining and extraction, tobacco production and/or gaming are excluded. These restrictions are applied pre-investment and are binding. They restrict the issuers the Management Company can invest in based on their involvement in certain economic activities; and
- through the monitoring and limitation of positions in companies involved in 'critical controversies' as defined by the Management Company's external provider of ESG data and analyses or internal analyses or a combination of both. The Management Company applies a binding special filter on companies subject to critical controversies in domains it considers such controversies to have the most impact (i.e. environmental strategy, climate change, waste, fundamental human rights and audit and internal controls). If the controversy is linked to cluster munitions, controversial weapons, nuclear weapons, anti-personal mines or anti-personal landmines, the relevant company is not eligible for investment.

What are the binding elements of the investment strategy used to select the investments to attain each of the environmental or social characteristics promoted by this financial product?

The following binding elements are applied throughout the investment process:

- Strict exclusion of companies that have as main activity thermal coal mining and extraction, tobacco production, sales and distribution, and gambling. In order to classify companies' main activity, the Management Company uses the service of Bloomberg which classified companies by main activity. The most important measure in order to assess the main activity remains the revenue, Bloomberg uses a 3-years weighted average. However, Bloomberg also takes into account operating income and balance sheet assets. Every company with its main activity flagged (by Bloomberg) in the excluded sector, is strictly excluded from the investible universe, there is not any tolerance.

- Strict exclusion of companies from countries classified as Controversial Jurisdictions according to the UN Security Council's Sanctions and the Financial Action Task Force
- Strict exclusion of companies that breach the UN Global Compact Principles
If a company has a controversy linked to one of the flagged Global Compact's criteria and the status of the controversy in question is considered "Critical", an engagement process shall be undertaken with it. If this engagement does not lead to the desired change in a period of 2 years from the start of this engagement, the company will be included in the Global Compact Exclusion List.
- Strict exclusion of companies with critical controversies in one of the following sub domains:
 - Cluster Munitions
 - Controversial Weapons
 - Nuclear Weapons
 - Anti-Personal Mines
 - Anti-Personal Landmines
 - Chemical Weapons
 - Biological Weapons
 - White Phosphorus
 - Depleted Uranium

There are 4 categories of severity of controversies: minor, significant, high and critical. The critical controversy severity is the most severe category.

The rationale behind using only the most severe severity is the following:

- The critical severity status ensures that the potentially flagged companies are directly involved in the previously mentioned sub domains, and that allegations are indeed verified. Hence the systematic exclusion.
- The less severe categories may flag companies with non-verified claims. Indeed, a minor or significant controversy in those sub domains could result from a rumour or a potential lack of control, and does not mean that there is any necessarily proved breach.

At each moment, at least 80% of the Sub-Fund's securities (excluding cash and mutual funds) will meet E/S characteristics. The remaining 20% will consist of securities which are not yet covered by the Management Company's ESG analysis, and allow the Management Company to perform it.

Regarding controversies, the Management Company has decided to include a special filter on companies subject to critical controversies (i.e. the most severe) in domains the Management Company considers to be the most impacting. These domains are:

- Environmental Strategy
- Energy / Climate Change
- Waste
- Fundamental Human Rights
- Audit and Internal Controls

These companies will remain investable, but the sum of these investments may not exceed 20%. This ratio of 20% is cumulated with the non-coverage ratio.

● **What is the committed minimum rate to reduce the scope of the investments considered prior to the application of that investment strategy?**

There is no committed minimum rate to reduce the scope of the investments amid the Convertible universe is a niche market and evolves over time (usually maturity of 5 year at issue)

Good governance practices include sound management structures, employee relations, remuneration of staff and tax compliance.

● **What is the policy to assess good governance practices of the investee companies?**

The good governance practice is monitored on a monthly basis by the Management Company by the following scored indicators:

- Corruption
- Anti-competition
- Lobbying
- Board of directors
- Audit and Internal Controls
- Shareholders
- Executive Remuneration

The good governance practice is monitored by ensuring that investee companies do not breach one of the 10 principles of the UN Global Compact.

What is the asset allocation planned for this financial product?

Asset allocation describes the share of investments in specific assets.

80% minimum for the Sub-Fund Investments will meet E/S characteristics. The remaining 20% will consist of securities which are not yet covered by the Management Company's ESG analysis, and allow the Management Company to perform it

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies
- **capital expenditure** (CapEx) showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure** (OpEx) reflecting green operational activities of investee companies.

#1 Aligned with E/S characteristics includes the investments of the financial product used to attain the environmental or social characteristics promoted by the financial product.

#2 Other includes the remaining investments of the financial product which are neither aligned with the environmental or social characteristics, nor are qualified as sustainable investments.

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

● **How does the use of derivatives attain the environmental or social characteristics promoted by the financial product?**

Derivatives are not used to attain the environmental or social characteristics promoted by the Sub-Fund.

● **To what minimum extent are sustainable investments with an environmental objective aligned with the EU Taxonomy?**

The Sub-Fund **Dynasty Global Convertibles** promotes E/S Characteristics, but does not make any sustainable investments. Therefore, there is 0% minimum alignment with the EU Taxonomy.

● **Does the financial product invest in fossil gas and/or nuclear energy related activities that comply with the EU Taxonomy⁴?**

☐

Yes:

☐

In fossil gas

☐

In nuclear energy

No

⁴ Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change (“climate change mitigation”) and do not significantly harm any EU Taxonomy objective - see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

The two graphs below show in green the minimum percentage of investments that are aligned with the EU Taxonomy. As there is no appropriate methodology to determine the Taxonomy-alignment of sovereign bonds*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.

*For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures

● What is the minimum share of investments in transitional and enabling activities?

Not applicable. There is no minimum share of investments in transitional and enabling activities.

are

sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under the EU Taxonomy.

What is the minimum share of sustainable investments with an environmental objective that are not aligned with the EU Taxonomy?

Not applicable. There is no minimum share of sustainable investments with an environmental objectives. Therefore, there is 0% minimum alignment with the EU Taxonomy.

What is the minimum share of socially sustainable investments?

Not applicable. There is no minimum share of socially sustainable investments.

What investments are included under “#2 Other”, what is their purpose and are there any minimum environmental or social safeguards?

“#2 Other” is a basket which allows us to have investments not yet covered by Third Party ESG analysis, and allows us to perform our own ESG evaluation.

For the avoidance of doubt, the ratio of 20% will exclude cash, investment funds and derivatives (which the Management Company only uses for currency hedging). There are no minimum environmental or social safeguards for such investments.

Is a specific index designated as a reference benchmark to determine whether this financial product is aligned with the environmental and/or social characteristics that it promotes?

No benchmark, no index, therefore not applicable.

- ***How is the reference benchmark continuously aligned with each of the environmental or social characteristics promoted by the financial product?***

Not Applicable

- ***How is the alignment of the investment strategy with the methodology of the index ensured on a continuous basis?***

Not Applicable

- ***How does the designated index differ from a relevant broad market index?***

Not Applicable

- ***Where can the methodology used for the calculation of the designated index be found?***

Not Applicable

Reference benchmarks are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.

Where can I find more product specific information online?

More product-specific information can be found on the website:

More information on the ESG policy may be obtained from <https://www.dynasty-am.lu/esg/>
